(3) In the light of the answer to the preceding Question, what measures or regime, if any, should be adopted or maintained by the Trail Smelter?

(4) What indemnity or compensation, if any, should be paid on account of any decision or decisions rendered by the Tribunal pursuant to the next two preceding Questions?

ARTICLE IV

When the development of the record is completed in accordance with Article V hereof the Governments shall forthwith cause to be forwarded to each member of the Tribunal a complete set of the statements, answers, evidence and arguments presented by their respective Agents to each other.

Meetings, etc.

After the delivery of the record to the members of the Tribunal in accordance with Article VI the Tribunal shall convene at a time and place to be agreed upon by the two Governments for the purpose of deciding upon such further procedure as it may be deemed necessary to take. In determining upon such further procedure and arranging subsequent meetings, the Tribunal will consider the individual or joint requests of the Agents of the two Governments.

ARTICLE VIII

Evidence and investigations.

The Tribunal shall hear such representations and shall receive and consider such evidence, oral or documentary, as may be presented by the Governments or by interested parties, and for that purpose shall have power to administer oaths. ARTICLE IX

Conduct of meetings, etc.

The Chairman shall preside at all hearings and other meetings of the Tribunal, and shall rule upon all questions of evidence and procedure. In reaching a final determination of each or any of the Questions, the Chairman and the two members shall each have one vote, and, in the event of difference, the opinion of the majority shall prevail, and the dissent of the Chairman or member, as the case may be, shall be recorded. The Tribunal, in determining the first question and in deciding upon the indemnity, if any, which should be paid in respect to the years 1932 and 1933, shall give due regard to the results of investigations and inquiries made in subsequent years.

Investigations permitted.

Investigators, whether appointed by or on behalf of the Governments, either jointly or severally, or the Tribunal, shall be permitted at all reasonable times to enter and view and carry on investigations upon any of the properties upon which damage is claimed to have occurred or to be occurring, and their reports may, either jointly or severally, be submitted to and received by the Tribunal for the purpose of enabling the Tribunal to decide upon any of the Questions.

Article XI

Report of decisions.

The Tribunal shall report to the Governments its final decisions, together with the reasons on which they are based, as soon as it has reached its conclusions in respect to the Questions, and within a period of three months after the conclusion of proceedings. Proceedings shall be deemed to have been concluded when the Agents of the two Governments jointly inform the Tribunal that they have nothing additional to present. Such period may be extended by agreement of the two Governments.

Upon receiving such report, the Governments may make arrangements for the disposition of claims for indemnity for damage, if any, which may occur subsequently to the period of time covered by such report.

Article XII

Measures for performing obligations.

The Governments undertake to take such action as may be necessary in order to ensure due performance of the obligations undertaken hereunder, in compliance with the decision of the Tribunal.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Multilateral Agreement concerning obligations of most-favored-nation clause. Preamble.

WHEREAS an Agreement to refrain from invoking the obligations of the most-favored-nation clause in respect of certain multilateral economic conventions, which was opened for signature in the Pan American Union on July 15, 1934, in accordance with a resolution adopted by the Seventh International Conference of American States on December 24, 1933, was signed ad referendum by the Plenipotentiary of the United States of America on September 20, 1934, and since that date, by the Plenipotentiaries of certain other countries, also ad referendum, the original of which Agreement, being in the English, Spanish, Portuguese and French languages, is word for word as follows:

Purposes declared.

The High Contracting Parties, desirous of encouraging the development of economic relations among the peoples of the world by means of multilateral conventions, the benefits of which ought not to inure to countries which refuse to assume the obligations thereof; and desirous also, while reaffirming as a fundamental doctrine the policy of equality of treatment, to develop such policy in a manner harmonious with the development of general economic rapprochement in which every country shall do its part; have decided to enter into an agreement for these purposes, as set forth in the following articles:

Las Altas Partes Contratantes, deseosas de fomentar el desarrollo de relaciones económicas entre los pueblos del mundo, por medio de convenciones multilaterales cuyos beneficios no deberían aprovechar los países que rehusen asumir las obligaciones; y a la vez que reafirmando como doctrina fundamental la política de igualdad de tratamiento, deseosas también de desarrollar esa política en armonía con el desenvolvimiento de una general aproximación económica en el cual cada país hará lo que le corresponda; han decidido celebrar una convención con ese fin, y al efecto han convenido en los artículos siguientes:

ARTICLE I

Nonapplication in respect of certain multilateral economic conventions.

The High Contracting Parties, with respect to their relations with one another, will not, except as provided in Article II hereof, invoke the obligations of the most-favored-nation clause for the purpose of obtaining from Parties to multilateral conventions of the type hereinafter stated, the advantages or benefits enjoyed by the Parties thereto.

The multilateral economic conventions contemplated in this article are those which are of general applicability, which include a trade area of substantial size, which have as their objective the liberalization and promotion of international trade or other international economic intercourse, and which are open to adoption by all countries.

ARTICULO I

Las Altas Partes Contratantes, en sus relaciones entre sí, salvo el caso previsto en el Artículo II, se comprometen a no invocar las obligaciones de la cláusula de la nación más favorecida, con el fin de obtener de las Partes en convenciones multilaterales del tipo mencionado de seguida, las ventajas o beneficios de que gozan las Partes en dichas convenciones.

Este artículo se refiere a las convenciones económicas multilaterales de aplicación general, que incluyen una área comercial de tamaño considerable, que tienen por objeto la liberalización y fomento del comercio u otro intercambio económico internacional y que estén abiertas a la participación de todos los países.

ARTICLE II

Treaty provisions between signatories.

Notwithstanding the stipulation of Article I, any High Contracting Party may demand, from a State with which it maintains a treaty containing the most-favored-nation clause, the fulfillment of that clause insofar as such High Contracting Party accords in fact to such State the benefits which it claims.

ARTICULO II

No obstante la estipulación del Artículo I, cualquiera Alta Parte Contratante puede pedir a un Estado con el cual mantiene un tratado que contiene la cláusula de la nación más favorecida, el cumplimiento de dicha cláusula en la medida en que tal Alta Parte Contratante acuerde de hecho a tal Estado los beneficios que ella reclama.

As Altas Partes Contratantes, desejosas de fomentar o desenvolvimento de relações econômicas entre os povos do mundo, por meio de convenções multilaterais, cujos benefícios não devem redundar em favor dos países que recusarem assumir as obrigações de tais convenções; e desejosas, outrossim, ao mesmo tempo que reafirmam como doutrina fundamental a política de igualdade de tratamento, de desdobrar tal política de um modo consentâneo com o desenvolvimento da aproximação econômica geral em que cada país fará a sua parte; decidiram, para êsse fim, entrar em um convênio, tal como se encontra estabelecido nos seguintes artigos:

ARTIGO I

As Altas Partes Contratantes, em suas relações mútuas, não invocarão, exceto no caso estabelecido no Artigo II do presente acôrdo, as obrigações da cláusula de nação mais favorecida com o fim de obter de Partes de uma convenção multilateral do tipo mais abaixo declarado, as vantagens ou benefícios de que gozem as Partes em tais convenções.

Este artigo se refere ás convenções multilaterais de aplicação geral, que incluam uma área comercial de tamanho considerável, que tenham como seu objetivo a liberalização e fomento do comércio internacional ou outro intercâmbio econômico internacional, e que estejam abertas á participação de todos os países.

ARTIGO II

Não obstante a estipulação do Artigo I, qualquer Alta Parte Contratante poderá pedir a um Estado com o qual mentenha um tratado contendo a cláusula de nação mais favorecida, o cumprimento dessa cláusula na medida em que tal Alta Parte Contratante conceda de fato a tal Estado os benefícios que ela reclama.

Les Hautes Parties Contractantes, désireuses de favoriser le développement des relations économiques entre les nations du monde au moyen de conventions multilatérales dont les avantages ne devraient pas s'étendre aux pays qui refusent d'en prendre les obligations; désireuses également, tout en confirmant comme doctrine fondamentale le principe de l'égalité de traitement, de faire progresser ce principe en harmonie avec le progrès d'un rapprochement général économique où chaque pays aura sa part; ont décidé, à ces fins, de conclure un accord aux termes des articles ci-après;

ARTICLE I

Les Hautes Parties Contractantes ne feront pas appel, dans leurs relations entre Elles, sauf dans les cas prévus à l'Article II du présent accord, aux obligations découlant de la clause de la nation la plus favorisée, dans le but de se procurer des pays Parties à des conventions multilatérales du genre exposé ci-après, les avantages ou bénéfices dont jouissent les Parties à ces conventions.

Le présent article vise les conventions économiques multilatérales susceptibles d'une application générale, qui englobent une zone commerciale sensiblement étendue, qui ont pour objet de faciliter et de stimuler le commerce international ou d'autres relations économiques internationales, et auxquelles tous les pays sont admis à adhérer.

ARTICLE II

Nonobstant les dispositions de l'Article I, toute Haute Partie Contractante peut demander à un État, avec lequel Elle aura un traité contenant la clause de la nation la plus favorisée, l'observation de cette clause, pour autant que ladite Haute Partie Contractante accorde en fait audit État les avantages qu'Elle réclame.

ARTICLE III

Operative date.

The present agreement is operative as respects each High Contracting Party on the date of signature by such Party. It shall be open for signature on behalf of any State and shall remain operative indefinitely, but any Party may terminate its own obligations hereunder three months after it has given to the Pan American Union notice of such intention.

Termination.

Signing *ad referendum*.

Notwithstanding the stipulations of the foregoing paragraph, any State desiring to do so may sign the present agreement *ad referendum*, which agreement in this case, shall not take effect, with respect to such State, until after the deposit of the instrument of ratification, in conformity with its constitutional procedure.

ARTICLE IV

Deposit of agreement.

This agreement is a single document in English, Spanish, Portuguese and French, all of which texts are equally authoritative. It shall be deposited with the Pan American Union, which is charged with the duty of keeping it open for signature or resignature indefinitely, and with transmitting certified copies, with invitations to become parties, to all of the States of the world. In performing this function, the Pan American Union may invoke the assistance of any of its members signatory hereto.

Signatures.

IN WITNESS WHEREOF, the undersigned Plenipotentiaries have signed this agreement on behalf of their respective Governments, and have affixed hereto their seals on the dates appearing opposite their signatures.

Open for signature.

Opened for signature by the Pan American Union, in accordance with a resolution of the Seventh International Conference of American States, this fifteenth day of July, 1934, at Washington.

ARTICULO III

El presente convenio entrará en vigor respecto de cada una de las Altas Partes Contratantes desde la fecha de su firma por dicha Parte Contratante, quedará abierto a la firma de todos los Estados, y permanecerá indefinidamente en vigor, pero cualquiera de las Partes puede terminar las obligaciones contraídas por el convenio tres meses después de haber notificado su intención a la Unión Panamericana.

Al ejercer esa función la Unión Panamericana puede invocar la cooperación de cualquiera de sus miembros signatarios de este convenio.

EN FE DE LO CUAL, los suscritos Plenipotenciarios han firmado y sellado este acuerdo en nombre de sus respectivos Gobiernos, en las fechas indicadas junto a sus firmas.

Abierto a la firma por la Unión Panamericana, en conformidad con una resolución de la Séptima Conferencia Internacional Americana, hoy quince de julio de mil novecientos treinta y cuatro, en la ciudad de Wáshington.

ARTIGO III

O presente convênio entrará em vigor, relativamente a cada Alta Parte Contratante, na data da sua assinatura pela dita Parte Contratante. Ficará aberto á assinatura de qualquer Estado e permanecerá em vigor indefinidamente, podendo, porém, qualquer das Partes terminar as suas própias obrigações constantes da presente convenção tres mêses após ter notificado á União Panamericana essa intenção.

Não obstante as estipulações do parágrafo anterior, qualquer Estado que assim o desejar, poderá assinar *ad referendum* o presente convênio, que nesse caso não entrará em vigor relativamente ao dito Estado senão depois do depósito do instrumento de ratificação conforme o seu procedimento constitucional.

ARTIGO IV

O original dêste convênio, redigido em português, espanhol, francês e inglês, tendo todos êsses textos a mesma autoridade, será depositado na União Panamericana, a qual fica encarregada de o manter indefinidamente aberto á assinatura e reassinatura, e de transmitir cópias certificadas, juntamente com convites para se tornarem partes, a todos os Estados do mundo. Ao desempenharse desta atribuição, a União Panamericana poderá solicitar o auxílio de qualquer dos seus membros que seja signatário dêste convênio.

Le présent accord produira effet pour chaque Haute Partie Contractante, le jour de sa signature par ladite Partie. Tout État sera admis à le signer et il restera en vigueur pendant un temps indéterminé; mais toute Partie pourra mettre fin aux engagements qu'Elle y aura pris, trois mois après avoir notifié son intention à cet effet à l'Union Panaméricaine.

Nonobstant les dispositions de l'alinéa précédent, tout État pourra, s'il le désire, signer le présent accord *ad referendum;* ledit accord, dans ce cas, ne produira effet pour ledit État, qu'après le dépôt de l'instrument de ratification, suivant sa procédure constitutionnelle.

Purposes.

The High Contracting Parties, animated by the purpose of giving conventional form to the postulates of the Resolution approved on December 16, 1933, by all the States represented at the Seventh International Conference of American States, held at Montevideo, which recommended to "the Governments of America which have not yet done so that they sign the 'Roerich Pact', initiated by the Roerich Museum in the United States, and which has as its object, the universal adoption of a flag, already designed and generally known, in order thereby to preserve in any time of danger all nationally and privately owned immovable monuments which form the cultural treasure of peoples", have resolved to conclude a treaty with that end in view, and to the effect that the treasures of culture be respected and protected in time of war and in peace, have agreed upon the following articles:

Dans tout aérodrome, et sous réserve du transport de malades par un aéronef qui leur soit spécialement affecté, l'autorité compétente, sur l'avis du médecin attaché à l'aérodrome, a le droit d'interdire l'embarquement des personnes présentant des symptômes de maladies infectieuses.

S'il n'y a pas de médecin présent, l'autorité compétente de l'aérodrome peut différer le départ desdites personnes, jusqu'à ce qu'elle ait pris l'avis d'un médecin à leur sujet.

ARTICLE 13

The competent authority of any aerodrome may, on the advice of the medical officer attached to the aerodrome, prohibit the embarkation of persons with symptoms of infectious disease, except in the case of the transport of sick persons by aircraft specially allocated for the purpose.

Si, à bord d'un aéronef, il existe un cas d'une maladie infectieuse non visée dans la Troisième Partie de la présente Convention, confirmé par le médecin de l'aérodrome, on appliquera les mesures ordinaires en vigueur dans le pays où l'aérodrome se trouve. Le malade pourra être débarqué et, si l'autorité sanitaire compétente le juge à propos, isolé dans un local approprié; les autres passagers et l'équipage auront la faculté de reprendre le voyage, après visite médicale et, s'il y a lieu, exécution des mesures sanitaires appropriées.

Celles de ces mesures sanitaires qui sont applicables sur l'aérodrome devront être combinées avec les opérations de police et de douane de manière à ne retenir l'aéronef que le moins de temps possible.

the High Contracting Parties may regulate the procedure which may be applied to aircraft.

It is for each High Contracting Party to determine whether measures should be applied, within the limits of the present convention, to arrivals from a foreign local area or aerodrome.

In this respect, information received and measures already applied shall, in accordance with article 54 of the present convention, be taken into the fullest possible account.

ARTICLE 22

For the purpose of part III of the present convention, a local area is considered to be infected when the conditions specified in the International Sanitary Convention of June 21, 1926,* are applicable to it.

ARTICLE 23

The measures to be applied on the departure of aircraft from a local area infected by one of the diseases mentioned in this chapter are the following:

*According to the terms of the International Sanitary Convention of June 21, 1926, art. 10 and the first paragraph of art. 11, a local area is considered "infected" by one of the diseases in question in the following circumstances: For *plague* and *yellow fever*, when the first case recognized as nonimported is reported; for *cholera*, when forming a "foyer"—that is, when the occurrence of new cases outside the immediate surroundings of the first cases proves that the spread of the disease has not been confined to the place where it began; for *exanthematous typhus* and *smallpox*, when they appear in epidemic form. [Footnote in the original.]

1°. nettoyage à fond de l'aéronef, surtout des parties pouvant se prêter à la contamination;

2°. visite médicale des passagers et de l'équipage;

3°. exclusion de toute personne présentant des symptômes de l'une des maladies visées, ainsi que des personnes de l'entourage des malades se trouvant dans des conditions telles qu'elles puissent transmettre la maladie;

4°. visite des effets personnels, qui ne seront admis qu'en état de propreté suffisante;

5°. en cas de peste, dératisation, s'il y a lieu de soupçonner l'existence de rats à bord;

6°. en cas de typhus exanthématique, désinsectisation, limitée aux personnes qui, à la suite de la visite médicale, pourront être regardées comme susceptibles de transmettre l'infection, ainsi qu'à leurs bagages.

Les documents de bord seront pourvus des annotations conformes aux dispositions de l'article 9.

1. Thorough cleansing of the aircraft, especially the parts liable to be contaminated;

2. Medical inspection of passengers and crew;

3. Exclusion of any person showing symptoms of one of the diseases in question, as well as of persons in such close relation with the sick as to render them liable to transmit the infection of these diseases;

4. Inspection of personal effects, which shall only be accepted if in a reasonable state of cleanliness;

5. In the case of plague, deratization, if there is any reason to suspect the presence of rats on board;

6. In case of exanthematous typhus, disinsectization, limited to persons who, after medical inspection, are considered as likely to convey infection, and to their effects.

The aircraft's papers shall be annotated in accordance with the requirements of article 9.

SECTION II.

Mesures à l'arrivée.

ARTICLE 24.

Les aéronefs, même venant d'une circonscription atteinte de l'une des maladies auxquelles s'applique le présent Chapitre, peuvent atterrir dans tous les aérodromes autorisés. Toutefois, chacune des Hautes Parties contractantes aura la faculté, si les conditions épidémiologiques l'exigent, d'imposer aux aéronefs en provenance de certaines circonscriptions l'obligation d'atterrir sur des aérodromes sanitaires ou autorisés déterminés, compte tenu de la position géographique de ces aérodromes et des trajets suivis par les aéronefs, de manière à ne pas entraver la navigation aérienne.

Measures on Arrival

ARTICLE 24

Measures on arrival.

Aircraft, even when coming from a local area infected by one of the diseases to which this chapter applies, may land at any authorized aerodrome. Nevertheless, each High Contracting Party, if epidemiological conditions demand such action, has the right to require aircraft coming from particular local areas to land at prescribed sanitary or authorized aerodromes, account being taken of the geographical position of those aerodromes and of the routes followed by the aircraft, in such manner as not to hamper aerial navigation.

The only measures which, if necessary, may be taken at authorized aerodromes which are not also sanitary aerodromes are the

Les passagers et l'équipage ne pourront pas franchir les limites fixées par l'autorité de l'aérodrome, sauf autorisation du médecin chargé de la visite. Cette interdiction pourra être imposée dans les escales à l'aéronef jusqu'à ce qu'il atterrisse dans un aérodrome sanitaire, où il subira les mesures prévues au présent Chapitre.

medical inspection of crew and passengers and the landing and isolation of the sick. Passengers and crew may not move beyond the limits prescribed by the aerodrome authority except with the permission of the visiting medical officer. This restriction may continue to be imposed on the aircraft at each landing place until it arrives at a sanitary aerodrome, where it will be subject to the measures laid down in this chapter.

ARTICLE 25.

Commander's duties on arrival.

Le commandant de l'aéronef est tenu, dès l'atterrissage, de se mettre à la disposition de l'autorité sanitaire, de répondre à toute demande de renseignements sanitaires qui lui sera faite par le service compétent et de présenter, pour examen, les documents de bord.

Au cas où laéronef, en pénétrant sur un territoire, atterrirait en dehors d'un aérodrome sanitaire ou autorisé, le commandant de l'aéronef devra, si l'aéronef provient d'une circonscription atteinte ou est lui-même atteint, en faire la déclaration à l'autorité locale la plus proche, qui prendra les dispositions compatibles avec les circonstances en s'inspirant des principes généraux de la présente Convention et dirigera, si possible, l'aéronef sur un aérodrome sanitaire. Aucune marchandise ne sera débarquée et aucun passager ou membre de l'équipage ne pourra s'éloigner de l'aéronef sans l'autorisation de l'autorité sanitaire compétente.

ARTICLE 25

The commander of the aircraft is required, on landing, to place himself at the disposal of the sanitary authority, to answer all requests for information affecting public health which are made to him by the competent service, and to produce the aircraft's papers for examination.

Should an aircraft, on entering a territory, land elsewhere than on a sanitary or authorized aerodrome, the commander of the aircraft shall, if the aircraft comes from an infected local area or is itself infected, notify the nearest local authority to this effect, and the latter shall take such measures as are appropriate to the circumstances, being guided by the general principles on which the present convention is based, and shall, if possible, direct the aircraft to a sanitary aerodrome. No cargo shall be unloaded and no passenger or member of the crew may leave the vicinity of the aircraft without the permission of the competent sanitary authority.

ARTICLE 26.

Replacing surveillance by observation.

Pour l'application de la présente Convention, la surveillance ne peut pas être remplacée par l'observation, sauf:

(*b*) if the risk of the introduction of infection into the country is considered to be exceptionally serious; or

c) si la personne devant être soumise à la surveillance ne présente pas des garanties sanitaires suffisantes.

Les personnes soumises à l'observation ou à la surveillance doivent se prêter à toutes recherches que l'autorité sanitaire juge nécessaires.

a) être situé à une distance adéquate du centre habité le plus proche;

b) être pourvu d'un système d'approvisionnement en eau complètement protégé contre les moustiques et être débarrassé, dans toute la mesure possible, des moustiques au moyen de mesures systématiquement destinées à supprimer les gîtes et à détruire les insectes à tous les stades de leur développement;

c) être pourvu de logements protégés contre les moustiques, pour les équipages des aéronefs et pour le personnel de l'aérodrome;

d) être pourvu d'un bâtiment d'habitation protégé contre les moustiques, dans lequel les passagers pourront être logés ou hospitalisés en cas d'application des mesures prévues ci-après aux articles 42 et 44.

SECTION II

Provisions Concerning Regions in Which Yellow Fever Is Discovered or Exists in the Endemic Form

ARTICLE 38

Notwithstanding article 4 of the present convention and subject to the terms of article 46 hereafter, every aerodrome which receives aircraft to which article 1, I, second paragraph, applies and which is situated in a region, that is to say, a part of a territory, in which yellow fever exists in a form clinically or biologically recognizable, shall become a sanitary aerodrome as defined in the present convention and, in addition, shall be—

(*a*) situated at an adequate distance from the nearest inhabited center;

(*b*) provided with arrangements for a water supply completely protected against mosquitoes, and kept as free as possible from mosquitoes by systematic measures for the suppression of breeding places and the destruction of the insects in all stages of development;

(*c*) provided with mosquito-proofed dwellings for the crews of the aircraft and for the staff of the aerodrome;

(*d*) provided with a mosquito-proofed dwelling in which passengers can be accommodated or hospitalized when it is necessary to apply the measures specified in articles 42 and 44 below.

ARTICLE 39.

Si, dans la région où la fièvre jaune est constatée ou existe à l'état endémique, il n'y a pas déjà un aérodrome répondant aux conditions spécifiées à l'article qui précède, toute navigation aérienne de cette région vers un autre territoire sera suspendue jusqu'à ce qu'un tel aérodrome ait été installé.

ARTICLE 39

If, in the region where yellow fever has occurred or exists in an endemic form, there is not already an aerodrome fulfilling the conditions specified in the preceding article, all aerial navigation from this region to any other territory shall be suspended until such an aerodrome has been established.

Suspension of navigation until aerodrome fulfilling conditions is established.

ARTICLE 40.

Tout aérodrome établi et équipé conformément aux dispositions de l'article 38 ci-dessus sera appelé aérodrome *antiamaril* et considéré comme formant une circonscription séparée. La création d'un tel aérodrome devra être notifiée, par la Haute Partie contractante sur le territoire de laquelle il est situé, aux autres Hautes Parties contractantes et soit à l'Office international d'Hygiène publique, soit à la Commission internationale de la Navigation aérienne, dans les conditions prévues à l'article 7. Par suite de cette notification, la déclaration de l'existence de la fièvre jaune dans une ville ou un village adjacents ou dans une autre circonscription ne s'appliquera pas à l'aérodrome. Ledit aérodrome ne pourra être déclaré atteint que si des cas de fièvre jaune se sont produits parmi les personnes y résidant.

ARTICLE 40

Every aerodrome established and equipped in accordance with the provisions of article 38 above shall be called an "anti-amaril" aerodrome and shall be deemed to be a separate local area. The creation of such an aerodrome shall be notified, by the High Contracting Party in whose territory it is situated, to the other High Contracting Parties and either to the Office International d'Hygiène Publique or to the International Commission for Air Navigation, under the conditions laid down in article 7. Consequent on this notification, the declaration of the presence of yellow fever in an adjacent town or village or in another local area shall not apply to the aerodrome, and the aerodrome shall not be declared infected unless yellow fever occurs among the persons residing therein.

Ante, p. 3282.

ARTICLE 41.

Si un aérodrome antiamaril devient une circonscription atteinte, la navigation aérienne de cet aérodrome vers tout autre territoire sera interrompue jusqu'à ce que toutes les mesures destinées à le libérer de l'infection aient été prises et que tous les risques de propagation de la fièvre jaune aient disparu.

ARTICLE 41

If an anti-amaril aerodrome becomes an infected local area, aerial navigation from that aerodrome to any other territory shall be discontinued until all measures have been taken to free it from infection and all risk of the spread of the yellow fever has ceased.

When local area infected.

ARTICLE 42.

Dans le cas où l'aérodrome antiamaril n'est pas contaminé, mais où la fièvre jaune existe dans la région, les mesures suivantes

seront prises au départ ou, en tout cas, le moins de temps possible avant le départ d'un aéronef:

1°. inspection de l'aéronef et de sa cargaison, pour s'assurer qu'ils ne contiennent pas de moustiques, et démoustication éventuelle. Mention en devra figurer au carnet de route;

2°. inspection médicale des passagers et des membres de l'équipage; ceux qui sont suspects d'être atteints de fièvre jaune ou pour lesquels il est dûment établi qu'ils ont été exposés à l'infection amarile seront astreints à rester sous observation soit dans l'enceinte de l'aérodrome, soit ailleurs dans des conditions approuvées par l'autorité sanitaire, jusqu'a ce qu'ils aient complété une période de six jours, à compter du dernier jour où ils ont été exposés à l'infection;

3°. les noms des passagers et des membres de l'équipage seront inscrits au carnet de route, ainsi que les renseignements touchant leur exposition à l'infection, la durée et les conditions de l'observation subie par eux avant le départ.

1. Inspection of the aircraft and cargo to insure that they do not contain mosquitoes and, if necessary, disinsectization. A record of this inspection and any action taken shall be entered in the journey logbook;

2. Medical inspection of passengers and crew; those who are suspected to be suffering from yellow fever or in whose case it has been duly established that they have been exposed to the infection of yellow fever shall be required to remain under observation either within the precincts of the aerodrome or elsewhere, under conditions approved by the sanitary authority, until 6 days have elapsed since the last day on which they were exposed to infection;

3. The names of the passengers and crew shall be entered in the journey logbook, together with the relevant information with regard to their exposure to infection and the period and conditions of observation which they have undergone prior to departure.

ARTICLE 43.

Aircraft from uninfected area at anti-amaril aerodrome for supplies.

Tout aéronef en transit, ne venant pas d'une région où la fièvre jaune existe et faisant escale pour se ravitailler dans un aérodrome antiamaril, sera dispensé des mesures sanitaires prévues au départ de cet aérodrome. Dans la suite de son voyage, il ne sera pas soumis aux dispositions du présent chapitre, à la condition que le carnet de route porte la mention qu'il n'a touché l'aérodrome antiamaril que pour se ravitailler.

ARTICLE 43

Aircraft in transit, not coming from a region in which yellow fever exists and landing for the purpose of taking in supplies in an anti-amaril aerodrome, shall be exempt from the prescribed sanitary measures on leaving that aerodrome. In the further course of the voyage they shall not be subject to the provisions of this chapter, provided that the fact that they have called at an anti-amaril aerodrome for the sole purpose of taking in supplies is entered in the journey logbook.

Au cours de leur voyage entre ces aérodromes, les aéronefs pourront faire escale, pour se ravitailler, dans tout aérodrome non situé dans une région où existe la fièvre jaune.

Les mesures à prendre à l'arrivée à l'aérodrome antiamaril seront les suivantes:

1°. inspection de l'aéronef et de sa cargaison, pour s'assurer qu'ils ne contiennent pas de moustiques, et démoustication éventuelle;

2°. examen médical des passagers et des membres de l'équipage, pour s'assurer qu'ils ne présentent pas de symptômes de fièvre jaune.

Si une personne est soupçonnée d'être atteinte de fièvre jaune, ou s'il n'est pas établi, à la satisfaction de l'autorité sanitaire de l'aérodrome d'arrivée, qu'une personne a complété une période de six jours depuis qu'elle a pu être exposée à l'infection, l'observation pourra lui être imposée, soit dans l'enceinte de l'aérodrome, soit ailleurs, dans des conditions approuvées par l'autorité sanitaire, pendant une période ne dépassant pas six jours à compter du dernier jour où ladite personne a pu être infectée.

ARTICLE 45.

Les aéronefs ayant pris leur départ de l'aérodrome antiamaril dans une région où existe la fièvre jaune et arrivant dans une région où elle n'existe pas seront régis par les dispositions des Sections III et IV ci-après.

ARTICLE 46.

Aux fins de la navigation aérienne locale, rien dans la présente Section ne sera considéré comme empêchant les Gouvernements de territoires voisins dans lesquels la fièvre jaune est constatée ou existe à l'état endémique d'établir

Measures provided.

The measures to be taken on arrival at the anti-amaril aerodrome are the following:

1. Inspection of the aircraft and cargo to insure that they do not contain mosquitoes and, if necessary, disinsectization;

2. Medical examination of passengers and crew to ascertain that they are free from symptoms of yellow fever.

Suspected persons subject to observation.

If a person is suspected to be suffering from yellow fever, or if it has not been established to the satisfaction of the sanitary authority of the aerodrome of arrival that a person has completed a period of 6 days since possible exposure to infection, he may be subjected to observation, either within the precincts of the aerodrome or elsewhere, under conditions approved by the sanitary authority, for a period not exceeding 6 days, reckoned from the last day on which that person could have been infected.

ARTICLE 45

From an infected to an uninfected region.

Aircraft having departed from an anti-amaril aerodrome in a region where yellow fever exists and arriving at a region where yellow fever does not exist shall be subject to the provisions of sections III and IV below.

Cholera and smallpox.
Ante, pp. 3293, 3294.

En ce qui concerne le choléra et la variole, les dispositions des articles 32 et 35, relatives aux personnes immunisées, s'appliquent également aux mesures prévues au présent article.

ARTICLE 53.

Persons liable to surveillance in transit.

Les personnes qui, à leur arrivée à un aérodrome, sont considérées, aux termes des dispositions de la présente Partie, comme passibles de la surveillance jusqu'à expiration de la période d'incubation de la maladie peuvent néanmoins continuer leur voyage, à la condition que le fait soit notifié aux autorités des escales suivantes et du lieu de destination, soit par inscription au carnet de route visé à l'article 9 de la présente Convention, soit par tout autre moyen propre à assurer qu'elles pourront être soumises à la visite médicale à chacun des aérodromes suivants situés sur leur route.

Under observation.
Ante, pp. 3290, 3298, 3300.

Celles qui seraient passibles de l'observation, dans les conditions prévues aux articles 26, 44, quatrième alinéa, et 47, deuxième alinéa, de la présente Convention, ne pourront être autorisées à continuer le voyage qu'à l'expiration de la période d'incubation, sauf—pour les maladies autres que la fièvre jaune—avec l'approbation des autorités sanitaires du lieu de destination.

ARTICLE 54.

Application of sanitary measures.

L'autorité sanitaire de chaque aérodrome tiendra compte le plus largement possible, pour l'application des mesures sanitaires à un aéronef en provenance d'une circonscription atteinte, de celles qui auront déjà été imposées à cet aéronef, dans un autre aérodrome sanitaire d'un pays étranger ou du même pays, et dûment notées au carnet de route visé à l'article 9 de la présente Convention.

In the case of cholera and smallpox, the provisions of articles 32 and 35, relating to immunized persons, equally apply to action under this article.

ARTICLE 53

Persons who, on their arrival at an aerodrome, are considered, under the terms of this part, liable to surveillance up to the expiration of the period of incubation of the disease, may nevertheless continue the voyage, on condition that the fact is notified to the authorities of subsequent landing places and of the place of arrival, either by means of an entry in the journey logbook as prescribed in article 9 of the present convention, or by some other method sufficient to secure that they can be subjected to medical inspection in any subsequent aerodromes on the route.

Persons who are liable to observation under the terms of articles 26, 44 (fourth paragraph), and 47 (second paragraph) of this convention, shall not be authorized until the expiration of the period of incubation to continue their voyage except, in the case of diseases other than yellow fever, with the approval of the sanitary authorities of the place of their destination.

ARTICLE 54

In applying sanitary measures to an aircraft coming from an infected local area, the sanitary authority of each aerodrome shall, to the greatest possible extent, take into account all measures which have already been applied on the aircraft, in another sanitary aerodrome abroad or in the same country, and which are duly noted in the journey logbook referred to in article 9 of the present convention.

Les aéronefs, en provenance d'une circonscription atteinte, qui auront été l'objet de mesures sanitaires appliquées d'une façon satisfaisante ne subiront pas une seconde fois ces mesures à leur arrivée dans un autre aérodrome, que celui-ci appartienne ou non au même pays, à la condition qu'il ne se soit produit depuis lors aucun incident entraînant l'application desdites mesures et que l'aéronef n'ait pas fait escale dans un aérodrome atteint, sauf pour s'approvisionner en combustible.

Aircraft coming from an infected local area which have already been subjected to satisfactory sanitary measures shall not be subjected to these measures a second time on arrival at another aerodrome, whether the latter belongs to the same country or not, provided that no subsequent incident has occurred which calls for the application of the sanitary measures in question and that the aircraft has not called at an infected aerodrome except to take in fuel.

ARTICLE 55.

L'autorité de l'aérodrome qui applique des mesures sanitaires délivrera gratuitement, au commandant de l'aéronef ou à toute personne intéressée, toutes les fois que la demande en sera faite, un certificat spécifiant la nature des mesures, les méthodes employées, les parties de l'aéronef traitées et les raisons pour lesquelles les mesures ont été appliquées.

Elle délivrera, de même, gratuitement, sur demande, aux passagers arrivés par un aéronef sur lequel serait survenu un cas des maladies infectieuses visées à l'article 18, un certificat indiquant la date de leur arrivée et les mesures auxquelles eux et leurs bagages ont été soumis.

ARTICLE 55

Certificate from aerodrome authority; contents.

The aerodrome authority applying sanitary measures shall, whenever requested, furnish free of charge to the commander of the aircraft or any other interested person a certificate specifying the nature of the measures, the methods employed, the parts of the aircraft treated, and the reason why the measures have been applied.

The authority shall also issue, on demand and without charge, to passengers arriving by an aircraft in which a case of one of the infectious diseases referred to in article 18 has occurred, a certificate showing the date of their arrival and the measures to which they and their luggage have been subjected.

Ante, p. 3287.

ARTICLE 56.

Sauf dans les cas expressément prévus par la présente Convention, les aéronefs ne devront pas être retenus pour des motifs sanitaires.

Si un aéronef a été occupé par un malade atteint de peste, de choléra, de fièvre jaune, de typhus exanthématique ou de variole, il ne sera retenu que le temps strictement nécessaire pour être soumis aux mesures prophylactiques applicables a l'aéronef dans chaque cas prévu par la présente Convention.

ARTICLE 56

Detention of aircraft for sanitary reasons.

Save as expressly provided in the present convention, aircraft shall not be detained for sanitary reasons.

If an aircraft has been occupied by a person suffering from plague, cholera, yellow fever, exanthematous typhus, or smallpox, its detention shall be limited to the period strictly necessary for it to undergo the prophylactic measures applicable to the aircraft in the case of each disease referred to in the present convention.

ARTICLE 57.

Discretionary landings. *Ante*, pp. 3295, 3300.

Sous réserve des dispositions du Chapitre II de la présente Convention et notamment de son article 47, tout aéronef qui ne veut pas se soumettre aux obligations imposées par l'autorité de l'aérodrome, en vertu des stipulations de la présente Convention, est libre de continuer sa route. Il ne pourra, toutefois, s'arrêter dans un autre aérodrome du même pays, sauf pour s'y ravitailler.

Discharging cargo. *Ante*, p. 3285.

Il sera autorisé à débarquer ses marchandises, à la condition qu'il soit isolé et que les marchandises soient soumises, le cas échéant, aux mesures prévues à l'article 10 de la présente Convention.

Passengers.

Il sera également autorisé à débarquer les passagers qui en feront la demande, à la condition que ceux-ci se soumettent aux mesures prescrites par l'autorité sanitaire.

Taking in fuel, etc.

L'aéronef peut aussi embarquer du combustible, des pièces de rechange, des vivres et de l'eau en restant isolé.

ARTICLE 57

Subject to the provisions of chapter II of the present convention and particularly those of article 47, any aircraft which does not wish to submit to the measures prescribed by the aerodrome authority, in virtue of the provisions of the present convention, is at liberty to continue its voyage. It may not, however, land in another aerodrome of the same country, except for purposes of taking in supplies.

An aircraft shall be permitted to land goods on condition that it is isolated and that the goods are subjected, if necessary, to the measures laid down in article 10 of the present convention.

Aircraft shall also be permitted to disembark passengers at their request, on the condition that such passengers submit to the measures prescribed by the sanitary authority.

Aircraft may also take in fuel, replacements, food, and water while remaining in isolation.

Dispositions finales.

ARTICLE 58.

Bilateral agreements permitted. *Ante*, p. 3295.

Deux ou plusieurs des Hautes Parties contractantes ont la faculté de conclure entre elles, sur la base des principes de la présente Convention, des accords spéciaux touchant des points particuliers de la réglementation sanitaire aérienne, notamment en ce qui concerne l'application sur leurs territoires du Chapitre II de la Troisième Partie.

Notice of agreements. *Ante*, p. 3282.

Ces accords, ainsi que ceux visés à l'article 46, devront être notifiés, dès leur mise en vigueur, soit à l'Office international d'Hygiène publique, soit à la Commission internationale de la Navigation aérienne, dans les conditions prévues à l'article 7.

Part IV

Final Provisions

ARTICLE 58

Any two or more High Contracting Parties have the right to conclude between themselves, on the basis of the principles of the present convention, special agreements relating to particular points concerning aerial sanitary measures, notably as regards the application within their territories of chapter II of part III.

These agreements, as well as those referred to in article 46, shall be notified, as soon as they come into force, either to the Office International d'Hygiène Publique, or to the International Commission for Air Navigation, under the conditions laid down in article 7.

ARTICLE 59.

Les Hautes Parties Contractantes conviennent de demander l'avis du Comité permanent de l'Office international d'Hygiène publique, avant d'avoir recours à toute autre procédure, au cas où un dissentiment s'élèverait entre elles relativement à l'interprétation de la présente Convention.

ARTICLE 60.

Sans préjudice de la disposition prévue au dernier alinéa de l'article 12, les Hautes Parties contractantes s'engagent à appliquer, pour les opérations sanitaires dans leurs aérodromes, aux aéronefs des autres Hautes Parties contractantes le même tarif qu'à leurs aéronefs nationaux.

Ce tarif sera aussi modéré que possible et notifié soit à l'Office international d'Hygiène publique, soit à la Commission internationale de la Navigation aérienne, dans les conditions prévues à l'article 7.

ARTICLE 61.

Toute Haute Partie contractante qui désirera voir apporter des modifications à la présente Convention devra communiquer ses propositions au Gouvernement des Pays-Bas. Celui-ci en saisira l'Office international d'Hygiène publique, qui, s'il le juge opportun, rédigera un protocole amendant la Convention et le transmettra au Gouvernement des Pays-Bas.

Le Gouvernement des Pays-Bas soumettra par circulaire datée le texte dudit protocole aux Gouvernements des autres Hautes Parties contractantes, en leur demandant s'ils, acceptent les modifications proposées. L'adhésion de chacune des Hautes Parties contractantes à ces modifications résultera soit d'une approbation expresse donnée au Gouvernement des Pays-Bas, soit du fait qu'elle se sera abstenue de notifier à celui-ci des objections dans les douze mois à partir de la date de la circulaire susvisée.

ARTICLE 59

Recourse in case of disagreement.

The High Contracting Parties agree to seek the opinion of the Permanent Committee of the Office International d'Hygiène Publique, before having recourse to any other procedure, should any disagreement arise between them as to the interpretation of the present convention.

ARTICLE 60

Charges for sanitary operations.
Ante, p. 3285.

Without prejudice of the provisions of the last paragraph of article 12, the High Contracting Parties undertake to apply the same tariff of charges to the aircraft of other High Contracting Parties as they apply to their own national aircraft for sanitary operations in their aerodromes.

This tariff shall be as moderate as possible and shall be notified either to the Office International d'Hygiène Publique or to the International Commission for Air Navigation, under the conditions laid down in article 7. *Ante*, p. 3282.

ARTICLE 61

Modifications in Convention.

Any High Contracting Party which desires to introduce modifications in the present convention shall communicate its proposals to the Government of the Netherlands. The latter will inform the Office International d'Hygiène Publique, which, if it thinks fit, will prepare a protocol amending the convention and will transmit it to the Government of the Netherlands.

The Government of the Netherlands will submit, by dated circular letter, the text of the said protocol to the governments of the other High Contracting Parties, asking them if they accept the proposed modifications. The accession of a High Contracting Party to these modifications will result either from explicit approval given to the Government of the Netherlands or from the fact that it refrains from notifying the latter of any objection within 12 months from the date of the circular letter above referred to.

Lorsque le nombre des adhésions expresses ou tacites représentera les deux tiers au moins des Gouvernements des Hautes Parties contractantes, le Gouvernement des Pays-Bas le constatera au moyen d'un procès-verbal qu'il communiquera à l'Office international d'Hygiène publique et aux Gouvernements de toutes les Hautes Parties contractantes. Le protocole entrera en vigueur, entre les Hautes Parties contractantes mentionnées audit procès-verbal, à l'expiration d'un délai de six mois à partir de la date de ce procès-verbal. La présente Convention continuera à être appliqueé sans modification par les autres Hautes Parties contractantes jusqu'au jour où elles auront adhéré au protocole.

When the number of expressed or tacit accessions represents at least two-thirds of the governments of the High Contracting Parties, the Government of the Netherlands will certify the fact by means of a *procès-verbal* which it will communicate to the Office International d'Hygiène Publique and to the governments of all the High Contracting Parties. The protocol will enter into force between the High Contracting Parties mentioned in the said *procès-verbal*, after a period of 6 months from the date of the *procès-verbal*. The present convention will continue to be applied without modification by the other High Contracting Parties until such time as they shall have acceded to the protocol.

ARTICLE 62.

Date; open one year for signature.

La présente Convention portera la date de ce jour et pourra être signée pendant la durée d'un an à partir de cette date.

ARTICLE 62

The present convention shall bear today's date and may be signed within 1 year from this date.

ARTICLE 63.

Ratification.

La présente Convention sera ratifiée et les instruments de ratification seront remis au Gouvernement des Pays-Bas aussitôt que faire se pourra.

Dès que dix ratifications auront été déposées, le Gouvernement des Pays-Bas en dressera procès-verbal. Il transmettra des copies de ce procès-verbal aux Gouvernements des Hautes Parties contractantes et à l'Office international d'Hygiène publique. La présente Convention entrera en vigueur le cent-vingtième jour après la date dudit procès-verbal.

Chaque dépôt ultérieur de ratifications sera constaté par un procès-verbal établi et communiqué selon la procédure indiquée ci-dessus. La présente Convention entrera en vigueur à l'égard de chacune des Hautes Parties contractantes le cent-vingtième jour après la date du procès-verbal constatant le dépôt de ses ratifications.

ARTICLE 63

le payement est fait, est tenu de rembourser le montant de l'indemnité au pays qui a payé pour son compte. Ce remboursement doit se faire sans délai, et, au plus tard, au bout de neuf mois après réception de la notification du payement.

2. Les remboursements de cette nature doivent être faits sans frais pour le pays créditeur, au moyen d'un mandat ou d'une traite, en monnaie ayant cours dans le pays créditeur, ou par tout autre moyen qui pourra être convenu d'un commun accord, par correspondance.

3. Les remboursements d'indemnités de pays à pays seront faits sur la base du franc or.

ARTICLE 19.

PAYEMENT DE L'INDEMNITÉ EN CAS DE COLIS RÉEXPÉDIÉS.

Insured parcel forwarded to a third country.

Dans le cas où un colis assuré, réexpédié par l'Administration destinataire sur un pays n'ayant pas adhéré à la présente Convention a été perdu, spolié ou avarié en cours de route, entre le lieu d'où il a été réexpédié et le lieu de destination définitive, l'ayant droit est indemnisé dans les limites fixées par les accords en vigueur dans les relations entre l'office réexpéditeur et l'office auquel le colis a été réexpédié.

En cas de réexpédition faite, par erreur, par l'Administration destinataire sur un pays n'ayant pas adhéré à la présente Convention, l'office réexpéditeur est responsable envers l'ayant droit, dans les limites fixées par ladite Convention.

ARTICLE 20.

PERTE, SPOLIATION OU AVARIE CONSTATÉES AU MOMENT DE LA RÉCEPTION DES DÉPÊCHES.

Loss, etc., detected when mails received.

La responsabilité, pour la perte, la spoliation ou l'avarie d'un colis assuré, qui sont constatées par le bureau d'échange destinataire, au moment de l'ouverture des dé-

made is bound to repay the amount of the indemnity to the country which has made payment on its behalf. That reimbursement must be effected without delay, and at the latest at the expiration of nine months after receipt of the notification of payment.

2. Reimbursements of this kind must be effected without expense for the creditor country, by means of a money order or a draft, in money valid in the creditor country, or by any other means which may be agreed upon by mutual consent through correspondence.

3. Repayments of indemnities by one country to the other will be made on the basis of the gold franc.

ARTICLE 19.

PAYMENT OF THE INDEMNITY (IN CASE OF FORWARDED PARCELS).

In case that an insured parcel forwarded by the Administration of destination to a country which has not adhered to the present Convention has been lost, rifled, or damaged en route between the place from which it was forwarded and the place of final destination, the rightful party is indemnified within the limits fixed by the agreements in force in relations between the redispatching Office and the Office to which the parcel was forwarded.

In case of forwarding effected through error by the Administration of destination to a country which has not adhered to the present Convention, the redispatching Office is responsible to the rightful person within the limits fixed by the said Convention.

ARTICLE 20.

LOSS, RIFLING, OR DAMAGE DETECTED AT THE TIME OF RECEIPT OF THE MAILS.

The responsibility for the loss, rifling, or damage of an insured parcel detected by the exchange office of destination at the time of opening the mails and reported

pêches, et qui sont signalées au bureau d'échange expéditeur conformément aux prescriptions de l'Article 22 ci-après, incombe à l'Administration à laquelle appartient le bureau d'échange expéditeur, à moins qu'il ne soit prouvé que la perte, la spoliation ou l'avarie ont eu lieu dans le service de l'Administration destinataire.

ARTICLE 21.

COLIS EN TRANSIT.

1. Chaque Administration garantit le droit de transit sur son territoire aux colis originaires du territoire de l'autre Administration contractante, et destinés à l'un quelconque des pays avec lequel elle échange des colis postaux et, inversement, aux colis originaires de l'un de ces derniers pays, et distribuables sur le territoire de l'autre Administration contractante.

2. Chaque Administration fera connaître à l'autre Administration quels sont les pays auxquels des colis peuvent être adressés par son intermédiaire, ainsi que les sommes à porter à son crédit, sur les feuilles de route, pour ces colis.

3. Pour être acceptés, les colis expédiés par l'un des pays contractants et destinés à transiter par l'autre pays, doivent remplir les conditions fixées par l'Administration intermédiaire.

ARTICLE 22.

CONTRÔLE PAR LES BUREAUX D'ÉCHANGE.

1. Dès la réception d'une feuille de route, le bureau d'échange procède à la vérification des colis et des divers documents qui les accompagnent.

2. S'il relève des erreurs, des omissions sur la feuille de route, il fait immédiatement les corrections nécessaires, en prenant soin de barrer à l'encre les indications erronées, de façon à laisser reconnaissables les inscriptions originales. Ces corrections sont faites

to the dispatching exchange office in accordance with the provisions of Article 22 hereafter, is incumbent upon the Administration to which the dispatching exchange office belongs, unless it is proven that the loss, rifling, or damage took place in the service of the Administration of destination.

ARTICLE 21.

PARCELS IN TRANSIT.

Parcels in transit.

1. Each Administration guarantees the right of transit over its territory for parcels originating in the territory of the other contracting Administration and destined for any country with which it exchanges parcel post, and, in the other direction, for parcels originating in one of these latter countries and destined for delivery on the territory of the other contracting Administration.

2. Each Administration will notify the other Administration regarding the countries to which parcels may be sent through its intermediary, as well as the amounts to be entered to its credit in the parcel bills for such parcels.

3. In order to be accepted, parcels sent by one of the contracting countries and destined to pass in transit through the other country must fulfill the conditions fixed by the intermediate Administration.

ARTICLE 22.

CHECK BY EXCHANGE OFFICES.

Check by exchange offices.

Duty of exchange office.

1. Upon receipt of a parcel bill, the exchange office proceeds to check the parcels and the various documents accompanying them.

2. If it discovers any errors or omissions in the parcel bill, it immediately makes the necessary corrections, taking care to cross out the erroneous indications in ink in such a way as to leave the original entries recognizable. Those corrections are made joint-

conjointement par deux agents. Sauf le cas d'erreur évidente, elles prévaudront sur la déclaration originale.

Office of destination also to prepare, etc., bulletin of verification.

Le bureau de destination établit, en outre, un bulletin de verification et l'envoie sans délai au bureau d'échange expéditeur, sous pli recommandé.

3. Les différences peu importantes, relatives au volume, aux dimensions et au poids des colis, ainsi que les irrégularités qui, d'une façon évidente, n'engagent pas la responsabilité des Administrations respectives, sont signalées par un bulletin de vérification.

4. Le bureau d'échange expéditeur renvoie le bulletin de vérification après l'avoir examiné et y avoir porté ses observations, s'il y a lieu. Ce bulletin est alors joint aux feuilles de route des colis qu'il concerne. Les rectifications apportées à une feuille de route et qui ne sont pas appuyées d'une pièce justificative sont considérées comme dépourvues de valeur.

5. La constatation de manquants, d'altérations ou d'irrégularités de nature à engager la responsabilité des Administrations respectives donne lieu à l'établissement d'un bulletin de vérification qui est envoyé sous pli recommandé au bureau d'échange expéditeur.

S'il s'agit d'un colis assuré, il est également établi un procès-verbal de constat qui est envoyé, sous pli recommandé d'office, à l'Administration Centrale du pays auquel appartient le bureau d'échange expéditeur, accompagné, si c'est possible, de la ficelle et des plombs ayant servi à la fermeture du récipient dans lequel étaient contenus les colis. Un duplicata de ce procès-verbal est adressé en même temps à l'Administration Centrale à laquelle appartient le bureau d'échange destinataire, ou à tout autre bureau désigné par cette dernière.

6. Si c'est nécessaire, le bureau d'échange expéditeur peut également être avisé par télégramme, aux frais de l'office qui envoie ce télégramme.

ly by two agents. Except in case of obvious error, they will prevail over the original declaration.

The office of destination also makes up a bulletin of verification and sends it without delay to the dispatching exchange office under registered cover.

3. Differences of slight importance, relative to the volume, dimensions, and weight of the parcels, as well as irregularities which evidently do not involve the responsibility of the respective Administrations are pointed out by a bulletin of verification.

4. The dispatching exchange office returns the bulletin of verification after having examined it and entered thereon its observations, if any. That bulletin is then attached to the parcel bills of the parcels to which it relates. Corrections made on a parcel bill which are not justified by a supporting paper are considered as devoid of value.

5. The discovery of shortages, alterations, or irregularities of such a nature as to involve the responsibility of the respective Administrations gives rise to the preparation of a bulletin of verification which is sent under registered cover to the dispatching exchange office.

If it is a question of an insured parcel, a report of proceedings is also prepared and sent under official registration to the Central Administration of the country to which the dispatching exchange office belongs, accompanied if possible by the string and the lead seals which have served to fasten the receptacle in which the parcels were contained. A duplicate of that report is addressed at the same time to the Central Administration to which the exchange office of destination belongs, or to some other office designated by the latter.

6. If necessary, the dispatching exchange office may also be advised by telegram, at the expense of the Office sending such telegram.

7. Quand le bureau d'échange destinataire n'a pas adressé au bureau d'échange expéditeur, par le premier courrier qui suit la vérification, un bulletin signalant les erreurs ou les irrégularités ce bureau destinataire est considéré comme ayant reçu les colis, à moins de preuve contraire.

8. Sans préjudice de l'application des dispositions du paragraphe 5 du présent article, le bureau d'échange qui reçoit d'un bureau correspondant un colis avarié ou insuffisamment emballé, doit réexpédier ce colis après l'avoir remballé, si c'est nécessaire, et en conservant autant que possible l'emballage original.

Si l'avarie est telle que le contenu du colis a pu être soustrait, le bureau doit d'abord ouvrir d'office le colis et en vérifier le contenu.

Dans les deux cas, le poids du colis sera vérifié avant et après le remballage, et indiqué sur l'emballage du colis même. Cette indication sera suivie de la mention "Remballé à_____" et de la signature des agents qui auront effectué cette réfection.

7. When the exchange office of destination has not addressed to the dispatching exchange office, by the first mail following the verification, a bulletin pointing out errors or irregularities, the office of destination is considered as having received the parcels, unless the contrary is proved.

8. Without prejudice to the application of the provisions of Section 5 of the present article, the exchange office which receives from a corresponding office a parcel which is damaged or insufficiently packed must redispatch such parcel after repacking, if necessary, preserving the original packing as far as possible. Parcels received in damaged, etc., condition.

If the damage is such that the contents of the parcel may have been abstracted, the office must first officially open the parcel and verify its contents.

In either case, the weight of the parcel will be verified before and after repacking, and indicated on the packing of the parcel itself. That indication will be followed by the note "Remballé à_____" (Repacked at_____) and the signatures of the agents who have effected such repacking.

ARTICLE 23.

DROITS DE FACTAGE, DE DÉDOUANEMENT ET DE MAGASINAGE.

1. L'Administration du pays de destination peut percevoir sur le destinataire, pour la livraison et l'accomplissement des formalités en douane, une taxe ne dépassant pas 20 cents or (1 franc or) par colis. Elle peut percevoir une taxe supplémentaire de 10 cents or (50 centimes or) pour chaque présentation du colis à l'adresse du destinataire, après la première présentation infructueuse. Ces taxes ne sont pas annulées en cas de réexpédition ou de renvoi des colis à l'origine.

2. Chaque Administration peut percevoir des taxes raisonnables de magasinage ou de surestarie, dans le cas où le destinataire

ARTICLE 23.

DELIVERY, CUSTOMS-CLEARANCE, AND STORAGE CHARGES.

1. The Administration of the country of destination may collect from the addressee, for delivery and the fulfillment of customs formalities, a charge not exceeding 20 cents gold (1 franc gold) per parcel. It may collect a supplementary charge of 10 cents gold (50 centimes gold) for each presentation of the parcel at the address of the addressee after the first unsuccessful presentation. These charges are not canceled in case of forwarding or return to origin of the parcel. Delivery, customs-clearance, and storage charges.

2. Each Administration may collect reasonable charges for storage or demurrage, in case that the addressee does not accept the

n'accepte pas la livraison d'un colis dans tel délai raisonnable prescrit par l'Administration du pays de destination. Les taxes de cette nature seront annulées dans le cas de renvoi du colis au pays d'origine.

ARTICLE 24.

RÉEXPÉDITION.

Forwarding parcels.

1. La réexpédition d'un colis, par suite du changement de résidence du destinataire, dans le territoire du pays de destination, peut être effectuée, sur la demande de l'expéditeur ou du destinataire, ou sans demande expresse, si les règlements du pays de destination le prescrivent.

La réexpédition d'un colis d'un pays sur un autre n'a lieu que sur la demande de l'expéditeur ou du destinataire, et sous réserve que ce colis remplisse les conditions exigées pour le nouveau transport.

L'expéditeur est autorisé à interdire toute réexpédition, par une mention appropriée sur le bulletin d'expédition et sur le colis.

Parcels forwarded to another country.

2. La réexpédition des colis sur un autre pays, par suite du changement de résidence du destinataire, donne lieu à une nouvelle perception des taxes fixées par l'Article 31. Quand un colis a été réexpédié sur le territoire du pays de destination, l'Administration de ce pays peut percevoir une taxe de réexpédition sur la base de ses règlements intérieurs. Ces taxes, qui sont exigibles en cas de réexpédition ultérieure ou de retour à l'envoyeur, sont perçues sur le destinataire ou sur l'expéditeur, suivant le cas, sans préjudice du payement des autres taxes dont le pays de destination n'accorde pas l'annulation.

Post, p. 3344.

Parcels redirected or returned in transit, recovery for service.

3. Dans le cas d'un colis réexpédié ou retourné en transit, par l'une des deux Administrations à l'autre, l'Administration intermédiaire peut reprendre sur l'autre Administration toutes les sommes qui lui sont dues pour tout service territorial ou maritime effec-

delivery of a parcel within such reasonable period as may be prescribed by the Administration of the country of destination. Charges of this nature will be canceled in the case of return of the parcel to the country of origin.

ARTICLE 24.

FORWARDING.

1. The forwarding of a parcel, as the result of change of address of the addressee, within the territory of the country of destination, may be effected, at the request of the sender or addressee, or without express request, if the regulations of the country so prescribe.

The forwarding of a parcel from one country to another is effected only at the request of the sender or addressee, and provided that such parcel fulfills the conditions required for the new transmission.

The sender is authorized to forbid any forwarding by an appropriate notation on the dispatch note and on the parcel.

2. The forwarding of parcels to another country, as a result of change of address of the addressee, gives rise to a new collection of the charges fixed by Article 31. When a parcel has been forwarded on the territory of the country of destination, the Administration of that country may collect a forwarding charge based on its domestic regulations. Those charges, which are collectible in case of subsequent forwarding or return to the sender, are collected from the addressee or from the sender, as the case may be, without prejudice to the payment of the other charges which the country of destination does not agree to cancel.

3. In the case of a parcel redirected or returned in transit, through one of the two Administrations to the other, the intermediate Administration may recover from the other Administration all the sums due to it for any territorial or maritime service

tué, ainsi que toutes les sommes qui doivent revenir à une ou plusieurs autres Administrations intéressées.

ARTICLE 25.

RÉEXPÉDITION DES COLIS EN FAUSSE DIRECTION.

Les colis ordinaires envoyés en fausse direction sont réexpédiés sur leur destination par la voie la plus directe dont dispose l'Administration qui les a reçus par erreur. Cette Administration ne peut frapper ces colis de droits de douane ou d'autres taxes quelconques.

Les colis assurés reçus en fausse direction ne sont réexpédiés que s'ils peuvent être réexpédiés comme colis assurés. Si cette condition n'est pas remplie, ces colis sont renvoyés à l'origine.

Lorsque le réacheminement comporte le retour du colis au bureau d'origine, l'Administration qui effectue la retransmission rembourse à ce bureau les crédits reçus et signale l'erreur par bulletin de vérification.

Lorsque le réacheminement comporte l'expédition d'un colis sur un tiers pays et que la somme créditée à l'Administration effectuant la retransmission ne suffit pas à couvrir les frais de celle-ci, la dite Administration récupère le montant de l'insuffisance par reprise sur le bureau d'échange dont elle a directement reçu le colis en fausse direction. Le motif de cette récupération est signalé à ce dernier bureau par un Bulletin de verification.

ARTICLE 26.

INTERDICTION DE PERCEVOIR DES TAXES POSTALES AUTRES QUE CELLES QUI SONT PRESCRITES.

Les colis auxquels s'applique la présente Convention ne seront soumis à aucune taxe postale autre que celles qui sont prévues dans les différents articles de la dite Convention.

performed, as well as all the amounts which must be credited to one or more other Administrations concerned.

ARTICLE 25.

FORWARDING OF MISSENT PARCELS.

Forwarding of missent parcels.

Missent ordinary parcels are forwarded to their destination by the most direct route at the disposal of the Administration which has received them through error. That Administration may not charge such parcels with customs duties or any other charges.

Ordinary.

Insured parcels received missent are not forwarded unless they can be forwarded as insured parcels. If that condition is not fulfilled, such parcels are returned to origin.

Insured.

When the reforwarding involves the return of the parcel to the office of origin, the Administration which effects the retransmission refunds to that office the credits received and points out the error by a bulletin of verification.

When the reforwarding involves the dispatch of a parcel to a third country, and if the sum credited to the Administration effecting the retransmission is not sufficient to cover the expenses of the latter, the said Administration recovers the amount of the insufficiency by debiting the exchange office from which it has directly received the missent parcel. The reason for such recovery is pointed out to the latter office by a bulletin of verification.

ARTICLE 26.

PROHIBITION AGAINST COLLECTING POSTAL CHARGES OTHER THAN THOSE PRESCRIBED.

Collecting other than prescribed charges.

The parcels to which the present Convention applies will not be subject to any postal charges other than those which are provided for in the different Articles of the said Convention.

ARTICLE 27.

RETRAIT ET CHANGEMENT D'ADRESSE.

Withdrawal and change of address.

Tant qu'un colis n'a pas été remis au destinataire, l'expéditeur peut en demander le retrait ou en faire modifier l'adresse. Les demandes de retrait ou de changement d'adresse, qui doivent être faites conformément aux règles établies par les règlements intérieurs des Administrations contractantes, doivent être adressées à l'Administration Centrale, s'il s'agit de colis destinés à être distribués aux Etats-Unis d'Amérique, et au bureau de destination, s'il s'agit de colis destinés à être distribués en France.

L'expéditeur est tenu de garantir à l'avance le payement des taxes d'affranchissement dues pour la nouvelle transmission.

ARTICLE 28.

NON REMISE.

Non-delivery.

1. En l'absence d'ordre contraire de la part de l'expéditeur tout colis qui ne peut être distribué doit être renvoyé à cet expéditeur sans préavis. La nouvelle taxe d'affranchissement, ainsi que les nouveaux droits d'assurance, s'il s'agit de colis assurés—lesquels doivent être renvoyés comme ils ont été reçus, c'est-à-dire par envoi assuré—doivent être perçus sur l'expéditeur.

L'office de première destination recouvre ses dépenses sur l'office d'origine, par une indication portée sur la feuille de route, ainsi qu'il est prévu à l'Article 8, paragraphe 5, pour les colis réexpédiés.

Ante, p. 3330.

Treatment in case of non-delivery.

2. L'expéditeur peut indiquer, par une mention portée au verso du bulletin d'expédition et sur le colis lui-même, de quelle façon doit être traité son colis, en cas de non-remise.

A cet effet, il peut demander que son colis soit:

a) considéré comme abandonné;

ARTICLE 27.

WITHDRAWAL AND CHANGE OF ADDRESS.

As long as a parcel has not been delivered to the addressee, the sender may request its return or have its address altered. The requests for withdrawal or change of address, which must be made in accordance with the rules established by the domestic regulations of the contracting Administrations, must be addressed to the Central Administration, if it is a question of parcels destined for delivery in the United States of America, and to the office of destination, if it is a question of parcels destined for delivery in France.

The sender is bound to guarantee in advance the payment of the postage charges due for the new transmission.

ARTICLE 28.

NON-DELIVERY.

1. In the absence of contrary instructions by the sender, any parcel which can not be delivered must be returned to the sender without previous notice. The new postage charges, as well as the new insurance fees in the case of insured parcels (which must be returned in the same form as received, i.e., as insured parcels), must be collected from the sender.

The Office of first destination recovers its expenses from the Office of origin, by an entry made in the parcel bill as provided by Article 8, Section 5, for forwarded parcels.

2. The sender may indicate, by a note placed on the back of the dispatch note and on the parcel itself, the manner in which he desires his parcel treated in case of non-delivery.

To that effect, he may request that his parcel be:

a) considered as abandoned;

b) présenté à un deuxième destinataire, dans le pays de destination;

c) renvoyé immédiatement à son origine.

3. Les colis qui n'ont pu être distribués sont renvoyés à l'origine, sauf demande contraire de l'expéditeur, à l'expiration d'une période de 30 jours, à partir de leur date d'arrivée au bureau de destination.

Tout colis renvoyé à l'expéditeur, ainsi que le bulletin d'expédition y afférent, doit porter l'indication très claire du motif de la non-remise.

4. Les colis susceptibles de se détériorer, et ceux-là seulement, peuvent être vendus immédiatement, même en cours de transport, à l'aller ou au retour, sans prèavis et sans formalités judiciaires. Le produit net de la vente sera remis à l'ayant droit après dèduction des taxes dont les colis pourront être passibles.

Si, pour une raison quelconque, la vente du colis est impossible, les objets détériorés ou sans valeur seront détruits. Il sera établi un procès-verbal de la vente ou de la destruction. La copie de ce procès-verbal est transmise à l'Administration d'origine.

5. Les colis non distribuables, abandonnés par l'expéditeur, ne sont pas renvoyés à l'origine par l'office de destination, lequel les traite d'après sa législation.

Dans le cas de colis assurés que l'expéditeur déclare vouloir abandonner et qui ne peuvent être distribués, il sera pris bonne note du sort du colis, et l'Administration d'origine en sera informée.

b) presented to a second addressee in the country of destination;

c) immediately returned to origin.

Undeliverable parcels, return to place of origin.

3. Undeliverable parcels are returned to origin, in the absence of a request to the contrary by the sender, at the expiration of a period of 30 days, counting from their date of arrival at the office of destination.

Every parcel returned to the sender, as well as the dispatch note belonging thereto, must bear a very clear indication of the reason for the non-delivery.

Parcels liable to deterioration.

4. Parcels liable to deterioration, and these only, may be sold immediately, even en route, on the outward or return journey, without previous notice and without judicial formalities. The net proceeds of the sale will be turned over to the rightful party after deducting the charges to which the parcel may be liable.

If, for any reason, the sale of the parcel is impossible, the deteriorated or worthless article will be destroyed. A report will be made up of the sale or destruction. A copy of that report is transmitted to the Administration of origin.

Abandoned parcels.

5. Undeliverable parcels which are abandoned by the sender are not returned to origin by the Office of destination, which treats them in accordance with its legislation.

In the case of insured parcels which the sender declares his desire to abandon and which can not be delivered, careful note will be taken of the disposal made of the parcel, and the Administration of origin will be advised thereof.

ARTICLE 29.

DROITS DE DOUANE À ANNULER.

Les droits de douane proprement dits—applicables aux colis détruits, renvoyés au pays d'origine ou réexpédiés sur un autre pays—seront annulés, en France et aux Etats-Unis d'Amérique,

ARTICLE 29.

ARTICLE 30.

RÉCIPIENTS.

Receptacles.

Chaque Administration fournira les sacs nécessaires à l'expédition de ses colis. Les sacs vides seront renvoyés au pays d'origine par le courrier suivant. Les sacs vides seront réunis par paquets de dix (neuf sacs renfermés dans un dixième sac) et le nombre total de ces sacs sera porté sur la feuille de route des colis.

L'office réexpéditeur portera sur ses feuilles de route le nombre des récipients renvoyés; il sera responsable de la perte de ceux dont il ne pourra pas prouver le renvoi.

ARTICLE 31.

Payments.

BONIFICATIONS.

Terminal, etc., credits.

1. Pour chaque colis expédié par un pays à l'autre, l'Administration expéditrice paie un droit terminal sur les bases indiquées ci-après:

a) Pour les colis de France adressés aux Etats-Unis d'Amérique, 70 centimes or par kilogramme calculé sur le poids net global de chaque dépêche.

b) Pour les colis des Etats-Unis adressés à la France:

De plus, pour chaque colis avec valeur déclarée, l'Administration expéditrice paie, comme droit terminal de déclaration de valeur,

United States of America, provided that the formalities prescribed by the customs are fulfilled.

ARTICLE 30.

RECEPTACLES.

Each Administration will furnish the sacks necessary for the dispatch of its parcels. The empty sacks will be returned to the country of origin by the following mail. The empty sacks will be assembled in packages of ten (nine sacks enclosed in a tenth sack) and the total number of such sacks will be entered in the parcel bill covering the parcels.

The redispatching Office will enter in its parcel bills the number of receptacles returned; it will be responsible for the loss of those whose return it can not prove.

ARTICLE 31.

PAYMENTS.

1. For each parcel dispatched by one country to the other, the dispatching Administration shall pay a terminal credit as follows:

a) For parcels from France addressed to the United States of America, 70 centimes gold per kilogram computed on the bulk net weight of each dispatch.

b) For parcels from the United States of America addressed to France:

In addition, for each insured parcel the dispatching Administration shall pay, as an insurance terminal credit, a uniform charge

un droit uniforme de 10 centimes or, quelle que soit la valeur déclarée.

Les droits terminaux et de déclaration de valeur spécifiés ci-dessus peuvent être réduits ou augmentés, sur préavis de 3 mois donné par un pays à l'autre. La réduction ou l'augmentation restera en vigueur pendant une durée d'un an au moins.

2. L'Administration intermédiaire fixe les sommes qui doivent être allouées pour les colis envoyés par une Administration à l'autre pour être transmis à une possession de l'un ou de l'autre pays ou à un tiers pays.

3. En cas de réacheminement ou de retour à l'origine d'un colis, si le bureau réexpéditeur perçoit un nouvel affranchissement et un nouveau droit de déclaration de valeur (dans le cas de colis V.D.), le colis est traité comme s'il était originaire de ce pays. Autrement, l'Administration effectuant la réexpédition recouvre sur l'autre Administration l'ensemble des frais qui lui sont dus, à savoir:

a) la quote-part fixée à la Section 1 ci-dessus;

b) les autres frais grevant le colis réexpédié ou renvoyé à l'origine et qui ne sont pas annulés par l'office de destination.

En cas de réexpédition sur un tiers pays, les droits accumulés, c'est-à-dire, les droits mentionnés ci-dessus en a) et b) suivent le colis; s'il s'agit d'une réexpédition sur l'ordre de l'expéditeur et dans le cas où le tiers pays intéressé n'accepte pas l'imputation des droits parce qu'ils ne peuvent être perçus du destinataire, ces droits sont repris sur le pays d'origine pour être récupérés de l'expéditeur.

ARTICLE 32.

RÈGLEMENT DES COMPTES.

1. Chaque Administration fait établir trimestriellement pour tous les colis reçus de l'autre Ad-

of 10 centimes gold regardless of the amount for which the parcel is insured.

The terminal and insurance credits above specified may be reduced or increased on three months' previous notice given by one country to the other. The reduction or increase shall hold good for at least one year.

Parcels sent through a third country.

2. The intermediate Administration fixes the sums which must be allowed for parcels sent by one Administration to the other Administration for onward dispatch to a possession of one or the other country, or to a third country.

Reforwarding or return to origin.

3. In case of reforwarding or return to origin of a parcel, if new postage and new insurance fees (in the case of insured parcels) are collected by the redispatching Office, the parcel is treated as if it had originated in that country. Otherwise, the redispatching Administration recovers from the other Administration the whole of the charges due to it, namely:

a) the quota prescribed by Section 1 above;

b) the other charges due on the parcel forwarded or returned to origin which are not annulled by the Office of destination.

In case of reforwarding to a third country, the accrued charges, that is, the charges mentioned in a) and b) above, shall follow the parcel; if it is a question of forwarding at the order of the sender and in the case that the third country concerned refuses to assume the charges, because they can not be collected from the addressee, such charges shall be charged back to the country of origin for recovery from the sender.

ARTICLE 32.

ADJUSTMENT OF ACCOUNTS.

Adjustment of accounts.

1. Each Administration causes to be made up quarterly, for all parcels received from the other

ministration des relevés (conformes ou analogues à la formule modèle CP.13 de l'Arrangement international) des sommes portées sur les feuilles de route, à son crédit ou à son débit. Les colis reçus pour être transmis à une autre Administration font l'objet de relevés et de comptes spéciaux.

2. Ces relevés sont récapitulés dans un compte établi sur une formule conforme ou analogue au modèle CP.14 de l'Arrangement international.

3. Ledit compte, accompagné des états récapitulatifs, des feuilles de route, et, le cas échéant, des bulletins de vérification, est soumis à l'office correspondant, aux fins de vérification, dans le courant du mois qui suit celui auquel il se rapporte.

Les totaux ne seront jamais rectifiés. Les erreurs relevées doivent faire l'object d'états de différences.

4. Après avoir été vérifiés et acceptés, les comptes sont récapitulés dans un compte général trimestriel, établi par l'office créditeur.

5. Les frais du payement sont supportés par l'Administration débitrice.

6. L'établissement, la transmission et le payement du solde d'un compte général seront effectués, aussitôt que possible, et au plus tard dans un délai de trois mois après l'expiration du trimestre suivant. Après l'expiration de ce délai, les sommes dues par une Administration à l'autre porteront intérêt au taux de 5% l'an à partir de la date d'expiration de la dite période.

Administration, statements (conforming or analogous to Form C.P.13 of the International Agreement) of the sums entered in the parcel bills, to its credit or to its debit. Parcels received for transmission to another Administration form the subject of separate statements and accounts.

2. These statements are recapitulated in an account made up on a form conforming or analogous to Form C.P.14 of the International Agreement.

3. The said account, accompanied by the recapitulatory statements, the parcel bills, and the bulletins of verification if any, is submitted to the corresponding Office for examination within the course of the month which follows that to which it relates.

The totals are never to be corrected. Errors discovered must form the subject of statements of differences.

4. After having been verified and accepted, the accounts are recapitulated in a general quarterly account, made up by the creditor Office.

5. The balance resulting from the settlement of the general quarterly accounts is paid by the debtor Office to the creditor Office, in gold francs, by means of drafts payable at sight on the Capital or on a commercial city of the creditor country, or in any other manner agreed upon through correspondence between the two Administrations. The expenses of payment are borne by the debtor Administration.

6. The preparation, transmission, and payment of the balance of a general account will be effected as soon as possible, and at the latest within a period of three months after the expiration of the following quarter. After the expiration of that period, the sums due by one Administration to the other will bear interest at the rate of 5 percent a year, beginning with the date of expiration of the said period.

ANTI-WAR TREATY OF NONAGGRESSION AND CONCILIATION

Pan American anti-war treaty of non-aggression and conciliation.

The states designated below, in the desire to contribute to the consolidation of peace, and to express their adherence to the efforts made by all civilized nations to promote the spirit of universal harmony;

Purposes declared.

To the end of condemning wars of aggression and territorial acquisitions that may be obtained by armed conquest, making them impossible and establishing their invalidity through the positive provisions of this treaty, and in order to replace them with pacific solutions based on lofty concepts of justice and equity;

Convinced that one of the most effective means of assuring the moral and material benefits which peace offers to the world, is the organization of a permanent system of conciliation for international disputes, to be applied immediately on the violation of the principles mentioned;

Have decided to put these aims of nonaggression and concord in conventional form by concluding the present treaty, to which end they have appointed the undersigned plenipotentiaries, who, having exhibited their respective full powers, found to be in good and due form, have agreed upon the following:

ARTICLE I

Condemnation of wars of aggression. Adoption of pacific means.

The high contracting parties solemnly declare that they condemn wars of aggression in their mutual relations or in those with other states, and that the settlement of disputes or controversies of any kind that may arise among them shall be effected only by the pacific means which have the sanction of international law.

ARTICLE II

Territorial arrangements not recognized if obtained by other than pacific means, etc.

They declare that as between the high contracting parties territorial questions must not be settled by violence, and that they will not recognize any territorial arrangement which is not obtained by pacific means, nor the validity of the occupation or acquisition of territories that may be brought about by force of arms.

ARTICLE III

Position to be taken with respect to non-complying belligerents.

In case of noncompliance, by any state engaged in a dispute, with the obligations contained in the foregoing articles, the contracting states undertake to make every effort for the maintenance of peace. To that end they will adopt in their character as neutrals a common and solidary attitude; they will exercise the political, juridical, or economic means authorized by international law; they will bring the influence of public opinion to bear, but will in no case resort to intervention, either diplomatic or armed; subject to the attitude that may be incumbent on them by virtue of other collective treaties to which such states are signatories.

ARTICLE IV

Submission of disputes to conciliation procedure.

The high contracting parties obligate themselves to submit to the conciliation procedure established by this treaty the disputes specially mentioned and any others that may arise in their reciprocal relations, without further limitations than those enumerated in the following article, in all controversies which it has not been possible to settle by diplomatic means within a reasonable period of time.

ARTICLE V

Limitations, other than indicated, forbidden.

The high contracting parties and the states which may in the future adhere to this treaty may not formulate, at the time of signature, ratification, or adherence, other limitations to the conciliation procedure than those which are indicated below:

(*a*) Differences for the solution of which treaties, conventions, pacts, or pacific agreements of any kind whatever may have been concluded, which in no case shall be considered as annulled by this agreement, but supplemented thereby insofar as they tend to assure peace; as well as the questions or matters settled by previous treaties;

(*b*) Disputes which the parties prefer to solve by direct settlement or submit by common agreement to an arbitral or judicial solution;

(*c*) Questions which international law leaves to the exclusive competence of each state, under its constitutional system, for which reason the parties may object to their being submitted to the conciliation procedure before the national or local jurisdiction has decided definitively; except in the case of manifest denial or delay of justice, in which case the conciliation procedure shall be initiated within a year at the latest;

(*d*) Matters which affect constitutional precepts of the parties to the controversy. In case of doubt, each party shall obtain the reasoned opinion of its respective tribunal or supreme court of justice, if the latter should be invested with such powers.

Effect of abandonment by a signatory.

The high contracting parties may communicate, at any time and in the manner provided for by article XV, an instrument stating that they have abandoned wholly or in part the limitations established by them in the conciliation procedure.

The effect of the limitations formulated by one of the contracting parties shall be that the other parties shall not consider themselves obligated in regard to that party save in the measure of the exceptions established.

ARTICLE VI

Conciliation commission.

In the absence of a permanent conciliation commission or of some other international organization charged with this mission by virtue of previous treaties in effect, the high contracting parties undertake to submit their differences to the examination and investigation of a conciliation commission which shall be formed as follows, unless there is an agreement to the contrary of the parties in each case;

Composition, etc.

The conciliation commission shall consist of five members. Each party to the controversy shall designate a member, who may be chosen by it from among its own nationals. The three remaining members shall be designated by common agreement by the parties from among the nationals of third powers, who must be of different nationalities, must not have their customary residence in the territory of the interested parties, nor be in the service of any of them. The parties shall choose the president of the conciliation commission from among the said three members.

Choice of president.

If they cannot arrive at an agreement with regard to such designations, they may entrust the selection thereof to a third power or to some other existing international organism. If the candidates so designated are rejected by the parties or by any one of them, each party shall present a list of candidates equal in number to that of the members to be selected, and the names of those to sit on the conciliation commission shall be determined by lot.

ARTICLE VII

Designation of competent tribunals to discharge commission's duties.

The tribunals or supreme courts of justice which, in accordance with the domestic legislation of each state, may be competent to interpret, in the last or the sole instance and in matters under their respective jurisdiction, the constitution, treaties, or the general principles of the law of nations, may be designated preferentially by the high contracting parties to discharge the duties entrusted by the present treaty to the conciliation commission. In this case the tribunal or court may function as a whole or may designate some of its members to proceed alone or by forming a mixed commission with members of other courts or tribunals, as may be agreed upon by common accord between the parties to the dispute.

ARTICLE VIII

Rules of procedure.

The conciliation commission shall establish its own rules of procedure, which shall provide in all cases for hearing both sides.

Necessary evidence to be furnished.

The parties to the controversy may furnish, and the commission may require from them, all the antecedents and information necessary. The parties may have themselves represented by delegates and assisted by advisers or experts, and also present evidence of all kinds.

ARTICLE IX

Secret sessions, etc.

The labors and deliberations of the conciliation commission shall not be made public except by a decision of its own to that effect, with the assent of the parties.

Majority decisions necessary.

In the absence of stipulation to the contrary, the decisions of the commission shall be made by a majority vote, but the commission may not pronounce judgment on the substance of the case except in the presence of all its members.

ARTICLE X

Conciliatory settlements by commission.

It is the duty of the commission to secure the conciliatory settlement of the disputes submitted to its consideration.

Report of, to propose bases of settlement.

After an impartial study of the questions in dispute, it shall set forth in a report the outcome of its work and shall propose to the parties bases of settlement by means of a just and equitable solution.

Not a final decision, etc.

The report of the commission shall in no case have the character of a final decision or arbitral award either with respect to the exposition or interpretation of the facts, or with regard to the considerations or conclusions of law.

ARTICLE XI

Time limitation.

The conciliation commission must present its report within 1 year, counting from its first meeting, unless the parties should decide by common agreement to shorten or extend this period.

Interruption of procedure.

The conciliation procedure, having been once begun, may be interrupted only by a direct settlement between the parties or by their subsequent decision to submit the dispute by common accord to arbitration or to international justice.

ARTICLE XII

Decision.

In communicating its report to the parties, the conciliation commission shall fix for them a period, which shall not exceed 6 months, within which they must decide as to the bases of the settlement it has proposed. On the expiration of this term, the commission shall record in a final act the decision of the parties.

This period having expired without acceptance of the settlement by the parties, or the adoption by common accord of another friendly solution, the parties to the dispute shall regain their freedom of action to proceed as they may see fit within the limitations flowing from articles I and II of this treaty.

ARTICLE XIII

Acts prejudicial to commission's proposal.

From the initiation of the conciliatory procedure until the expiration of the period fixed by the commission for the parties to make a decision, they must abstain from any measure prejudicial to the execution of the agreement that may be proposed by the commission and, in general, from any act capable of aggravating or prolonging the controversy.

ARTICLE XIV

Honoraria, expenses, etc.

During the conciliation procedure the members of the commission shall receive honoraria the amount of which shall be established by common agreement by the parties to the controversy. Each of them shall bear its own expenses and a moiety of the joint expenses or honoraria.

ARTICLE XV

Ratifications.

The present treaty shall be ratified by the high contracting parties as soon as possible, in accordance with their respective constitutional procedures.

The original treaty and the instruments of ratification shall be deposited in the Ministry of Foreign Relations and Worship of the Argentine Republic, which shall communicate the ratifications to the other signatory states. The treaty shall go into effect between the high contracting parties 30 days after the deposit of the respective ratifications, and in the order in which they are effected.

ARTICLE XVI

Adherence.

This treaty shall remain open to the adherence of all states.

Adherence shall be effected by the deposit of the respective instrument in the Ministry of Foreign Relations and Worship of the Argentine Republic, which shall give notice thereof to the other interested states.

ARTICLE XVII

Duration.

The present treaty is concluded for an indefinite time, but may be denounced by 1 year's notice, on the expiration of which the effects thereof shall cease for the denouncing state, and remain in force for the other states which are parties thereto, by signature or adherence.

The denunciation shall be addressed to the Ministry of Foreign Relations and Worship of the Argentine Republic, which shall transmit it to the other interested states.

In witness whereof, the respective plenipotentiaries sign the present treaty in one copy, in the Spanish and Portuguese languages, and affix their seals thereto, at Rio de Janeiro, D. F., on the tenth day of the month of October nineteen hundred and thirty-three. Signatures.

A PROCLAMATION

Protection of migratory birds.
Vol. 40, p. 755; U. S. C., p. 686.
Vol. 39, p. 1702.

WHEREAS the Secretary of Agriculture, by virtue of the authority vested in him by section 3 of the Migratory Bird Treaty Act (40 Stat. 755; U. S. C., title 16, secs. 703–711), has submitted to me for approval regulations further amendatory of the regulations approved and proclaimed July 31, 1918, which the Secretary of Agriculture has determined to be suitable amendatory regulations permitting and governing the hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, and export of migratory birds and parts thereof and their nests and eggs, as follows:

Regulations modified.
Post, p. 3457.

Regulation 2, "Definitions of Terms", is amended to read as follows:

Vol. 40, p. 1813.

REGULATION 2.—DEFINITIONS OF TERMS

Terms construed.

For the purposes of these regulations the following terms shall be construed, respectively, to mean and to include—

Secretary.—The Secretary of Agriculture of the United States.

Take.—Hunt, kill, or capture, or attempt to hunt, kill, or capture.

Premises.—The entire tract or body of land and water or land or water owned, leased, or otherwise controlled or occupied by any person on any part of which bait is employed in the shooting of waterfowl.

Bait.—Corn, wheat, oats, or other grain, or products thereof, salt, or any kind of feed, by whomsoever placed, deposited, distributed, scattered, or otherwise put out, whereby mourning doves or waterfowl are lured, attracted, or enticed.

Open season.—The time during which migratory birds may be taken.

Transport.—Shipping, transporting, carrying, exporting, receiving or delivering for shipment, transportation, carriage, or export.

Vol. 45, pp. 2901, 2942; Vol. 46, p. 2989; Vol. 47, pp. 2440, 2520.

Regulation 3, "Means By Which Migratory Game Birds May Be Taken", is amended to read as follows:

REGULATION 3.—MEANS BY WHICH MIGRATORY GAME BIRDS MAY BE TAKEN

Means for taking birds.

Post, p. 3458.

The migratory game birds specified in regulation 4 hereof may be taken during the open season with a gun only, not larger than no. 10 gage, fired from the shoulder, except as specifically permitted by regulations 7, 8, 9, and 10 hereof; they may be taken during the open season from the land and water, with the aid of a dog, the use of decoys, and from a blind or floating device, except that in the taking of wild ducks not more than twenty-five (25) live duck decoys may be shot over, and in the taking of wild geese in California the use of live goose decoys is not permitted; but nothing herein shall be deemed to permit the use of an automobile, airplane, power boat, sailboat, any boat under sail, any floating device towed by power boat or sailboat, or any sinkbox (battery), except that sinkboxes (batteries) may be used in the taking of migratory waterfowl in coastal sounds and bays (including Back Bay, Princess Anne County, State of Virginia) and other coastal waters; and nothing herein shall be deemed to permit the use of an airplane, or a power boat, sailboat, or other floating device for the purpose of concentrating, driving, rallying, or stirring up migratory waterfowl; and mourning doves shall not be shot or otherwise taken by means of bait.

Waterfowl.

Waterfowl (except those taken pursuant to regulation 8 of these regulations) shall not be shot or otherwise taken on any baited premises except under seasonal permits issued without charge by the Chief of the Bureau of Biological Survey of the Department of Agriculture; *Provided, however*, That such permits will be issued only upon the conditions and requirements hereinafter specified, which will be stated in every permit, and when said Chief shall, after investigation, ascertain and determine that any bait on any premises is or will be effective to subsist such waterfowl under stress of absence, failure, or diminution of the normal or natural food supply of waterfowl in that particular locality or section, or to concentrate such waterfowl under conditions conducive to safeguarding them from greater destruction that would otherwise occur, and when it shall additionally appear that such shooting will more nearly equalize waterfowl-hunting privileges in the various localities or sections within the jurisdiction of the United States and will not contribute to disproportioned destruction of such waterfowl in any such particular locality or section. Forms upon which to apply for permits will be furnished by the Chief of said Bureau upon request. Permits will be issued to and in the name of the person owning, leasing, or otherwise controlling or occupying any premises. Any permit may be revoked by the Secretary when he determines, after investigation, that baiting as employed on the premises constitutes a disproportioned agency in the killing of migratory waterfowl, or upon proof that the permittee has willfully violated or failed to comply with, or has suffered others hunting on the premises to violate or fail to comply with, any of the following conditions and requirements.—No waterfowl, except crippled birds not otherwise retrievable, shall be shot while resting on water or land on any premises. No waterfowl shall be shot on any premises after 3 o'clock p. m. Every permittee shall keep an accurate record of the number of persons shooting during each season on the premises covered by the permit; the species and the number of each species and the total number of all species of waterfowl killed on said premises during each season; and the number of blinds, the number of gunners

shooting from each blind each day, the number of birds killed each day by each gunner at each blind, and kinds of feed and interval of feeding; and shall send to the Chief of said Bureau, within one month after the close of the open season, a report containing the aforesaid information. No permit issued shall be construed to be effective to permit shooting of waterfowl on any premises in violation of State law or regulation.

NATIONAL FIRE PREVENTION WEEK—1934

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

September 10, 1934.

A PROCLAMATION

National Fire Prevention Week, 1934.

Disastrous fires destroy each year property of many kinds to a total greater than the whole value of all property in the Nation in the days of our forefathers. This loss seriously offsets our normal gain in national assets.

It is the simple obligation of every citizen to realize, knowing this, that a large proportion of these fires can be prevented by the exercise of proper care and by the use of appropriate fire-prevention measures.

I call special attention to the unfortunate fact that a very large percentage of fires in every part of the Nation is caused by acts of individual carelessness and that millions of dollars' worth of property could be preserved each year by the realization on the part of the individual of his or her responsibility to the community.

Week beginning October 7, 1934, designated as.

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby proclaim and designate the week beginning October 7, 1934, as Fire Prevention Week, and I particularly urge State and municipal officials, civic and commercial organizations, school authorities, the clergy, and the press to emphasize the danger of and needless waste caused by fire and to encourage the study of ways and means whereby fire hazards and the disastrous consequences of fire may be prevented as far as possible.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

THANKSGIVING DAY—1934

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

November 15, 1934.

A PROCLAMATION

Thursday, November 29, 1934, designated as Thanksgiving Day.

I, FRANKLIN D. ROOSEVELT, President of the United States of America, hereby designate Thursday, the twenty-ninth day of November 1934, as a Day of Thanksgiving for the people of the Nation.

Recommendations.

Thus to set aside in the autumn of each year a day on which to give thanks to Almighty God for the blessings of life is a wise and reverent custom, long cherished by our people. It is fitting that we should again observe this custom.

During the past year we have been given courage and fortitude to meet the problems which have confronted us in our national life. Our sense of social justice has deepened. We have been given vision to make new provisions for human welfare and happiness, and in a spirit of mutual helpfulness we have cooperated to translate vision into reality.

More greatly have we turned our hearts and minds to things spiritual. We can truly say, "What profiteth it a nation if it gain the whole world and lose its own soul."

With gratitude in our hearts for what has already been achieved, may we, with the help of God, dedicate ourselves anew to work for the betterment of mankind.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

February 2, 1935.

A PROCLAMATION

Protection of migratory birds. Vol. 40, p. 755; U. S. C., p. 686. Vol. 39, p. 1702. Regulations amended.

WHEREAS the Secretary of Agriculture, by virtue of the authority vested in him by section 3 of the Migratory Bird Treaty Act (40 Stat. 755; U. S. C., title 16, secs. 703–711), has submitted to me for approval a regulation further amendatory of the regulations approved and proclaimed July 31, 1918, which the Secretary of Agriculture has determined to be a suitable amendatory regulation permitting and governing the hunting, taking, capture, killing, possession, sale, purchase, shipment, transportation, carriage, and export of migratory birds and parts thereof and their nests and eggs, as follows:

Means for taking birds.

Regulation 3, "Means by Which Migratory Game Birds May Be Taken", as set forth in Proclamation No. 2094, of August 20, 1934,

Ante, p. 3406.

is amended by inserting in the third line of the first paragraph thereof, between the word "hereof" and the semicolon, a comma and the words

Automatic shotguns.

"but they shall not be taken with or by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells the magazine of which has not been cut off, or plugged with a 1-piece metal or wooden filler incapable of removal through the loading end thereof, so as to reduce the capacity of said gun to not more than three shells at one loading"

so that the paragraph as amended will read as follows.

"The migratory game birds specified in regulation 4 hereof may be taken during the open season with a gun only, not larger than no. 10 gage, fired from the shoulder, except as specifically permitted by regulations 7, 8, 9, and 10 hereof, but they shall not be taken with or by means of any automatic-loading or hand-operated repeating shotgun capable of holding more than three shells the magazine of which has not been cut off, or plugged with a 1-piece metal or wooden filler incapable of removal through the loading end thereof, so as to reduce the capacity of said gun to not more than three shells at one loading; they may be taken during the open season from the land and water, with the aid of a dog, the use of decoys, and from a blind or floating device, except that in the taking of wild ducks not more than 25 live duck decoys may be shot over, and in the taking of wild geese in California the use of live goose decoys is not permitted; but nothing herein shall be deemed to permit the use of an automobile, airplane, power boat, sailboat, any boat under sail, any floating device towed by power boat or sailboat, or any sinkbox (battery), except that sinkboxes (batteries) may be used in the taking of migratory waterfowl in coastal sounds and bays (including Back Bay, Princess Anne County, State of Virginia) and other coastal waters; and nothing herein shall be deemed to permit the use of an airplane, or a power boat, sailboat, or other floating device for the purpose of concentrating, driving, rallying, or stirring up migratory waterfowl; and mourning doves shall not be shot or otherwise taken by means of bait."

AND WHEREAS upon consideration it appears that approval of the foregoing amendatory regulation will effectuate the purposes of the aforesaid Migratory Bird Treaty Act and result in reducing the annual kill of migratory game birds:

Approval of regulation.

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, do hereby approve and proclaim the foregoing amendatory regulation.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

February 28, 1935.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Cotton Control Act, 1934; provisions of, respecting crop year, 1935–36.
Vol. 48, p. 598.

WHEREAS section 1 of the Cotton Control Act, approved April 21, 1934 (48 Stat. 598), provides:

"That in order to relieve the present acute economic emergency in that part of the agricultural industry devoted to cotton production and marketing by diminishing the disparity between prices paid to cotton producers and persons engaged in cotton marketing and prices of other commodities and by restoring purchasing power to such producers and persons so that the restoration of the normal exchange in interstate and foreign commerce of all commodities may be fostered, and to raise revenue to enable the payment of additional benefits to cotton producers under the Agricultural Adjustment Act—

It is hereby declared to be the policy of Congress to promote the orderly marketing of cotton in interstate and foreign commerce; to enable producers of such commodity to stabilize their markets against undue and excessive fluctuations, and to preserve advantageous markets for such commodity, and to prevent unfair competition and practices in putting cotton into the channels of interstate and foreign commerce, and to more effectively balance production and consumption of cotton."

WHEREAS section 2 of the aforesaid act provides:

"The provisions of this Act shall be effective only with respect to the crop years 1934–1935, but if the President finds that the economic emergency in cotton production and marketing will continue or is likely to continue to exist so that the application of this Act with respect to the crop year 1935–1936 is imperative in order to carry out the policy declared in section 1, he shall so proclaim, and this Act shall be effective with respect to the crop year 1935–1936. If at any time prior to the end of the crop year 1935–1936, the President finds that the economic emergency in cotton production and marketing has ceased to exist, he shall so proclaim, and no tax under this Act shall be levied with respect to cotton harvested after the effective date of such proclamation."

AND WHEREAS I have considered the basic economic data pertinent to the economic situation relative to cotton production and marketing in the United States set forth in a memorandum dated January 7, 1935, furnished by the Secretary of Agriculture, which is on file in the Department of Agriculture, and other pertinent data:

NOW, THEREFORE, I, FRANKLIN D. ROOSEVELT, President of the United States of America, under and by virtue of the authority vested in me by section 2 of the aforesaid Cotton Control Act, do hereby find and proclaim that the economic emergency in cotton production and marketing is likely to continue to exist so that the application of said act with respect to the crop year 1935–1936 is imperative in order to carry out the policy declared in section 1 of the aforesaid act; from which finding and proclamation it follows that said act under its terms shall be effective with respect to the crop year 1935–1936 (June 1, 1935, to May 31, 1936).

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

THANKSGIVING DAY—1935

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

November 12, 1935.

A PROCLAMATION

Thursday, November 28, 1935, designated as Thanksgiving Day.

I, FRANKLIN D. ROOSEVELT, President of the United States of America, hereby designate Thursday, the twenty-eighth of November, 1935, as a Day of National Thanksgiving.

In traversing a period of national stress our country has been knit together in a closer fellowship of mutual interest and common purpose. We can well be grateful that more and more of our people understand and seek the greater good of the greater number. We can be grateful that selfish purpose of personal gain, at our neighbor's loss, less strongly asserts itself. We can be grateful that peace at home is strengthened by a growing willingness to common counsel. We can be grateful that our peace with other nations continues through recognition of our own peaceful purpose.

But in our appreciation of the blessings that Divine Providence has bestowed upon us in America, we shall not rejoice as the Pharisee rejoiced. War and strife still live in the world. Rather, must America by example and in practice help to bind the wounds of others, strive against disorder and aggression, encourage the lessening of distrust among peoples and advance peaceful trade and friendship.

The future of many generations of mankind will be greatly guided by our acts in these present years. We hew a new trail.

Recommendation.

Let us then on the day appointed offer our devotions and our humble thanks to Almighty God and pray that the people of America will be guided by Him in helping their fellow men.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the United States to be affixed.

CONTRIBUTIONS TO AMERICAN RED CROSS FOR FLOOD RELIEF

March 19, 1936.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

American Red Cross. Contributions to, for flood relief requested.

Flood waters raging throughout eleven states have driven 200,000 people from their homes, with every indication that this number may be materially increased within the next twenty-four hours. In this grave emergency the homeless are turning to our great national relief agency, the American Red Cross, for food, clothing, shelter and medical care.

To enable the Red Cross to meet this immediate obligation and to continue to carry the burden of caring for these unfortunate men, women and children until their homes are restored and they can return to normal living conditions, it is necessary that a minimum relief fund of three million dollars be raised as promptly as possible.

As President of the United States and as President of the American Red Cross, I am, therefore, urging our people to contribute promptly and most generously so that sufficient funds may be available for the relief of these thousands of our homeless fellow citizens. I am confident that in the face of this great need your response will be as immediate and as generous as has always been the case when the Red Cross has acted as your agent in the relief of human suffering.

EXECUTIVE AGREEMENTS

Protocol and exchange of notes between the United States of America and Mexico relative to general claims. Signed at Mexico City, April 24, 1934; ratified by the President, January 14, 1935; ratified by Mexico, November 23, 1934; ratifications exchanged at Washington, February 1, 1935; proclaimed, February 1, 1935.

April 24, 1934.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS a protocol[1] relative to claims presented to the General Claims Commission established by the convention of September 8, 1923, between the United States of America and the United Mexican States was signed by their respective Plenipotentiaries on the twenty-fourth day of April, one thousand nine hundred and thirty-four, the original of which protocol, being in the English and Spanish languages is word for word as follows:

Protocol with Mexico relative to General Claims Commission. Vol. 43, p. 1730; Vol. 48, p. 1844. *Ante*, p. 3128.

PROTOCOL RELATIVE TO CLAIMS PRESENTED TO THE GENERAL CLAIMS COMMISSION, ESTABLISHED BY THE CONVENTION OF SEPTEMBER 8, 1923.

Josephus Daniels, Ambassador Extraordinary and Plenipotentiary of the United States of America to the Government of Mexico, and José Manuel Puig Casauranc, Secretary for Foreign Affairs of the United Mexican States, duly authorized, have agreed on behalf of their two Governments to conclude the following Protocol:

Whereas, It is the desire of the two Governments to settle and liquidate as promptly as possible those claims of each Government against the other which are comprehended by, and which have been filed in pursuance of, the General Claims Convention between the two Governments, concluded on September 8, 1923;

PROTOCOLO RELATIVO A LAS RECLAMACIONES PRESENTADAS ANTE LA COMISION GENERAL DE RECLAMACIONES CREADA POR LA CONVENCION DE 8 DE SEPTIEMBRE DE 1923.

Josephus Daniels, Embajador Extraordinario y Plenipotenciario de los Estados Unidos de América ante el Gobierno de México, y José Manuel Puig Casauranc, Secretario de Relaciones Exteriores de los Estados Unidos Mexicanos, debidamente autorizados, convienen en firmar, en nombre de sus respectivos Gobiernos, el siguiente Protocolo:

Plenipotentiaries.

Considerando que es el deseo de ambos Gobiernos arreglar y liquidar, tan pronto como sea posible, las reclamaciones de cada uno de los dos Gobiernos en contra del otro, comprendidas en la Convención General de Reclamaciones celebrada el 8 de septiembre de 1923 entre los dos Gobiernos y registradas de acuerdo con la misma;

[1] NOTE BY THE DEPARTMENT OF STATE: The text of the Protocol between the United States of America and Mexico relative to general claims, signed April 24, 1934, which was printed in Volume 48 of the United States Statutes at Large, pages 1844–1854, is reprinted here together with the President's proclamation and the exchange of notes which were signed on February 1, 1935, after the publication of Volume 48 of the United States Statutes at Large.

Whereas, It is not considered expedient to proceed, at the present time, to the formal arbitration of the said claims in the manner provided in that Convention;

Whereas, It is considered to be conducive to the best interests of the two Governments, to preserve the *status quo* of the General Claims Convention above mentioned and the Convention extending the duration thereof, which latter was concluded on June 18, 1932, as well as the agreement relating to agrarian claims under Article I of the additional Protocol of June 18, 1932;

Whereas, It is advisable to endeavor to effect a more expeditious and more economical disposition of the claims, either by means of an *en bloc* settlement or a more simplified method of adjudication, and

Whereas, In the present state of development of the numerous claims the available information is not such as to permit the two Governments to appraise their true value with sufficient accuracy to permit of the successful negotiation of an *en bloc* settlement thereof at the present time;

Therefore, It is agreed that:

Proceedings.

First.—The two Governments will proceed to an informal discussion of the agrarian claims now pending before the General Claims Commission, with a view to making an adjustment thereof that shall be consistent with the rights and equities of the claimants and the rights and obligations of the Mexican Government, as provided by the General Claims Protocol of June 18, 1932. Pending such discussion no agrarian claims will be presented to the Commissioners referred to in Clause Third nor, in turn, to the Umpire referred to in Clause Fifth of this Protocol; but memorials of cases not yet memorial-

Considerando que no se juzga viable, en los momentos actuales, proceder al arbitraje formal de dichas reclamaciones mediante el procedimiento que establece la Convención mencionada;

Considerando que se juzga conducente para los mejores intereses de ambos Gobiernos conservar el "*statu quo*" de la Convención General de Reclamaciones arriba mencionada y de la Convención de Prórroga celebrada el 18 de junio de 1932, así como de lo convenido para las reclamaciones agrarias en el Artículo I del Protocolo adicional de 18 de junio de 1932;

Considerando que conviene intentar la resolución más rápida y más económica de las reclamaciones, ya sea por medio de un arreglo global o de un método más simplificado para fallarlas, y

Considerando que en el presente estado de tramitación de las numerosas reclamaciones, los datos de que se dispone son de tal naturaleza que no permiten a los dos Gobiernos estimar el verdadero valor de ellas con exactitud suficiente para permitir la negociación con éxito de un arreglo global de las mismas en los momentos actuales;

Por tanto, queda convenido que:

Primero.—Los dos Gobiernos procederán a discutir, de manera informal, las reclamaciones agrarias pendientes en la actualidad ante la Comisión General de Reclamaciones, con el propósito de llegar a un arreglo con respecto a ellas, en consonannancia con la equidad y con los derechos de los reclamantes y con los derechos y obligaciones del Gobierno Mexicano, según lo establecido por el Protocolo de la Comisión General de 18 de junio de 1932. Mientras esté pendiente esta discusión, no se presentarán reclamaciones agrarias a los Comisionados a que se refiere la Claúsula Tercera, ni, en su caso, al Arbitro a que alude

ized may be filed in order to regularize the awards made upon the agreed adjustments.

Consequently, the subsequent provisions of this Protocol shall apply to agrarian claims only insofar as they do not conflict with the status thereof, as exclusively fixed by the terms of the agreed Article I of the additional protocol to the extension of the General Claims Convention, signed June 18, 1932.

Second.—The two Governments shall proceed, in accordance with the provisions of clause Sixth below, promptly to complete the written pleadings and briefs in the remaining unpleaded and incompletely pleaded cases.

Third.—Each Government shall promptly designate, from among its own nationals, a Commissioner, who shall be an outstanding jurist and whose function it shall be to appraise, on their merits, as rapidly as possible, the claims of both Governments which have already been fully pleaded and briefed and those in which the pleadings and briefs shall be completed in accordance herewith.

Fourth.—Six months before the termination of the period herein agreed upon for the completion of the pleadings and briefs referred to in Clause Sixth or at an earlier time should they so agree, the said Commissioners shall meet, at a place to be agreed upon by them, for the purpose of reconciling their appraisals. They shall, as soon as possible, and not later than six months from the date of the completion of the pleadings and briefs, submit to the two Governments a joint report of the results of

la Claúsula Quinta de este Protocolo; pero podrán presentarse Memoriales de los casos en que aun no se hayan presentado, con objeto de formalizar los fallos que se dicten sobre los arreglos propalados.

Consideration of agrarian claims.

Por consiguiente, las disposiciones subsecuentes de este Protocolo serán aplicables a las reclamaciones agrarias únicamente en lo que no se opongan a la situación de dichas reclamaciones, como está fijada exclusivamente por los términos del Artículo I pactado en el Protocolo adicional a la Convención de Prórroga de la Convención General de Reclamaciones, firmada en 18 de junio de 1932.

Procedure to be followed.

Segundo.—Los dos Gobiernos, de acuerdo con las disposiciones de la Cláusula Sexta de este Protocolo, procederán desde luego a completar los escritos y alegatos en los casos en que éstos no se hayan presentado o estén incompletos.

Each party to appoint a Commissioner.

Tercero.—Cada uno de los dos Gobiernos designará en breve plazo a un Comisionado de su propia nacionalidad, quien deberá ser un destacado jurisconsulto y cuyas funciones serán las de estimar en cuanto a sus fundamentos y tan rápidamente como sea posible, las reclamaciones de ambos Gobiernos, en las cuales hayan sido completados todos los escritos y alegatos, así como aquellas en que hayan de completarse tales escritos y alegatos según lo dispuesto por este Protocolo.

Qualifications, functions, etc.

Reconciling appraisals.

Cuarto.—Seis meses antes de vencer el plazo para completar los escritos y alegatos a que se refiere la Cláusula Sexta, o en alguna fecha anterior, en caso de que así lo convengan, los referidos Comisionados se reunirán en el lugar que designen de común acuerdo con el objeto de armonizar sus estimaciones. Tan pronto como sea posible y dentro de los seis meses contados desde la fecha en que se completen los escritos y alegatos, presentarán a los dos Gobiernos un dictamen conjunto sobre el resultado de sus

Fifth.—The two Governments shall, upon the basis of such joint report, and with the least possible delay, conclude a convention for the final disposition of the claims, which convention shall take one

In this latter event, the two above-mentioned Commissioners shall be required to record their agreements with respect to individual claims and the bases upon which their conclusions shall have been reached in the respective cases.

Quinto.—Los dos Gobiernos, sobre la base del referido dictamen conjunto, y con el menor retardo posible, celebrarán una Convención para la resolución definitiva de las reclamaciones, debiendo en dicha Convención adoptarse una u otra de las dos formas siguientes, a saber: primero, la de un convenio para un arreglo global de las reclamaciones, en el que se estipulará la cantidad líquida que habrá de pagar alguno de los dos Gobiernos y las condiciones en que se habrá de efectuar tal pago; o, segundo, la de un convenio para la resolución de las reclamaciones sobre los fundamentos de cada una. En este último caso, se exigirá a los dos Comisionados arriba mencionados, que hagan constar los acuerdos celebrados por ellos con respecto a cada una de las reclamaciones y los fundamentos en que se basen sus conclusiones, en el caso respectivo.

El dictamen que rindan será aceptado, por medio de la Convención que celebren los dos Gobiernos, como la resolución definitiva y final de dichos casos. Con respecto a los casos en que los Comisionados no hayan podido ponerse de acuerdo, los dos Gobiernos, en esa misma Convención, estipularán que los escritos y alegatos presentados en ellos, juntamente con las opiniones escritas de los dos Comisionados sobre los fundamentos de las reclamaciones respectivas, se someterán a un Arbitro cuyos fallos escritos serán aceptados también por ambos Gobiernos como definitivos y obligatorios. Todo lo que se refiere a designación de Arbitro, período de tiempo de que dispondrá para fallar y mo-

to his work shall be fixed in a Convention to be negotiated under provisions of this Clause.

Sixth.—The procedure to be followed in the development of the pleadings and briefs, which procedure shall be scrupulously observed by the Agents of the two Governments, shall be the following:

(*a*) The time allowed for the completion of the pleadings and briefs shall be two years counting from a date hereafter to be agreed upon by the two Governments by an exchange of notes, which shall not be later than November 1, 1934.

(*b*) The pleadings and briefs of each Government shall be filed at the Embassy of the other Government.

(*c*) The pleadings and briefs to be filed shall be limited in number to four, namely, Memorial, Answer, Brief and Reply Brief. Only three copies of each need be presented to the other Agent, but four additional copies shall be retained by the filing Agency for possible use in future adjudication. Each copy of Memorial, Answer and Brief shall be accompanied by a copy of all evidence filed with the original thereof. The pleadings and briefs, which may be in either English or Spanish at the option of the filing Government, shall be signed by the respective Agents or properly designated substitutes.

(*d*) With the Memorial the claimant Government shall file all the evidence on which it intends to rely. With the Answer the respondent Government shall file all the evidence upon which it intends to rely. No further evidence shall be filed by either side except such evidence, with the Brief, as rebuts evidence filed with the Answer. Such evidence shall be strictly limited to evidence in rebuttal and there shall be explained at the beginning of the Brief the alleged justification

Pleadings and briefs.

Sexto.—El procedimiento que se seguirá en el desarrollo de los escritos y alegatos, procedimiento que observarán escrupulosamente los Agentes de los dos Gobiernos, será el siguiente:

(*a*) El plazo concedido para completar los escritos y alegatos será de dos años contados desde la fecha en que posteriormente convengan los dos Gobiernos por medio de un cambio de notas, que no se efectuará más tarde del 1° de noviembre de 1934.

(*b*) Los escritos y alegatos de cada uno de los dos Gobiernos serán presentados en la Embajada del otro Gobierno.

(*c*) Los escritos y alegatos que se presenten quedan limitados a cuatro, a saber: el Memorial, la Contestación, el Alegato y el Alegato de Réplica. Sólo será necesario presentar tres copias de cada uno al otro Agente, pero la Agencia que los presente conservará cuatro ejemplares adicionales para que se puedan usar al resolverse los casos en el futuro. Cada una de las copias de tales Memoriales, Contestaciones y Alegatos irá acompañada de una copia de todas las pruebas presentadas con el escrito original. Los escritos y alegatos, que podrán presentarse en inglés o en español, a voluntad del Gobierno que los presente, estarán firmados por los Agentes respectivos o por substitutos de éstos designados en debida forma.

Evidence.

(*d*) Con el Memorial, el Gobierno demandante presentará todas las pruebas en que se funde. Con su Contestación, el Gobierno demandado presentará todas las pruebas en que piense apoyarse. No se presentará prueba adicional alguna por ninguna de las dos partes exceptuando las pruebas que se presenten con el Alegato para refutar las pruebas presentadas con la Contestación. Tales constancias se limitarán a pruebas de refutación y se expresará al principio del Alegato las justi-

for the filing thereof. If the other side desires to object to such filing, its views may be set forth in the beginning of the Reply Brief, and the Commissioners, or the Umpire, as the case may require, shall decide the point, and if it is decided that the evidence is not in rebuttal to evidence filed with the Answer, the additional evidence shall be entirely disregarded in considering the merits of the claim.

Commissioners may order further evidence.

The Commissioners may at any time order the production of further evidence.

(*e*) In view of the desire to reduce the number of pleadings and briefs to a minimum in the interest of economy of time and expense, it shall be the obligation of both Agents fully and clearly to state in their Memorials the contention of the claimant Government with respect to both the factual bases of the claims in question and the legal principles upon which the claims are predicated and, in the Answer, the contentions of the respondent Government with regard to the facts and legal principles upon which the defense of the case rests. In cases in which Answers already filed do not sufficiently meet this provision so as to afford the claimant Government an adequate basis for preparing its legal Brief with full general knowledge of the factual and legal defenses of the respondent Government, it shall have the right to file a Counter Brief within thirty days following the date of filing the Reply Brief.

(*f*) For the purposes of the above pleadings and briefs, as well as the appraisals and decisions of the two Commissioners and the decisions of the Umpire, above mentioned, the provisions of the General Claims Convention of September 8, 1923, shall be considered as fully effective and binding upon the two Governments, except insofar as concerns the matter of procedure, which shall be that provided for herein.

ficaciones que se tengan para presentar dichas pruebas. Si la otra parte deseare objetar su presentación, sus objeciones pueden manifestarse al principio del Alegato de Réplica, y los Comisionados o el Arbitro, según sea el caso, decidirán el punto. Si se resolviera que las pruebas no refutan las presentadas con la Contestación, las adicionales no se tomarán en cuenta al considerarse los fundamentos de la reclamación.

Los Comisionados podrán en cualquier tiempo pedir que se presenten pruebas adicionales.

(*e*) En vista del deseo que hay de reducir el número de los escritos y alegatos al mínimo, en provecho de la economía de tiempo y gastos, será obligación de ambos Agentes exponer amplia y claramente en sus Memoriales los argumentos del Gobierno demandante con respecto tanto a los hechos en que se base alguna reclamación como a los principios jurídicos en que se funde, y, en la Contestación, los argumentos del Gobierno demandado relativos a los hechos y principios jurídicos en que se apoye la defensa del caso. En los casos en que las Contestaciones ya presentadas no se ajusten exactamente a esta disposición para dar al Gobierno reclamante una base adecuada para la preparación de su Alegato con perfecto conocimiento de los hechos y excepciones legales del Gobierno demandado, tendrá el derecho de presentar un Contra-alegato dentro de los treinta días siguientes a la fecha de la presentación del Alegato de Réplica.

(*f*) Por lo que respecta a los escritos y alegatos arriba mencionados, así como a las estimaciones y fallos de los dos Comisionados y los fallos del Arbitro, se considerarán como plenamente efectivas y obligatorias para ambos Gobiernos las disposiciones de la Convención General de Reclamaciones de 8 de septiembre de 1923, salvo en lo que respecta a la materia de procedimientos, la cual se regirá por el presente Protocolo.

(*g*) Whenever practicable, cases of a particular class shall be grouped for memorializing and/or for briefing.

(*h*) In order that the two Agents may organize their work in the most advantageous manner possible and in order that the two-year period allowed for pleadings and briefs may be utilized, in a manner which shall be most equitable to both sides, each Agent shall, within thirty days from the beginning of the two-year pleading period, submit to the other Agent a tentative statement showing the total number of Memorials and Briefs such Agent intends to file. Six months after the beginning of the two-year pleading period, the two Agents shall respectively submit in the same manner statements setting out definitely by name and docket number the claims in which it is proposed to complete the pleadings and briefs, indicating those in which they intend to combine cases in the manner indicated in paragraph (*g*) above. The number of pleadings and briefs so indicated shall not, except by later agreement between the two Governments, be exceeded by more than ten percent.

(*i*) In order to enable the Agencies to distribute their work equally over the two-year pleading period, each Agency shall be under the obligation to file its Memorials at approximately equal intervals during the first seventeen months of the two-year period, thus allowing the remaining seven months of the period for the completion of the pleadings and briefs in the last case memorialized. The same obligation shall attach with respect to the filing of the pleadings and briefs referred to in paragraph (*k*) below.

(*g*) Siempre que sea factible, se agruparán los casos de una clase determinada, para la presentación de los Memoriales y de los Alegatos, o de cualquiera de los dos.

(*h*) Para que los dos Agentes puedan organizar sus trabajos en la forma más eficiente que sea posible, y para que el período de dos años concedidos para la presentación de escritos y alegatos se pueda aprovechar del modo más equitativo para ambas partes, cada uno de los dos Agentes, dentro de los treinta días siguientes al comienzo de dicho período de dos años para la presentación de tales escritos, deberá presentar al otro Agente un estado previo que demuestre el número total de Memoriales y Alegatos que piense presentar. A los seis meses contados desde el comienzo del referido período de dos años para la presentación de escritos, los dos Agentes presentarán respectivamente, en la misma forma, estados que expongan definitivamente, especificando los nombres y números de registro, las reclamaciones en las que se propongan completar los escritos y alegatos con la indicación de los casos en que piensen agruparlos del modo indicado en el inciso (*g*) anterior. El número de escritos y alegatos mencionados no deberá, salvo acuerdo posterior entre los dos Gobiernos, excederse en más de un diez por ciento.

Time limit for filing Memorials.

(*i*) Para que las Agencias puedan distribuir sus trabajos uniformemente en todo el período de dos años para presentación de escritos, cada una de ellas estará obligada a presentar sus Memoriales a intervalos más o menos iguales durante los primeros diecisiete meses del referido período, a efecto de que durante los siete meses restantes se completen los escritos y alegatos en el último caso en que se hubiere presentado Memorial. Esta misma obligación existirá con respecto a la presentación de los escritos y alegatos a que se refiere el inciso (*k*) más adelante.

Answers.

(*j*) The time to be allowed for filing Answers shall be seventy days from the date of filing Memorials. The time to be allowed for filing Briefs shall be seventy days from the date of filing the Answers. The time to be allowed for filing Reply Briefs shall be seventy days from the date of filing the Briefs.

(*k*) In those cases in which some pleadings or briefs were filed with the General Claims Commission before the date of signature hereof, the Agency which has the right to file the next pleading or brief shall be allowed to determine when that document shall be filed, taking into consideration the necessity of complying with the provisions of paragraph (*i*) above.

(*l*) In counting the seventy-day periods mentioned in paragraph (*j*) above, no deductions shall be made for either Sundays or holidays. The date of filing the above described pleadings and briefs shall be considered to be the date upon which they shall be delivered at the Embassy of the other Government. If the due date shall fall on Sunday or a legal holiday, the pleading or brief shall be filed upon the next succeeding business day. The two Governments shall, for this purpose, instruct their respective Embassies to receive and give receipts for such pleadings and briefs any weekday between the hours of 10 and 16 (4 p.m.) except on the following legal holidays of both countries:

(*j*) El plazo que se concede para la presentación de Contestaciones será de setenta días contados desde la fecha de la presentación de los Memoriales. El plazo para la presentación de Alegatos será de setenta días contados desde la fecha de la presentación de las Contestaciones. El plazo para la presentación del Alegato de Réplica será de setenta días, contados desde la fecha de la presentación de los Alegatos.

(*k*) En aquellos casos en que se hayan presentado algunos escritos o alegatos ante la Comisión General de Reclamaciones con anterioridad a la fecha de la firma del presente Protocolo, la Agencia que tenga derecho a presentar el escrito o alegato siguiente estará autorizada para determinar la fecha en que se haya de presentar tal documento, tomando en consideración la necesidad que hay de cumplir las disposiciones del inciso (*i*) anterior.

(*l*) Al contar los períodos de setenta días de que habla el inciso (*j*) anterior, no se harán deducciones por concepto de domingos ni días de fiesta. La fecha de la presentación de los escritos y alegatos antes mencionados se considerará que es la fecha en que sean entregados en la Embajada del otro Gobierno. Si la fecha de vencimiento cayere en algún domingo o día de fiesta oficial, el escrito o alegato se presentará en el día hábil siguiente. Los dos Gobiernos, con este objeto, darán instrucciones a sus Embajadas respectivas de recibir y dar recibos por tales escritos y alegatos en todos los días hábiles, entre las 10 y las 16 horas, exceptuando los siguientes días de fiesta oficiales de ambos países:

(*m*) In view of the herein prescribed limitations upon the time allowed for the completion of the work of the Agencies and the Commissioners, it is recognized that the success of this simplified plan of procedure depends fundamentally upon the prompt and regular filing of the pleadings and briefs in accordance with the provisions of this Protocol. It is agreed, therefore, that any pleading or brief which shall be filed more than thirty days after the due date for the filing thereof, shall be disregarded by the Commissioners and the Umpire, and that the respective case shall be considered by them upon the pleadings and briefs preceding the tardy pleadings and briefs, unless, by agreement of the two Governments, the continued pleading of the respective case shall be resumed.

(*n*) It shall not be necessary to present original evidence but all documents hereafter submitted as evidence shall be certified as true and complete copies of the original if they be such. In the event that any particular document filed is not a true and complete copy of the original, that fact shall be so stated in the certificate.

(*o*) The complete original of any document filed, either in whole or in part, shall be retained in the Agency filing the document and shall be made available for inspection by any authorized representative of the Agent of the other side.

(*p*) Where the original of any document or other proof is filed at any Government office on either side, and cannot be conveniently withdrawn, and no copy of such document is in the possession of the Agent of the Government desiring to present the same to the Commissioners in support of the allegations set out

(*m*) En vista de las limitaciones prescritas en este protocolo respecto al período de tiempo fijado para la terminación de las labores de las Agencias y de los Comisionados, se reconoce que el éxito de este plan simplificado de procedimiento depende, fundamentalmente, de la presentación puntual y regular de los escritos y alegatos en los términos establecidos por las disposiciones de este Protocolo. Se conviene, por consiguiente, que cualquier escrito o alegato que se entregue más de treinta días después de la fecha fijada para su presentación, no será tomado en cuenta por los Comisionados y el Arbitro, y que el caso de que se trate será considerado por ellos únicamente sobre la base de los escritos y alegatos que precedan al que se hubiere presentado extemporáneamente, a menos de que, por acuerdo entre ambos Gobiernos, se autorice la continuación de las alegaciones en el caso respectivo.

(*n*) No será necesario presentar las pruebas originales, pero todos los documentos que de hoy en adelante se presenten en calidad de pruebas, serán certificados como copias fieles y completas de sus originales si así lo fueren. En el caso de que algún documento determinado que se presente no sea copia fiel y completa del original, ese hecho se hará constar en la certificación.

(*o*) El original completo de cualquier documento presentado, ya sea total o parcialmente, será conservado en la Agencia que lo presente y estará disponible para su inspección por cualquier representante autorizado del Agente de la otra parte.

(*p*) Cuando el original u otra prueba esté archivado en las oficinas de cualquiera de los dos Gobiernos, y no pueda ser retirado facilmente, ni exista copia de tal documento en poder del Agente del Gobierno que desee presentarlo a los Comisionados, en apoyo de los puntos contenidos en sus escritos o alegatos, enton-

in his pleadings or briefs, he shall notify the Agent of the other Government in writing of his desire to inspect such document. Should such inspection be refused, then the action taken in response to the request to inspect, together with such reasons as may be assigned for the action taken, shall be reported to the Commissioners and, in turn, to the Umpire mentioned in Clause Fifth of this Protocol, so that due notice thereof may be taken.

February 16 and May 23, 1934.

The American Ambassador (Dearing) to the Peruvian Minister for Foreign Affairs (Polo)

No. 562 EMBASSY OF THE UNITED STATES OF AMERICA,
Lima, February 16, 1934.

EXCELLENCY:

Upon instructions from my Government, I have the honor to bring the following matter to Your Excellency's attention:

Arrangement with Peru concerning radio communications between amateur stations on behalf of third parties.

An important restriction upon the international exchange of messages by amateur radio stations on behalf of third parties was incorporated in Article 8 of the Radio Regulations annexed to the International Telecommunication Convention of Madrid, of which Sections 1 and 2 read as follows:

"§1. The exchange of communications between amateur stations and between private experimental stations of different countries shall be forbidden if the Administration of one of the countries concerned has given notice of its opposition to this exchange.

"§2. (1) When this exchange is permitted, the communications must be carried out in plain language and be limited to messages having to do with experiments and remarks of a private nature for which, by reason of their unimportance, there could be no question of resorting to the public telegraph service. Owners of amateur stations shall be strictly prohibited from transmitting international communications emanating from third parties.

"(2) The above provisions may be modified by special arrangements between the interested countries."

This prohibition upon the exchange of third party messages was not contained in the earlier Radio Regulations, and in deference to the wishes of those governments which might wish to permit the international exchange of such messages, the provision permitting the relaxation of the prohibition by special arrangements was introduced.

The Radio Regulations of Madrid were signed on behalf of Peru and the United States, but they have not yet been ratified by the United States, nor so far as my Government is aware, have they been ratified by Peru. In view of the possible future ratification of the Regulations, however, it is believed desirable to keep the prohibition above quoted from applying at the time of such ratification to messages transmitted by amateur radio stations on behalf of third parties.

In recognition of the important services which amateurs have rendered in the development of radio, my Government is suggesting to a number of other governments the conclusion of agreements which would give radio amateurs some relaxation from the restriction introduced at Madrid by authorizing, within narrow limits, the exchange of messages on behalf of third parties. Such relaxation of the restriction, however, would be of a kind which would not permit radio amateurs to compete with public or commercial radio or telegraph systems.

The proposed agreement refers only to messages exchanged on behalf of third parties, for, under the Madrid regulations, operators of amateur stations may exchange international messages on their own behalf in the absence of a prohibition upon such exchange by one of the interested governments.

I therefore suggest to Your Excellency, and my Government hopes that that of Peru will agree to, an exchange of notes in the following terms:

"Amateur radio stations of Peru and of the United States may interchange messages on behalf of third parties, provided that such messages shall be of the character that would not normally be sent by any existing means of electrical communication or except for the availability of the amateur stations, and on which no compensation must be directly or indirectly paid.

"This arrangement shall apply to the United States and its territories and possessions including Alaska, the Hawaiian Islands, Puerto Rico, the Virgin Islands, the Panama Canal Zone and the Philippine Islands.

"This arrangement shall be subject to termination by either government on sixty days' notice to the other government, by further arrangement between the two governments dealing with the same subject, or by the enactment of legislation in either country inconsistent therewith."

I avail myself of this occasion to extend to Your Excellency the renewed assurance of my highest consideration.

The Peruvian Minister for Foreign Affairs (Polo) to the American Ambassador (Dearing)

Número 50. MINISTERIO DE RELACIONES EXTERIORES,
Lima, 23 de mayo de 1934.

SEÑOR EMBAJADOR:

Tengo a honra referirme a la estimable nota de Vuestra Excelencia No. 562, en la que se sirvió sugerir un intercambio de notas entre la Embajada a su digno cargo y este Ministerio, sobre el envío de

mensajes de terceros por las estaciones de radio de amateurs en la forma siguiente:

"Las estaciones de radio de amateurs del Perú y de los Estados Unidos pueden efectuar el intercambio de mensajes a terceros, con tal que dichos mensajes sean de tal clase que no puedan ser enviados por cualquier medio existente de comunicación eléctrica o excepto para el aprovechamiento de las estaciones de ameterus y para los que no haya que pagar compensación alguna directa o indirectamente."

"Este acuerdo se aplicará en los Estados Unidos y sus territorios y posesiones incluyendo Alaska, Las Islas Hawai, Puerto Rico, Isla de la Virgen, la Zona del Canal de Panamá y las Islas Filipinas."

"Cualquiera de los Gobiernos podrá poner fin a este acuerdo con un aviso previo de sesenta días dado por un Gobierno al otro, por un nuevo arreglo entre los dos Gobiernos concerniente al mismo asunto, o por la promulgación de una ley en cualesquiera de los países, contraria a dicho acuerdo."

Me es grato manifestar a Vuestra Excelencia que mi Gobierno acepta gustoso la propuesta que ha tenido a bien trasmitir en su citada nota, en los términos que anteceden.

Aprovecho la oportunidad para reiterarle, señor Embajador, las seguridades de mi más alta y distinguida consideración.

EXCHANGE OF NOTES BETWEEN THE SECRETARY OF STATE OF THE UNITED STATES OF AMERICA AND THE SECRETARY OF STATE OF THE REPUBLIC OF CUBA

Exchange of notes.

The Secretary of State (Hull) to the Secretary of State of Cuba (Torriente)

DEPARTMENT OF STATE,
Washington, August 24, 1934.

EXCELLENCY:

I have the honor to confirm my understanding of the views developed by the conversations which have recently taken place at Habana between the Government of the United States of America and the Government of the Republic of Cuba with reference to the exportation of avocados and pineapple slips from Cuba to the United States of America, its territories and possessions, as follows:

Cuban exports of avocados and pineapple slips.

The conversations between the two Governments have resulted in a mutual understanding that the Government of Cuba agrees not to permit the exportation of avocados to the United States of America by any carrier clearing from the final Cuban port or place of call except during the period from June 1 to September 30, inclusive, of each year, beginning with the calendar year 1935, and that the Government of Cuba will promulgate forthwith and enforce the regulations necessary to make this commitment effective.

These conversations between the two Governments have also developed a further understanding that the Cuban Government will permit the exportation of pineapple slips to the United States of America, its territories and possessions, subject to such regulations as the Cuban Department of Agriculture may establish. I shall be obliged if I may receive your confirmation of the correctness of this understanding.

I am happy to avail myself of this opportunity to renew to you, Excellency, the assurances of my highest and most distinguished consideration.

CORDELL HULL
Secretary of State of the United States of America.

Dr. COSME DE LA TORRIENTE,
Secretary of State of Cuba,

The Secretary of State of Cuba (Torriente) to the Secretary of State (Hull)

EMBAJADA DE CUBA,
Washington, 24 de agosto de 1934.

EXCELENCIA:

Tengo el honor de acusar recibo de su nota de fecha de hoy, en que me comunica la opinión que ha formado en las conversaciones que tuvieron lugar recientemente en la Habana entre el Gobierno de los Estados Unidos de América y el Gobierno de la República de Cuba con referencia a la exportación de aguacates e hijos de piña de Cuba a los Estados Unidos de América, sus territorios y posesiones.

El criterio de Vuestra Excelencia está exactamente de acuerdo con el mío. Las conversaciones entre los dos Gobiernos han culminado en un acuerdo por el cual el Gobierno de Cuba no permitirá la exportación de aguacates a los Estados Unidos de América por ningún medio de transporte, despachado del puerto terminal cubano o punto de escala excepto durante el periodo de 1° de junio a 30 de septiembre, inclusive, de cada año, empezando con el año corriente de 1935, y que el Gobierno de Cuba promulgará inmediatamente y hará cumplir los reglamentos necesarios para hacer efectivo este compromiso.

Estas conversaciones entre los dos Gobiernos han producido también el entendimiento adicional de que el Gobierno de Cuba permitirá la exportación de los hijos de piña para los Estados Unidos de América, sus territorios y posesiones, sujeta a los reglamentos que el Departamento de Agricultura de Cuba pueda dictar.

Aprovecho esta oportunidad para reiterar a Vuestra Excelencia las seguridades de mi más alta consideración.

COSME DE LA TORRIENTE
Secretario de Estado de la República de Cuba.

A Su Excelencia
Mr. CORDELL HULL,
Secretario de Estado,
Washington.

The British Ambassador (Lindsay) to the Secretary of State (Hull)

No. 305

BRITISH EMBASSY,
Washington, D. C., September 11th, 1934.

SIR,

Reciprocal recognition of certificates of airworthiness for imported aircraft.

I have the honour, under instructions from His Majesty's Principal Secretary of State for Foreign Affairs, to state that His Majesty's Government in the United Kingdom of Great Britain and Northern Ireland are prepared, in consideration of a reciprocal undertaking by the Government of the United States of America, and so long as they are satisfied that an adequate standard of airworthiness is maintained and enforced in the United States, to accord, subject to the conditions hereinafter set out, the following treatment to civil aircraft in respect of which a United States certificate, as defined below, has been issued:—

2. For the purposes of this Note the term "United States certificate" means a certificate of airworthiness for export issued by the competent authorities of the Government of the United States in respect of a civil aircraft constructed in, and under the regulations in force in, the continental United States of America, excluding Alaska.

3. Subject to the terms of this Note, United States certificates issued in respect of aircraft subsequently registered in the United Kingdom shall be validated by the competent United Kingdom authorities and shall thereupon have the same effect as if they had been issued under the regulations in force in the United Kingdom.

4. Persons applying in the United Kingdom for the validation of a United States certificate will be required to produce with the application the under-mentioned documents or their equivalents:—

(*a*) A United States certificate granted within sixty days of the date of application; if such certificate is more than sixty days old the applicant will be required to obtain a renewal by the issuing authority before validation is effected. It is understood that the granting of the United States certificate of airworthiness for export will guarantee that the special requirements agreed between the competent United Kingdom and United States authorities have been complied with.

(*b*) An "inspection record" or similar document; this record will contain:—(i) a list of the serial numbers or other identification marks of all the principal components of the aircraft and items of equipment, or, alternatively, the principal components and items of

equipment will be identified by labels attached with lead seals and bearing the serial number of the aircraft; (ii) details of the performance of the aircraft in its official flight test, and particulars of the normal engine speed in flight (with the airscrew fitted to the particular aircraft) and of the normal engine consumption of petrol and oil; (iii) rigging particulars where applicable.

(*c*) A "weight schedule" showing the ascertained tare weight of the particular aircraft with details of all the items that are included in the tare weight and the individual weights of each of the removable items so included; this "weight schedule" or one of the documents referred to at (*a*) or (*b*) above will also contain particulars of the ascertained position of the centre of gravity of the particular type of aircraft in the "tare" condition, and will define the limits between which the centre of gravity may be allowed to move.

5. A validation conferred by the competent United Kingdom authorities in accordance with the terms of this Note will, on expiry, be renewed under the conditions laid down for the renewal of United Kingdom certificates. Reference to the United States authorities will not be made unless special circumstances require it in any particular case.

6. The competent United Kingdom authorities shall have the right to make the validation of United States certificates dependent on the fulfilment of any special conditions which are for the time being required for the issue of certificates of airworthiness in the United Kingdom. Information with regard to these special conditions will from time to time be communicated to the competent United States authorities.

7. The competent United Kingdom authorities may at any time revise their standard of airworthiness. Any such revised standard may, as in the case of other aircraft, be enforced in respect of aircraft whose certificates of airworthiness are validated in accordance with the terms of this Note. Facilities will be given as and when necessary for referring the particular problems arising from any such revised standard to the authorities responsible for the approval of the original design of the aircraft.

8. The competent United Kingdom authorities shall be free to give special consideration to any type of aircraft which in practice appears to them to be unsafe, and, if they consider it necessary, to withhold or suspend validation.

9. The competent United States authorities shall afford to the competent United Kingdom authorities the fullest opportunity from time to time to satisfy themselves regarding the standards as to materials, structural conditions, inspectional methods, etc., laid down and enforced in the United States.

10. The competent United States authorities shall keep the competent United Kingdom authorities fully and currently informed of all regulations in force in regard to the airworthiness of civil aircraft and any changes therein that may from time to time be effected.

11. (*a*) The competent United States authorities shall arrange for the effective communication to the competent United Kingdom authorities of particulars of "compulsory modifications" prescribed in the United States, for the purpose of enabling the United Kingdom authorities to require, should they see fit, these modifications to be made to aircraft of the types affected, whose certificates have been validated by them.

(*b*) The competent United States authorities shall, where necessary, afford the competent United Kingdom authorities facilities for dealing with "non-compulsory modifications" which are such as to affect the validity of certificates of airworthiness validated under the terms of this Note, or any of the other original conditions of validation. They will similarly give facilities for dealing with cases of major repairs carried out otherwise than by the fitting of spare parts supplied by the original constructors.

12. The competent United Kingdom authorities will, if so required and insofar as may be practicable, provide facilities for the tuition of technical officers of the United States in the special inspectional methods in use in the United Kingdom for any particular type of aircraft or aero engine.

13. The competent United Kingdom and United States authorities shall exchange full and frank information as to the performance of any aircraft of which the certificate of airworthiness has been validated under the terms of this Note on any matter of material importance for reasons of safety.

14. The competent United Kingdom and United States authorities shall each have the right to determine absolutely the interpretation of their regulations on any point of doubt or difficulty which may arise in the application of their own standard of airworthiness.

15. The question of the procedure to be followed in the application of the above provisions shall be the subject of direct correspondence, where necessary, between the competent United Kingdom and United States authorities.

16. His Majesty's Government in the United Kingdom may terminate the arrangements set out in this Note at any time by means of a notification in writing addressed to the Government of the United States to take effect two calendar months after the date of its receipt.

17. I shall be glad if you will inform me whether the Government of the United States concur in the terms of this Note and are willing to grant reciprocal treatment to aircraft in respect of which United Kingdom certificates of airworthiness have been issued.

I have the honour to be, with the highest consideration, Sir,
Your most obedient, humble servant,

DEPARTMENT OF STATE,
Washington, September 17, 1934.

EXCELLENCY:

Concurrence by the United States.

I have the honor to invite reference to your Note No. 305 of September 11, 1934, setting forth the treatment which the Government of the United Kingdom is prepared, in return for reciprocal treatment, to accord to civil aircraft in respect of which a United States certificate of airworthiness for export has been issued, and to state in reply that the Government of the United States of America concurs in its terms and is prepared, in return for the treatment therein specified, and so long as it is satisfied that an adequate standard of airworthiness is maintained and enforced in the United Kingdom, to accord, subject to the conditions hereinafter set out, the following treatment to civil aircraft in respect of which a United Kingdom certificate, as defined below, has been issued:

2. For the purposes of this Note the term "United Kingdom certificate" means a certificate of airworthiness issued by the competent authorities of the Government of the United Kingdom in respect of a civil aircraft constructed in, and under the regulations in force in, the United Kingdom; and the term "United States licence" means a civil aircraft licence issued by the competent authorities of the Government of the United States in respect of a civil aircraft constructed in and under the regulations in force in the continental United States of America, excluding Alaska.

3. Subject to the terms of this Note, United Kingdom certificates issued in respect of aircraft subsequently registered in the continental United States excluding Alaska shall be validated by the competent United States authorities and shall thereupon have the same effect as if they had been aircraft licences issued under the regulations in force in the continental United States excluding Alaska.

4. Persons applying in the United States for the validation of a United Kingdom certificate will be required to produce with the application the undermentioned documents or their equivalent:

(*a*) A United Kingdom certificate granted within sixty days of the date of application; if such certificate is more than sixty days old the applicant will be required to obtain a renewal by the issuing authority before validation is effected. It is understood that the "inspection record" issued with the United Kingdom certificate of airworthiness will be endorsed with a guarantee that the special requirements agreed between the competent United States and United Kingdom authorities have been complied with.

(*b*) An "inspection record" or similar document; this record will contain:— (1) a list of the serial numbers or other identification marks of all the principal components of the aircraft and items of equipment, or, alternatively, the principal components and items of equipment will be identified by labels attached with lead seals and bearing the serial number of the aircraft; (2) details of the performance of the aircraft in its official flight test, and particulars of the normal engine speed in flight (with the airscrew fitted to the

particular aircraft) and of the normal engine consumption of petrol and oil; (3) rigging particulars where applicable.

(*c*) A "weight schedule" showing the ascertained tare weight of the particular aircraft with details of all the items that are included in the tare weight and the individual weights of each of the removable items so included; this "weight schedule" or one of the documents referred to at (*a*) or (*b*) above will also contain particulars of the ascertained position of the centre of gravity of the particular type of aircraft in the "tare" condition, and will define the limits between which the centre of gravity may be allowed to move.

5. A validation conferred by the competent United States authorities in accordance with the terms of this Note will, on expiry, be renewed under the conditions laid down for the renewal of United States licences. Reference to the United Kingdom authorities will not be made unless special circumstances require it in any particular case.

6. The competent United States authorities shall have the right to make the validation of United Kingdom certificates dependent on the fulfilment of any special conditions which are for the time being required for the issue of aircraft licences in the United States. Information with regard to these special conditions will from time to time be communicated to the competent United Kingdom authorities.

7. The competent United States authorities may at any time revise their standard of airworthiness. Any such revised standard may, as in the case of other aircraft, be enforced in respect of aircraft whose certificates of airworthiness are validated in accordance with the terms of this Note. Facilities will be given as and when necessary for referring the particular problems arising from any such revised standard to the authorities responsible for the approval of the original design of the aircraft.

8. The competent United States authorities shall be free to give special consideration to any type of aircraft which in practice appears to them to be unsafe and, if they consider it necessary, to withhold or suspend validation.

9. The competent United Kingdom authorities shall afford to the competent United States authorities the fullest opportunity from time to time to satisfy themselves regarding the standards as to materials, structural conditions, inspectional methods, etc., laid down and enforced in the United Kingdom.

10. The competent United Kingdom authorities shall keep the competent United States authorities fully and currently informed of all regulations in force in regard to the airworthiness of civil aircraft and any changes therein that may from time to time be effected.

11. (*a*) The competent United Kingdom authorities shall arrange for the effective communication to the competent United States authorities of particulars of "compulsory modifications" prescribed in the United Kingdom, for the purpose of enabling the United States authorities to require, should they see fit, these modifications to be made to aircraft of the types affected, whose certificates have been validated by them.

(*b*) The competent United Kingdom authorities shall, where necessary, afford the competent United States authorities facilities for dealing with "noncompulsory modifications" which are such as to affect the validity of certificates of airworthiness validated under the terms of this Note or any of the other original conditions of validation. They will similarly give facilities for dealing with cases of major repairs carried out otherwise than by the fitting of spare parts supplied by the original constructors.

12. The competent United States authorities will, if so required and insofar as may be practicable, provide facilities for the tuition of technical officers of the United Kingdom in the special inspectional methods in use in the United States for any particular type of aircraft or aero engine.

13. The competent United States and United Kingdom authorities shall exchange full and frank information as to the performance of any aircraft of which the certificate of airworthiness has been validated under the terms of this Note on any matter of material importance for reasons of safety.

14. The competent United States and United Kingdom authorities shall each have the right to determine absolutely the interpretation of their regulations on any point of doubt or difficulty which may arise in the application of their own standard of airworthiness.

15. The question of the procedure to be followed in the application of the above provisions shall be the subject of direct correspondence, where necessary, between the competent United States and United Kingdom authorities.

16. The Government of the United States may terminate the arrangements set out in this Note at any time by means of a notification in writing addressed to the Government of the United Kingdom to take effect two calendar months after the date of its receipt.

17. I shall be glad if Your Excellency will inform me whether the Government of the United Kingdom concurs in the terms of this Note and regards them as affording the reciprocal treatment referred to in Your Excellency's Note under reply. I have the honor to suggest, in that event, that the arrangements set out in the two Notes shall take effect one calendar month from this day's date.

Accept, Excellency, the renewed assurances of my highest consideration.

SIR,

Concurrence by Great Britain.

I have the honour under instructions from His Majesty's Principal Secretary of State for Foreign Affairs to acknowledge the receipt of your Note of today's date, setting forth the treatment which the Government of the United States are prepared, in return for the reciprocal treatment set out in my Note No. 305 of September 11th, to accord to civil aircraft in respect of which United Kingdom certificates of airworthiness have been issued.

2. I have the honour to state in reply that His Majesty's Government in the United Kingdom of Great Britain and Northern Ireland concur in the terms of your Note under reply, and regard them as affording the reciprocal treatment referred to in my Note No. 305 of September 11th. His Majesty's Government in the United Kingdom also concur in your suggestion that the arrangements set out in the two Notes shall take effect one calendar month from this day's date.

I have the honour to be, with the highest consideration, Sir,
Your most obedient, humble servant,

[No. 69]

Arrangement effected by exchange of notes between the acting legal adviser of the Secretariat of the League of Nations and the American Consul at Geneva providing for the registration of treaties and other international agreements of the United States of America with the Secretariat of the League of Nations. Signed January 22 and 23, 1934, effective January 23, 1934. January 22 and 23, 1934.

The Acting Legal Adviser of the Secretariat of the League of Nations (McKinnon Wood) to the American Consul at Geneva (Gilbert)

LEAGUE OF NATIONS,
Geneva, January 22nd, 1934.

DEAR MR. GILBERT,

With reference to my recent conversations with you, I am authorised by the Secretary-General to confirm that provision for the registration with the Secretariat, by States not belonging to the League, of international agreements concluded by them is made in paragraph 13 of the memorandum regarding the registration and publication of treaties which was approved by the Council of the League of Nations on May 19th, 1920 (see Volume I, No. 1, of the Treaty Series, pp. 8–13). I annex the text of this paragraph in French and English. Arrangement for the registration of treaties, etc., of the United States of America with the Secretariat of the League of Nations.

Post, p. 3660.

You will observe from the terms of the paragraph that the Council recognised that such registration by a non-Member State would be absolutely voluntary.

It may be of interest for me to mention that, commencing in October 1920, Germany proceeded to register treaties with the Secretariat as contemplated in the paragraph, on the understanding that this did not imply that she considered herself as bound by the provisions of Article 18 of the Covenant (see Treaty Series, Volume II, p. 60). I might also mention that, since she ceased to be a member of the League, Brazil has continued to register treaties with the Secretariat.

In such cases a simple acknowledgment of the request for registration, and not a formal certificate of registration, is addressed by the Secretariat to the Government presenting a treaty for registration, in view of the fact that the registration is not legally obligatory.

Should, therefore, the United States decide to adopt the practice of registering international agreements concluded by it with the Secretariat, the position would be as follows:

a) Such registration would not involve acquiescence by the United States in the stipulation of Article 18 of the Covenant that no instrument shall be binding until registration.

b) Such registration would result in publication of treaties and executive agreements between the United States and Members of the League and likewise between the United States and other States

not Members of the League in the "League of Nations Treaty Series" in the same category and with the same promptitude as treaties registered by the Member States.

c) Such registration would result in the elimination of the delay in the publication of instruments which may hitherto have been caused by the suspension of publication of treaties sent to the Secretariat by the United States until appropriate notification had been made to the interested Member States.

If the United States requested registration of a treaty, such registration would be effected at once and the treaty be published in the same manner as though it had been presented by a Member State. Since registered treaties are published in the order of registration, the exact date at which a treaty appears in the Treaty Series necessarily depends on the progress made in producing the Series.

d) Such registration would not involve an obligation on the part of the United States to pay any charges or expenses.

I should perhaps add that under the memorandum approved by the Council, the instruments which the Secretariat registers comprise "not only every formal Treaty of whatsoever character and every International Convention, but also any other International Engagement or Act by which nations or their Governments intend to establish legal obligations between themselves and another State, Nation, or Government".

I am, Dear Mr. Gilbert,

Yours very sincerely,

H. McKINNON WOOD,
Acting Legal Adviser of the Secretariat.

"13. Dans cet ordre d'idées, on a suggéré de développer dès l'origine le système d'enregistrement des traités par le Secrétariat de la Société des Nations, de telle manière qu'il comprenne aussi l'enregistrement des traités, etc., conclus entre des Etats ou des collectivités qui n'auraient pas encore été admis comme Membres de la Société des Nations. On compléterait ainsi le système d'enregistrement des traités, et la collection des traités publiée dans la section des "Traités" du Journal Officiel de la Société des Nations. Bien qu'il s'agisse dans ce cas d'un enregistrement entièrement facultatif, le Secrétaire général propose d'accepter les demandes d'enregistrement des traités même au cas où aucune des parties ne serait au moment de la demande Membre de la Société des Nations.

"13. In connection with this last point, it has been suggested that the system of Registration of Treaties by the Secretariat of the League of Nations should from the beginning be so extended as to admit of the registration of Treaties, etc., made by and between States or Communities that have not yet been admitted as Members of the League of Nations. This would serve to complete the Registration of Treaties and the public collection of Treaties which will be formed by the Treaty Part of the League of Nations Journal. The Secretary-General therefore proposes, although the Registration will be for this part absolutely voluntary, to accept applications for the Registration of Treaties, etc., even if none of the Parties is at the time a Member of the League of Nations.

The American Consul at Geneva (Gilbert) to the Acting Legal Adviser of the Secretariat of the League of Nations (McKinnon Wood)

AMERICAN CONSULAR SERVICE,
Geneva, Switzerland, January 23, 1934.

MY DEAR MR. MCKINNON WOOD:

Acknowledgment by American Consul at Geneva.

I desire to acknowledge with appreciation your letter of January 22, 1934 in which, in line with our conversations, you set forth the position of the League of Nations with regard to the registration by the Secretariat and the publication in the "League of Nations Treaty Series" of international instruments concluded by the United States which shall be furnished by the Government of the United States for this purpose. My understanding of the League's position in this respect is as follows.

(a) Such registration will not involve acquiescence by the United States in the stipulation of Article 18 of the Covenant of the League of Nations that no instrument shall be binding until registration.

(b) Such registration will result in publication of treaties and executive agreements between the United States and Members of the League and likewise those between the United States and other states not members of the League in the "League of Nations Treaty Series", in the same category and with the same promptitude as treaties registered by the member states.

(c) Such registration will result in the elimination of the delay in publication of instruments which may hitherto have been caused by the suspension of publication of treaties sent to the Secretariat by the United States until appropriate notification had been made to the interested member states.

(d) Such registration will not involve an obligation on the part of the United States to pay any charges or expenses.

With regard to points (b) and (c) above, my understanding of the arrangement envisaged is that, upon the United States requesting the registration of a treaty, such registration will be effected at once and the treaty published in the same manner as though it had been presented by a member state; it is, however, entirely clear that,

inasmuch as registered treaties are published in the order of registration, the exact date at which a treaty appears in the "Treaty Series" necessarily depends on the progress made in producing the Series.

I further understand that in cases of this character a simple acknowledgment of the request for registration, and not a formal certificate of registration, is addressed by the Secretariat to the government presenting a treaty for registration, in view of the fact that the registration is not legally obligatory.

I take pleasure in informing you that my Government will be glad in accordance with the memorandum approved by the Council of the League on May 19, 1920 and in accordance with the understandings expressed in your letter which I have recapitulated above, to furnish the Secretariat through the American Minister at Bern for the purpose of registration and publication a certified copy of each international agreement to which the United States shall hereafter become a party.

I am, my dear Mr. McKinnon Wood,
Yours very sincerely,

PRENTISS GILBERT

EXCELLENCY:

Agreement by United States.

I have the honor to refer to Your Excellency's note No. 1635/29 of January 17, 1930, enclosing copies of documents relating to the tonnage measurement of ships. The regulations of Poland on this subject have been found to be substantially the same as those of the United States.

Accordingly, I have the honor to inform you that, in consideration of a like courtesy being extended to vessels of the United States in Polish ports, the appropriate agency of this Government will recognize the tonnage noted in the certificates of registry or other national papers carried by Polish vessels, determined pursuant to the decrees and regulations transmitted with your note of January 17, 1930, as fulfilling the requirements in regard to measurement under the laws and regulations of the United States, and that it will not be necessary for vessels of Poland to be remeasured at any port of the United States.

I shall be glad to be informed when appropriate steps under Polish laws or regulations have been taken to give effect to a reciprocal exemption in favor of vessels of the United States.

MR. AMBASSADOR:

I have the honor to reply to Your Excellency's courteous note no. 127 of the 2d of the current month. DEPARTMENT OF STATE,
Washington, March 29, 1935.

SIR:

Commercial agreement with Czechoslovakia.

1. With respect to customs duties or charges of any kind imposed on or in connection with importation or exportation, and with respect to the method of levying such duties or charges, and with respect to all rules and formalities in connection with importation or exportation, and with respect to all laws or regulations affecting the sale, taxation or use of imported goods within the country, any advantage, favor, privilege or immunity which has been or may hereafter be granted by the United States of America or the Czechoslovak Republic to any article originating in or destined for any third country, shall be accorded immediately and unconditionally to the like article originating in or destined for the Czechoslovak Republic or the United States of America, respectively.

Foreign exchange.

2. If the Government of the United States of America or the Government of the Czechoslovak Republic establishes or maintains, directly or indirectly, any form of control of foreign exchange, it shall administer such control so as to insure that the nationals and commerce of the other country will be granted a fair and equitable share in the allotment of exchange.

3. If the Government of the United States of America or the Government of the Czechoslovak Republic establishes or maintains any form of quantitative restriction or control of the importation or sale of any article, or imposes a lower duty or charge on the importation or sale of a specified quantity of any such article than the duty or charge imposed on importations in excess of such quantity, it shall

accord fair and equitable treatment to the commerce of the other country in respect of the allotment among exporting countries of the total quantity, as originally established or as changed in any manner, of any such article permitted to be imported or sold or permitted to be imported or sold at such lower duty or charge.

Exemptions.

4. The advantages now accorded or which may hereafter be accorded by the United States of America or the Czechoslovak Republic to adjacent countries in order to facilitate frontier traffic, and advantages resulting from a customs union to which either the United States of America or the Czechoslovak Republic may become a party, shall be excepted from the operation of this Agreement.

The Czechoslovak Government will not invoke the provisions of this Agreement to obtain the advantages now accorded or which may hereafter be accorded by the United States of America, its territories and possessions, the Philippine Islands, and the Panama Canal Zone to one another or to the Republic of Cuba.

The United States will not invoke the provisions of the present temporary Agreement to obtain the advantages which have been or may be accorded by the Czechoslovak Republic to Austria or Hungary.

The United States will refrain from invoking the present temporary Agreement to obtain advantages which the Czechoslovak Republic is according at present to the commerce of Yugoslavia and Rumania, pending a satisfactory agreement with respect to this matter in connection with a comprehensive trade Agreement between the two countries.

Rights reserved.

5. Nothing in this Agreement shall be construed as a limitation of the right of either country to impose on such terms as it may see fit prohibitions or restrictions (1) relating to public security; (2) imposed on moral or humanitarian grounds; (3) designed to protect human, animal, or plant life; (4) relating to prison-made goods; (5) relating to the enforcement of police or revenue laws; or (6) relating to the control of the export or sale for export of arms, munitions, or implements of war, and, in exceptional circumstances, all other military supplies.

[*The Plenipotentiary of the Belgo-Luxemburg Economic Union (Forthomme) to the Acting Secretary of State (Phillips)*[1]]

AMBASSADE DE BELGIQUE

WASHINGTON, *le 27 Février 1935.*

MONSIEUR LE SECRÉTAIRE D'ETAT,

J'ai l'honneur d'accuser la réception de la lettre de Votre Excellence en date du 27 courant, m'informant des décisions amicales prises par les Etats-Unis d'Amérique en ce qui concerne le traitement à accorder au commerce de l'Union Economique Belgo-Luxembourgeoise et en ce qui concerne les droits à appliquer à certains produits du sol et de l'industrie de l'Union Economique Belgo-Luxembourgeoise.

Mon Gouvernement, également désireux de renforcer les traditionnels liens d'amitié avec les Etats-Unis d'Amérique, m'a donné les

[1] For translation of this note see p. 3717.

pouvoirs nécessaires pour vous déclarer en son nom que l'Union Economique Belgo-Luxembourgeoise décide de son côté:

(1) d'accorder inconditionnellement au commerce des Etats-Unis d'Amérique le traitement qui est ou sera accordé à la nation étrangère la plus favorisée; (2) d'exempter les produits du sol ou de l'industrie des Etats-Unis d'Amérique, énumérés à l'Annexe 1 ci-jointe, lors de leur importation dans le territoire douanier de l'Union Economique Belgo-Luxembourgeoise, de tous droits de douane ordinaires dépassant ceux qui sont spécifiés à la dite Annexe, (3), en ce qui concerne les produits pour lesquels des contingents d'importation sont spécifiés à la dite Annexe, de permettre l'importation de quantités non inférieures à celles qui y sont indiquées, et (4), en ce qui concerne les produits pour lesquels des taxes de luxe ou de licence sont spéficiées à la dite Annexe, d'exempter ces produits des taxes dépassant celles qui y sont spécifiées.

Il est entendu que les Etats-Unis d'Amérique conviennent de leur côté, (1) d'accorder inconditionnellement au commerce de l'Union Economique Belgo-Luxembourgeoise le traitement qui est ou sera accordé au commerce de la nation étrangère la plus favorisee, à l'exception de la République de Cuba, et (2) d'exempter les produits du sol ou de l'industrie de l'Union Economique Belgo-Luxembourgeoise, énumérés à l'Annexe II ci-jointe, lors de leur importation dans le territoire douanier des Etats-Unis d'Amérique, de tous droits de douane ordinaires dépassant ceux qui sont spécifiés à la dite Annexe.

Au cas où le Gouvernement de l'un des deux pays adopterait une mesure qui, tout en n'étant pas contraire aux termes du présent accord, aurait pour effet, de l'avis du Gouvernement de l'autre pays, de rendre inopérante ou d'altérer une clause quelconque de l'accord, le Gouvernement qui aura adopté pareille mesure examinera les représentations et les propositions que l'autre Gouvernement lui soumettrait en vue d'arriver à un arrangement satisfaisant pour les deux Parties.

Le présent accord entrera en vigueur le trentième jour après sa proclamation par le Président des Etats-Unis d'Amérique et la publication simultanée dudit accord au Moniteur Belge, et sauf ce qui est prévu ci-après, il restera en vigueur et sortira ses effets jusqu'à la fin d'un délai de six mois après le jour où l'un ou l'autre Gouvernement aura annoncé son intention d'y mettre fin. Il est entendu, toutefois, que

(1) au cas où un changement important se produirait dans le taux d'échange des monnaies de l'Union Economique Belgo-Luxembourgeoise et des Etats-Unis d'Amérique, le Gouvernement de l'un ou de l'autre pays, s'il estime que ce changement est de nature à porter préjudice aux industries ou au commerce de son pays, aura la faculté de proposer l'ouverture de négociations en vue de modifier l'accord ou de mettre fin à celui-ci, moyennant un préavis écrit de trente jours.

(2) chacun des deux Gouvernements se réserve le droit de retirer la concession accordée par le présent accord à un produit quelconque, ou d'établir des restrictions quantitatives à l'importation de ce

produit, si à n'importe quel moment il est prouvé que, à la suite de l'extension de ladite concession à des pays tiers ceux-ci en retirent le plus d'avantages et que, en conséquence, une forte augmentation des importations du dit produit se produise indûment; à condition qu'avant de recourir à la faculté mentionnée ci-dessus, le Gouvernement en cause avise par écrit l'autre Gouvernement de son intention et lui fournisse l'occasion, dans les trente jours qui suivront la réception du dit avis, de délibérer avec lui au sujet des mesures qu'il se propose de prendre; et si une entente n'est pas atteinte à ce sujet dans les trente jours après la réception du susdit avis, le Gouvernement qui se propose de prendre les mesures en question aura la faculté de le faire à tout moment après ce délai, et l'autre Gouvernement aura la faculté, dans les quinze jours après la mise en vigueur des dites mesures, de mettre fin au présent accord tout entier moyennant un préavis écrit de trente jours.

Les stipulations du présent accord seront complétées, aussi tôt que possible, par des dispositions d'un caractère général relatives au traitement qui sera accordé dans chacun des deux pays au commerce de l'autre.

Aussi longtemps que le présent accord restera en vigueur, il remplacera toute disposition du Traité de Commerce et de Navigation entre les Etats-Unis d'Amérique et Sa Majesté le Roi des Belges conclu le Huit Mars 1875, qui pourrait être en contradiction avec ledit accord. Cependant, à l'expiration du présent accord, les dispositions du susdit traité de 1875 qui ont été temporairement remplacées reprendront automatiquement leur portée pour rester en vigueur et sortir tous leurs effets jusqu'à l'expiration prévue par ce traité.

Je saisis cette occasion, Monsieur le Secrétaire d'Etat, de réitérer à Votre Excellence les assurances de ma plus haute considération.

P. FORTHOMME
Chef de la Délégation Belge.

A Son Excellence
Monsieur WILLIAM PHILLIPS
Secrétaire d'Etat f. f.,
Département d'Etat,
à Washington. D. C.

WASHINGTON, *den 27sten februari 1935.*

MIJNHEER DE STAATSSEKRETARIS,

Ik heb de eer Uwe Excellentie ontvangst te berichten van haren brief van den 27sten dezer; deze brief geeft mij kennis van de vriendelijke beslissingen genomen door de Vereenigde Staten van Amerika, betreffende de behandeling te verleenen aan den handel van het Belgisch-Luxemburgsch Economisch Verbond, en betreffende de rechten toe te passen aan zekere natuurlijke of vervaardigde producten van het Belgisch-Luxemburgsch Economisch Verbond.

Mijne Regeering, wenschend ook, de op overlevering gegronde vriendschapsverbintenissen met de Vereenigde Staten van Amerika te versterken heeft mij noodige machten gegeven om Ued in haren naam te verklaren dat het Belgisch Economisch Verbond besluit van haren kant: (1) den handel van de Vereenigde Staten van Amerika de behandeling, nu of later aan de meest begunstigde vreemde natie verleend, onvoorwaardelijk te verleenen; (2) de natuurlijke of vervaardigde producten van de Vereenigde Staten van Amerika, opgesomd op lijst I bijgevoegd, bij hun invoer op het douanegebied van het Belgisch-Luxemburgsch Economisch Verbond, aan geene gewone douane rechten, hooger dan degene in gezegde lijst opgegeven te onderwerpen; (3) met betrekking tot de producten voor de welke invoercontingenten opgegeven zijn in gezegde lijst, den invoer van hoeveelheden niet geringer dan degene zoo opgegeven, te veroorloven, en (4) met betrekking tot de producten voor de welke luxustaksen of vergunningstaksen op gegeven zijn in gezegde lijst van taksen hooger dan deze die daarin op gegeven zijn, vrij te stellen.

Het is verstaan dat, van haren kant, de Regeering van de Vereenigde Staten van Amerika overeenkomt (1) den handel van het Belgisch-Luxemburgsch Economisch Verbond de behandeling, nu of later aan de meest begunstigde vreemde natie, de Republiek Cuba uitgezondert, verleend, onvoorwaardelijk te verleenen, en (2) de natuurlijke of vervaardigde producten van het Belgisch-Luxemburgsch Economisch Verbond, opgesomd op lijst II bijgevoegd, bij hun invoer op het douanegebied van de Vereenigde Staten van Amerika, aan geene gewone douanerechten, hooger dan degene in gezegde lijst opgegeven, te onderwerpen.

In het geval dat de Regeering van een der beide landen, maatregelen neemt, hoe zij ook zijn, en alhoewel zelfs niet in strijd met de bewoording van dit akkoord, waarvan de uitwerking beschouwd wordt door de Regeering van het ander land als veranderend of waardeloos makend een der onderwerpen van het akkoord, zal de Regeering die zulk maatregel getroffen heeft, zulke vertoogen en voorstellen in aanmerking nemen, dat de andere Regeering zou kunnen maken met het doel eene wederzijdsche voldoende regeling te bekomen.

Dit akkoord zal in werking treden dertig dagen na zijne afkondiging door den Voorzitter van de Vereenigde Staten van Amerika en de gelijktijdige bekendmaking van het gezegd akkoord in het Belgisch Staatsblad, en zal, uitgezonderd hetgeen hierin onder voorzien is, in werking en kracht blijven tot zes maanden na den datum waarop een van de Regeeringen kennis geeft van haar inzicht, het een einde te doen nemen.

Het is nochtans verstaan dat:

(1) in het geval dat een wijde verandering voorkomt in den wisselkoers der munten van de Vereenigde Staten van Amerika en van het Belgisch-Luxemburgsch Economisch Verbond, de Regeering van elk

land, zoo zij de verandering zoo voornaam beschouwt als nijverheid of handel van het land te benadeelen, vrij zal zijn onderhandelingen voor te stellen, met het doel dit akkoord te veranderen, of het op te zeggen onder dertig dagen schriftelijk preadvies.

(2) De Regeering van elk land voorbehoudt zich het recht de concessiën die verleend worden onder elk artikel van het akkoord, terug te trekken, of zulk artikel aan hoeveelheidbeperkingen te onderwerpen, als er zou op onverschillig welk oogenblik klaarblijkelijkheid zijn dat, ten gevolge van de toepassing van zulke concessiën aan derde landen, deze landen het aanzienlijkst voordeel ervan verwerven, en dat ten gevolge daarvan een tenonrecht groote vermeerdering van invoer van zulk artikel plaats grijpt: onder voorwaarde dat, vooraleer op voorafgaand voorbehoud te beroepen, de Regeering van het een of het ander land de andere Regeering van haar inzicht schriftelijk zal kennis geven, en die andere Regeering de gelegenheid geven zal, in de dertig dagen van den ontvangst dezer kennisgeving, met haar te beraadslagen ten opzicht van voorgesteld maatregel; en als geen akkoord getroffen is dit aangaande, in de dertig dagen na ontvangst van gemelde kennisgeving zal de Regeering die zich voorstelt zulk maatregel te nemen vrij zijn het te doen op elk oogenblik nadien, en de andere Regeering zal vrij zijn in de vijftien dagen nadat zulk maatregel genomen is, een einde te stellen aan dit akkoord in zijn geheel, onder dertig dagen schriftelijk preadvies.

De beschikkingen van dit akkoord zullen zoo speedig mogelijk aangevuld worden met beschikkingen van algemeene orde aangaande de behandeling die verleend zal worden in elk land aan den handel van het andere.

Zoo lang het tegenwoordig akkoord in werking zal blijven, zal het alle beschikkingen van het Handels en Scheepvaarts Verdrag door de Vereenigde Staten van Amerika en Zijne Majesteit de Koning der Belgen onderteekend op Achtsten Maart 1875, vervangen, die ermede tegenstrijdig zouden zijn. Echter, na den afloop van het tegenwoordig Akkoord, zullen de beschikkingen van voornoemd verdrag van 1875, die voorloopig opgeschorst zijn, van zich zelf hunne werking hervatten, en zullen in werking en kracht blijven, afhankelijk van beeindiging als voorzien in dat verdrag.

Ik neem deze gelegenheid te baat, Mijnheer de Staatssekretaris, om aan Uwe Excellentie de verzekering mijner hoogachting te vernieuwen.

P. FORTHOMME
Hoofd van de Belgische Delegatie.

Aan zijn Excellentie
Mijnheer WILLIAM PHILLIPS
d. d. Staatssekretaris.
Departement van Staat,
Washington. D. C.

BELGIAN EMBASSY

WASHINGTON, *February 27, 1935.*

MR. SECRETARY OF STATE:

I have the honor to acknowledge receipt of Your Excellency's letter dated the 27th instant, advising me of the friendly decisions made by the United States of America in regard to the treatment to be accorded to the commerce of the Belgo-Luxemburg Economic Union with respect to the duties to be applied to certain products of the soil and industry of the Belgo-Luxemburg Economic Union.

My Government, being equally desirous of strengthening the traditional bonds of friendship with the United States of America, has given me the necessary powers to declare to you in its name that the Belgo-Luxemburg Economic Union has decided, on its part:

(1) To accord unconditionally to the commerce of the United States of America the treatment which is or will be accorded to the most favored foreign nation; (2) to exempt the products of the soil or the industry of the United States of America listed in schedule I [2] attached hereto, at the time of their importation into the customs territory of the Belgo-Luxemburg Economic Union, from all ordinary customs duties in excess of those specified in the said schedule, (3) with respect to those for which import quotas are specified in the said schedule, to permit the importation of quantities not less than those indicated therein, and (4) with respect to the products for which luxury or license taxes are specified in the annexed schedule, to exempt such products from taxes in excess of those specified therein.

---

[1] For French and Flemish texts see pp. 3697, 3699.

[2] For English and French texts of schedule I see pp. 3684, 3702.

It is understood that the United States of America agrees on its part, (1) to accord unconditionally to the commerce of the Belgo-Luxemburg Economic Union the treatment which is or will be accorded to the commerce of the most favored foreign nation, with the exception of the Republic of Cuba, and (2) to exempt the products of the soil or industry of the Belgo-Luxemburg Economic Union, listed in schedule II[1] attached hereto, at the time of the importation into the customs territory of the United States of America, from all ordinary customs duties in excess of those specified in the said schedule.

In the event that the Government of either country adopts any measure which, even though it does not conflict with the terms of this agreement, is considered by the Government of the other country to have the effect of nullifying or impairing any clause of the agreement, the Government which has adopted any such measure shall consider such representations and proposals as the other Government may submit to it with a view to effecting an adjustment of the matter satisfactory to the two parties.

The present agreement shall come into force on the thirtieth day following proclamation thereof by the President of the United States of America and the simultaneous publication of the said agreement in the *Moniteur Belge*, and, except as hereinafter provided, shall remain in force and effect until 6 months from the day on which either Government shall give notice of its intention to terminate it. It is understood, however, that:

(1) In the event that a wide variation occurs in the rate of exchange between the currencies of the Belgo-Luxemburg Economic Union and the United States of America, the Government of either country, if it considers that such variation is of a nature to prejudice the industries or the commerce of the country, shall have the right to propose that negotiations be opened with a view to modifying the agreement or terminating it on 30 days' written notice;

(2) Each of the two Governments reserves the right to withdraw the concession granted on any article under this agreement, or to impose quantitative restrictions on the importation of such article, if at any time there should be evidence that, as a result of the extension of such concession to third countries, the latter will obtain the major benefit of such concession and that, in consequence thereof, an unduly large increase of the importations of such article will take place; provided that before availing itself of the right above mentioned, the Government concerned shall give notice in writing to the other Government of its intention to do so, and shall furnish such other Government an opportunity, within 30 days after the receipt of such notice, to consult with it in regard to the measures that it proposes to take; and if an agreement is not reached with respect thereto within 30 days following receipt of the aforesaid notice, the Government which proposes to take the measures in question shall

[1] For English and French texts of schedule II see pp. 3691, 3709.

have the right to do so at any time thereafter, and the other Government shall have the right within 15 days after such measures have been put into effect, to terminate this agreement in its entirety on 30 days' written notice.

The provisions of this agreement shall be supplemented, as soon as possible, by provisions of a general character relative to the treatment to be accorded in each of the two countries to the commerce of the other.

As long as the present agreement shall remain in force, it shall supersede any provisions of the Treaty of Commerce and Navigation between the United States of America and His Majesty the King of the Belgians concluded March 8, 1875, which may be inconsistent with the said agreement. However, upon the expiration of the present agreement, the provisions of the aforesaid treaty of 1875 which have been temporarily superseded, shall automatically resume operation, and shall continue in full force and effect, subject to termination as provided in that treaty. Vol. 19, p. 628.

I take this occasion to renew to Your Excellency the assurances of my highest consideration.

P. FORTHOMME
Head of the Belgian Delegation.

To His Excellency
Mr. WILLIAM PHILLIPS,
Acting Secretary of State,
Department of State,
Washington, D. C.

No. 77

BRITISH EMBASSY,
Washington, D. C., March 28th, 1935

SIR,

Reciprocal arrangement with Great Britain for operating, etc., aircraft.

I have the honour, under instructions from His Majesty's Principal Secretary of State for Foreign Affairs, to state that, pending the conclusion of a Treaty in regard to air navigation, His Majesty's Government in the United Kingdom of Great Britain and Northern

Tentative provisions.

Ireland are prepared, in consideration of reciprocal treatment by the Government of the United States of America and subject to the conditions hereinafter set out, to accord the following treatment in respect of United States aircraft as defined below, their crews, passengers and cargoes:—

Territories affected.

2. (i) The territories in which the treatment specified in the subsequent paragraphs of this Note will be accorded (hereinafter referred to as the territories to which this Note applies) are: the United Kingdom of Great Britain and Northern Ireland and the territories specified in the schedule hereto, together with any territories to which the provisions of this Note may at any time be applicable by virtue of paragraph 17.

Post, p. 3724.

"United States aircraft" construed.

(ii) The term "United States aircraft", as used in this Note, means civil aircraft, including State aircraft used exclusively for commercial purposes, duly registered in territories under the sovereignty, jurisdiction or authority of the United States to which your reply to this Note shall apply.

Liberty of passage.

3. Subject to the provisions of this Note, United States aircraft will, in time of peace, be allowed liberty of passage to and over the

Regular air service by transport company; consent required.

territories to which this Note applies; provided however that no regular air route or service may be established or operated to, within or over any such territory, with or without a landing there, except by prior consent of His Majesty's Government in the United Kingdom.

Jurisdiction over aircraft, passengers, cargo, etc.

4. (i) United States aircraft, their crews and passengers, and goods carried thereon will, while within or over a territory to which this Note applies, be subject to the laws in force in that territory, including all regulations relating to air traffic applicable to foreign aircraft, the transport of passengers and goods, and public safety and order, as well as any regulations concerning immigration, passports,

quarantine and (subject to the provisions of paragraph 6) customs.

(ii) Subject to the provisions of the preceding sub-paragraph and to the laws and regulations therein specified, the carriage of passengers and the import or export of any goods which may lawfully be imported or exported will be permitted in United States aircraft into or out of the territories to which this Note applies; and (subject to the same proviso) such aircraft, their crews, passengers and cargoes shall enjoy in those territories the same privileges as and shall not, merely by reason of the nationality of the aircraft, be subjected to any other or higher duties or charges than those which are or may be imposed on British aircraft or the aircraft of the most favoured country not being part of the territories under His Majesty's Sovereignty, suzerainty, protection or authority, engaged in international commerce, or on their crews, passengers or cargoes.

Regulations to be furnished.

5. The regulations (together with any subsequent alterations therein) relative to air traffic in force in the territories to which this Note applies will be communicated to the Government of the United States.

Fuel retained on aircraft.

6. The fuel retained on board United States aircraft arriving in or leaving any territory to which this Note applies shall be exempt from customs duty, even though the fuel so retained is used by the aircraft on a flight in that territory, provided that such flight is definitely part of a journey from or to a place outside that territory.

Aerodromes open to U. S. aircraft.

7. Aerodromes open to public air traffic in the territories to which this Note applies will so far as they are under the control of His Majesty's Government in the United Kingdom, be open to United States aircraft, which (subject to the same proviso) will also be entitled to the assistance of the meteorological, wireless, lighting and day and night signalling services at such aerodromes. Subject again to the same proviso, the scale of charges at such aerodromes for landing and accommodation will be the same for United States as for British aircraft.

"Air commerce" defined.

8. (i) The term "air commerce" as used in the succeeding sub-paragraph means (a) the navigation of aircraft from one place to another both within the same or different territories under His Majesty's Sovereignty, suzerainty, protection or authority, in the conduct or in furtherance of a business, and (b) the commercial transport of passengers or goods between any two points both within such territories.

Reservations.

(ii) Air commerce may, in the territories to which this Note applies, be reserved exclusively to British aircraft whether registered in those territories or elsewhere. Nevertheless United States aircraft may proceed from any aerodrome which they may be entitled to use in those territories to any other such aerodrome for the purpose of taking on board or landing the whole or part of their cargoes or passengers, provided that such cargoes are covered by through bills of lading, and such passengers hold through tickets, issued respectively for a journey the starting place and end of which are not both points between which air commerce has been reserved; and such aircraft,

Points of call covered by through bills of lading.

while so proceeding from one aerodrome to another, will, notwithstanding that both such aerodromes are points between which air commerce has been reserved, be entitled to the treatment set out in this Note.

Prohibited areas.

9. (i) Air traffic may be prohibited over specified areas in the territories to which this Note applies, but no distinction will be made in this matter between British and United States aircraft engaged in international commerce. Lists of the areas above which air traffic is thus prohibited will be communicated to the Government of the United States, and any subsequent alterations therein will be notified immediately.

Emergency restrictions, etc.

(ii) In exceptional circumstances air traffic above the whole or any part of the territories to which this Note applies may temporarily, and with immediate effect, be limited or prohibited, but no distinction in this respect will be made between United States aircraft and the aircraft of any country not being part of the territories under His Majesty's Sovereignty, suzerainty, protection or authority.

Aircraft over prohibited area.

(iii) In the event of any United States aircraft finding itself over a prohibited area, it must, so soon as it is aware of the fact, give the signal of distress prescribed in the Rules of the Air in force in the territory in which the prohibited area is situated, and a landing must be effected as soon as possible at an aerodrome in that territory, outside but as near as possible to the prohibited area.

Distinctive marks, etc.

10. (i) All United States aircraft flying in or over the territories to which this Note applies must carry clear and visible nationality and registration marks whereby they may be recognised during flight.

Certificates required.

(ii) Such aircraft must also be provided with certificates of registration and airworthiness and with all the other documents prescribed for air traffic in the territories in which they are registered.

Crews with special permit.

(iii) The members of the crew of such aircraft who perform duties for which a special permit is required in the territories in which the aircraft is registered, must be provided with all the documents, and in particular with the certificates and licences, prescribed by the regulations in force in those territories.

Papers carried by crew members, passengers, etc.

(iv) The other members of the crew must carry documents showing their duties in the aircraft, their profession, identity and nationality.

(v) The crews and passengers of United States aircraft entering or leaving any of the territories to which this Note applies must be provided with the documents required by the regulations concerning international traffic in force in that territory, a list of which documents will be communicated under paragraph 5 of this Note.

Ante, p. 3721.

Register, manifest, etc.

(vi) Such aircraft carrying passengers or goods must also be provided with a list of the passengers' names and a manifest of the goods showing their nature and quantity.

Recognition of designated certificates.

(vii) The certificate of airworthiness, certificates of competency, and licences issued or rendered valid in respect of a United States aircraft or its crew by the competent United States authorities will be

recognised as having the same validity in the territories to which this Note applies as the corresponding documents issued or rendered valid by the competent authorities of those territories; provided that recognition may be refused as regards certificates of competency and licences issued or rendered valid in favour of British subjects or British protected persons.

Radio to be licensed.

11. (i) United States aircraft may, in or over the territories to which this Note applies carry wireless apparatus only if a licence to instal and work such apparatus (which licence must be carried in the aircraft) has been issued by the competent authorities of the territories in which the aircraft is registered. The use of such apparatus in the territories to which this Note applies must be in accordance with the regulations on the subject issued by the competent authorities of those territories.

Use limited to licensee.

(ii) Such apparatus may only be used by those members of the crew who are provided with a special licence for the purpose, issued by the competent authorities of the territories in which the aircraft is registered.

Radio equipment obligatory.

(iii) For reasons of safety the competent authorities of the territories to which this Note applies may issue regulations relative to the obligatory equipment of aircraft with wireless apparatus when in or over those territories.

Transporting war materials by aircraft restricted.

12. No arms of war, explosives of war or munitions of war may be carried by United States aircraft in or above any of the territories to which this Note applies, or by the crew or passengers, except by permission of the competent authorities of the territories concerned.

Right of search.

13. It will be open to the competent authorities of the territories to which this Note applies to search United States aircraft on landing or departure and to examine the certificates and other documents prescribed in the preceding paragraphs.

Landings, etc.

14. (i) United States aircraft entering or leaving any territory to which this Note applies may only land at or depart from aerodromes open to public air traffic and classed as customs aerodromes at which facilities exist for the enforcement of customs, passport, quarantine and immigration regulations and the clearance of aircraft; and no unauthorised intermediate landing other than a forced landing, may be effected before arriving at such an aerodrome on entry into, or after leaving it on departure from the territory concerned. In special cases, and subject to the same provision as to intermediate landing, the competent authorities may allow landing at or departure from other aerodromes, at which the above-mentioned facilities have been arranged.

Forced landings.

(ii) In the event of a forced landing or of a landing as provided in paragraph 9 (iii) not at an aerodrome of the class mentioned in the preceding sub-paragraph, the pilot of the aircraft, its crew and passengers must conform to the customs, passport, quarantine and immigration regulations in force in the territory in which the landing occurs.

Customs aerodromes.

(iii) Lists of the aerodromes in the territories to which this Note applies which are classed as Customs aerodromes for the purposes of this paragraph will be communicated as soon as possible to the Government of the United States. Any subsequent alterations in these lists will be notified forthwith.

Points of departure.

15. The competent authorities of the territory concerned may require that United States aircraft, on entering or leaving any territory to which this Note applies, shall do so between specified points. Any requirements in this respect and any subsequent alterations therein will be communicated to the Government of the United States. Subject to any such requirement and to the provisions of this Note, aircraft may choose their own route of entry or departure.

Unloading restrictions.

16. No article or substance, other than ballast, may be unloaded or otherwise discharged from United States aircraft in the course of flight in or over the territories to which this Note applies unless special permission to that effect is given by the competent authorities of the territory in which the unloading or discharge occurs. For the purposes of this paragraph ballast means fine sand or water only.

Provision for extending area.

17. (i) His Majesty's Government in the United Kingdom may at any time by means of a notification in writing addressed to the Government of the United States apply the provisions of this Note to all or any British colonies, overseas territories or protectorates or to any mandated territories in respect of which the mandate is exercised by His Majesty's Government in the United Kingdom, other than those specified in the schedule to this Note. Such application shall take effect two calendar months after the date of the receipt of the notification.

Termination of application to any British territory.

(ii) His Majesty's Government in the United Kingdom may subsequently give notice in writing to the Government of the United States of the termination of the application of this Note to any territory to which it has become applicable by notification under the preceding sub-paragraph. In that event such application shall cease two calendar months after the date of the receipt of the notification.

Termination of agreement.

18. His Majesty's Government in the United Kingdom may terminate the arrangements set out in this Note at any time by means of a Notification in writing addressed to the Government of the United States to take effect two calendar months after the date of its receipt.

19. I shall be glad if you will inform me whether the Government of the United States concur in the terms of this Note and are willing to grant reciprocal treatment in respect of British aircraft, registered in territories to which this Note applies, their crews, passengers and cargoes.

I have the honour to be, with the highest consideration, Sir,

Aircraft over prohibited area.

(iii) In the event of any British aircraft finding itself over a prohibited area, it must, so soon as it is aware of the fact, give the signal of distress prescribed in the Rules of the Air in force in the territory in which the prohibited area is situated, and a landing must be effected as soon as possible at an aerodrome in that territory, outside but as near as possible to the prohibited area.

In special cases, and subject to the same provision as to intermediate landing, the competent authorities may allow landing at or departure from other aerodromes, at which the above-mentioned facilities have been arranged.

[No. 77]

Agreement between the United States of America and Haiti respecting reciprocal trade. Signed at Washington, March 28, 1935; proclaimed by the President of Haiti, April 29, 1935; proclaimed by the President of the United States, May 4, 1935; effective, June 3, 1935.

March 28, 1935.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA.

A PROCLAMATION.

WHEREAS it is provided in the Tariff Act of 1930 of the United States of America, as amended by the Act of June 12, 1934, entitled "An Act to amend the Tariff Act of 1930" (48 Stat. 943), as follows:

Reciprocal trade agreement with Haiti. Vol. 46, p. 708; Vol. 48, p. 943.

Statutory provisions.

"Sec. 350. (a) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency in restoring the American standard of living, in overcoming domestic unemployment and the present economic depression, in increasing the purchasing power of the American public, and in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any existing rate of duty or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all foreign countries, whether imported directly, or indirectly: *Provided*, That the President may suspend the application to articles the growth, produce or manufacture of any country because of its discriminatory treatment of American commerce or because of other acts or policies which in his opinion tend to defeat the purposes set forth in this section; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part."

Promotion of trade.

WHEREAS, I, Franklin D. Roosevelt, President of the United States of America, have found as a fact that certain existing duties and other import restrictions of the United States of America and Haiti are unduly burdening and restricting the foreign trade of the United States of America and that the purpose declared in the said Tariff Act of 1930, as amended by the said Act of June 12, 1934, will be promoted by a foreign trade agreement between the United States of America and the Republic of Haiti;

Vol. 46, p. 708; Vol. 48, p. 943.

WHEREAS, reasonable public notice of the intention to negotiate such foreign trade agreement was given and the views presented by persons interested in the negotiation of such Agreement were received and considered;

WHEREAS, after seeking and obtaining information and advice with respect thereto from the United States Tariff Commission, the Departments of State, Agriculture, and Commerce, and from other sources, I entered into a foreign trade agreement, through my duly empowered plenipotentiary on March 28, 1935, with the President of the Republic of Haiti, through his duly empowered plenipotentiary, which Agreement, in the English and French languages, including two Schedules annexed thereto, is in words and figures as follows:

No administrative ruling by the United States of America or the Republic of Haiti effecting advances in rates of duties or charges applicable under an established and uniform practice to imports originating in the territory of the other country, or imposing any new requirement with respect to such importations, shall be effective retroactively or with respect to articles either entered for or withdrawn for consumption prior to the expiration of thirty days after the date of publication of notice of such ruling in the usual official manner. ARTICLE X

Greater than nominal penalties will not be imposed in the United States of America or in the Republic of Haiti upon importations of articles the growth, produce or manufacture of the other country because of errors in documentation which the importer or other party in interest can establish to the satisfaction of the customs authorities to have been clerical in origin or to have been made in good faith.

The Government of each country will accord sympathetic consideration to, and when requested will afford adequate opportunity for consultation regarding, such representations as the other Government may make with respect to the operation of customs regulations, quantitative restrictions or the administration thereof, the observance of customs formalities, and the application of sanitary laws and regulations for the protection of human, animal, or plant life.

ARTICLE XI

Except as otherwise provided in the second paragraph of this Article, the provisions of this Agreement relating to the treatment to be accorded by the United States of America and the Republic of Haiti, respectively, to the commerce of the other country, shall not apply to the Philippine Islands, the Virgin Islands, American Samoa, the Island of Guam, or to the Panama Canal Zone.

ARTICLE IX

Control of war material exportation.

Les Etats-Unis d'Amérique et la République d'Haiti se réservent le droit d'appliquer telle mesure qu'ils auront jugé respectivement convenable à l'égard du contrôle de l'exportation ou de la vente pour l'exportation d'armes, de munitions, ou d'attirails de guerre, et, dans les circonstances exceptionnelles, de tout autre matériel dont il est fait usage à la guerre.

ARTICLE X

Penalties imposed because of errors in documentation.

Aucunes pénalités plus grandes que les pénalités minima édictées par la loi ne frapperont aux Etats-Unis d'Amérique ou dans la République d'Haiti les importations des produits d'origine, de production ou de fabrication de l'un ou de l'autre pays pour cause d'erreurs dans les documents que l'importateur ou l'autre partie intéressée pourra établir, à la satisfaction des autorités douanières, comme étant dues, à l'origine, à une erreur involontaire ou ayant été faites de bonne foi.

Reciprocal consideration concerning customs, etc.

Le Gouvernement de chacun des deux pays accordera une bienveillante attention, et quand cela lui sera demandé, fournira toute facilité en vue d'une consultation relative à telles observations que l'autre Gouvernement pourra produire à l'égard de l'application des règlements douaniers, des restrictions en quantité ou de leur application, de l'observance des formalités douanières et de l'application des lois et règlements sanitaires pour la protection de la vie humaine, animale ou végétale.

ARTICLE XI

Provisions not applicable to Philippine Islands, etc.

Excepté ce qui est stipulé dans le deuxième paragraphe de cet article, les dispositions de cette Convention, relatives au traitement à accorder par les Etats-Unis d'Amérique et la République d'Haiti, respectivement, au commerce de l'autre pays, ne s'appliqueront pas aux Iles Philippines, aux Iles Vierges, au Samoa Américain, à l'Ile de Guam ou à la Zone du Canal de Panama.

Subject to the reservations set forth in Article VII, the provisions of that Article shall apply to articles the growth, produce or manufacture of any area under the sovereignty or authority of the United States of America or the Republic of Haiti imported from or exported to any area under the sovereignty or authority of the other country. It is understood, however, that the provisions of this paragraph do not apply to the Panama Canal Zone.

Proviso. Duties based on weight.

May 25, 1935.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Reciprocal trade agreement with Sweden.
Vol. 46, p. 708; Vol. 48, p. 943.

WHEREAS it is provided in the Tariff Act of 1930 of the Congress of the United States of America, as amended by the Act of June 12, 1934, entitled "AN ACT To Amend the Tariff Act of 1930" (48 Stat. 943), as follows:

Statutory provisions.

"Sec. 350. (a) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency in restoring the American standard of living, in overcoming domestic unemployment and the present economic depression, in increasing the purchasing power of the American public, and in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any existing rate of duty or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all foreign countries, whether imported directly, or indirectly: *Provided*, That the President may suspend the application to articles the growth, produce, or manufacture of any country because of its discriminatory treatment of American commerce or because of

other acts or policies which in his opinion tend to defeat the purposes set forth in this section; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part."

Promotion of trade.

WHEREAS I, Franklin D. Roosevelt, President of the United States of America, have found as a fact that certain existing duties and other import restrictions of the United States of America and Sweden are unduly burdening and restricting the foreign trade of the United States of America and that the purpose declared in the said Tariff Act of 1930, as amended by the said Act of June 12, 1934, will be promoted by a foreign trade agreement between the United States of America and Sweden;

Vol. 46, p. 708; Vol. 48, p. 943.

WHEREAS reasonable public notice of the intention to negotiate such foreign trade agreement was given and the views presented by persons interested in the negotiation of such agreement were received and considered;

WHEREAS, after seeking and obtaining information and advice with respect thereto from the United States Tariff Commission, the Departments of State, Agriculture, and Commerce, and from other sources, I entered into a foreign Trade Agreement on May 25, 1935, through my duly empowered plenipotentiary, with His Majesty the King of Sweden, through his duly empowered plenipotentiary, which Agreement, including two Schedules annexed thereto, all in the English and Swedish languages, is in words and figures as follows:

Purposes declared.

The President of the United States of America and His Majesty the King of Sweden, being desirous of strengthening the traditional bonds of friendship between the two countries by maintaining and giving the fullest possible effect to the principle of equality of treatment in their commercial relations and by granting mutual and reciprocal concessions and advantages for the promotion of trade, have through their respective Plenipotentiaries arrived at the following Agreement:

Amerikas Förenta Staters President och Hans Majestät Konungen av Sverige, vilka önska stärka de vänskapsband, som av ålder bestå mellan de båda länderna, genom att upprätthålla och giva största möjliga verkan åt principen om likabehandling i de kommersiella förbindelserna samt genom att medgiva varandra ömsesidiga och reciproka koncessioner och förmåner till handelns främjande, hava genom sina respektive fullmäktige ombud träffat följande överenskommelse:

ARTICLE I

ARTIKEL I

The United States of America and Sweden will grant each other unconditional and unrestricted most-favored-nation treatment in all matters concerning the customs duties and subsidiary charges of every kind and in the method of levying duties, and, further, in all matters concerning the rules,

Amerikas Förenta Stater och Sverige skola tillerkänna varandra ovillkorlig och obegränsad behandling såsom mest gynnad nation i allt vad angår tullar och alla slags tilläggsavgifter samt sättet för tullarnas och avgifternas uppbärande ävensom i allt vad angår de regler, formaliteter

Accordingly, natural or manufactured products having their origin in either of the countries shall in no case be subject, in regard to the matters referred to above, to any duties, taxes or charges other or higher, or to any rules or formalities other or more burdensome, than those to which the like products having their origin in any third country are or may hereafter be subject.

Similarly, natural or manufactured products exported from the territory of the United States of America or Sweden and consigned to the territory of the other country shall in no case be subject with respect to exportation and in regard to the above-mentioned matters, to any duties, taxes or charges other or higher, or to any rules or formalities other or more burdensome, than those to which the like products when consigned to the territory of any third country are or may hereafter be subject.

Any advantage, favor, privilege or immunity which has been or may hereafter be granted by the United States of America or Sweden in regard to the above-mentioned matters, to a natural or manufactured product originating in any third country or consigned to the territory of any third country shall be accorded immediately and without compensation to the like product originating in or consigned to the territory of Sweden or the United States of America, respectively, and irrespective of the nationality of the carrier.

och pålagor, som må vara föreskrivna med avseende på förfarandet vid tullbehandlingen samt beträffande alla lagar och förordningar rörande försäljningen eller användandet av importerade varor inom landet.

Följaktligen skola natur- eller industrialster, härrörande från ettdera landet, i ovannämnda hänseenden icke i något fall vara underkastade andra eller högre tullar, avgifter eller pålagor eller andra eller mera betungande regler eller formaliteter än de, vilka likartade varor, härrörande från vilket som helst tredje land, äro eller framdeles må bliva underkastade.

Likaledes skola natur- eller industrialster, som utföras från Amerikas Förenta Staters eller Sveriges område med destination till det andra landets område, i ovannämnda hänseenden med avseende å utförseln icke i något fall vara underkastade andra eller högre tullar, avgifter eller pålagor eller andra eller mera betungande regler eller formaliteter än de, vilka likartade varor destinerade till vilket som helst tredje land äro eller framdeles må bliva underkastade.

Varje företrädesrätt, förmån, privilegium eller befrielse, som Amerikas Förenta Stater eller Sverige i ovannämnda hänseenden medgivit eller framdeles må komma att tillerkänna natur- eller industrialster härrörande från eller destinerade till något tredje land, skall omedelbart och utan vederlag samt oberoende av transportfartygets nationalitet tillerkännas likartade varor, härrörande från eller destinerade till Sveriges respektive Amerikas Förenta Staters område.

någon inskränkning med avseende å införseln från det andra landets område, som icke tilllämpas beträffande införseln av likartade varor, härrörande från vilket som helst tredje land. Varje upphävande av förbud eller inskränkning med avseende å införseln, som må komma att, även temporärt, medgivas av endera landet till förmån för en vara från något tredje land, skall omedelbart och ovillkorligt tillämpas på likartad vara, härrörande från det andra landets område. Dessa bestämmelser skola jämväl tillämpas med avseende å utförseln.

Rations or quotas.

In the event of rations or quotas being established by either the United States of America or Sweden for the importation of any article it is agreed that in the allocation of the quantity of restricted goods which may be authorized for importation, the other country will be granted a share equivalent to the proportion of the trade which it would normally enjoy.

In all matters concerning the rules, formalities or charges imposed in connection with any form of quantitative restriction on the importation of any article, the United States of America and Sweden agree to extend to each other every favor granted to a third country.

Därest Amerikas Förenta Stater eller Sverige inför ransonering eller kontingentering av införseln av någon vara, är det överenskommet, att vid fördelning av de kvantiteter av importreglerade varor, som må tillåtas till införsel, det andra landet skall tillerkännas en andel, motsvarande den proportion, vari det normalt plägar deltaga i handeln.

I allt vad angår de regler, formaliteter eller pålagor, som må tillämpas i samband med kvantitativ inskränkning i någon form beträffande införseln av viss vara, överenskomma Amerikas Förenta Stater och Sverige att låta varandra komma i åtnjutande av varje förmån, som beviljas ett tredje land.

The provisions of this Article in regard to the granting of national treatment shall not apply to taxes imposed in the United States of America on coconut oil or on any combination or mixture containing a substantial quantity of coconut oil; nor shall they affect the regulations which are now in force or which may in future come into force in Sweden whereby alcohol distilled from foreign raw materials, starch manufactured from foreign raw materials and tobacco imported from abroad are subject to special taxation. In these respects, however, most-favored-nation treatment shall apply.

Bestämmelserna i denna artikel angående tillerkännande av nationell behandling skola icke vara tillämpliga beträffande i Amerikas Förenta Stater pålagda avgifter å kokosnötolja eller å blandningar eller föreningar, innehållande en väsentlig kvantitet kokosnötolja; ej heller skola de beröra nu eller framdeles i Sverige gällande bestämmelser, enligt vilka särskild skatt erlägges för alkohol, framställd av utländska råämnen, stärkelse, tillverkad av utländska råämnen, samt från utlandet införda tobaksvaror. I dessa hänseenden skall likväl mest gynnad nationsbehandling tillämpas.

Article VII

No quantitative restriction.

No prohibitions, import quotas, import licenses, or any other form of quantitative regulation, whether or not operated in connection with any agency of centralized control, shall be imposed by Sweden on the importation or sale of any article the growth, produce or manufacture of the United States of America enumerated and described in Schedule I, nor by the United States of America on the importation or sale of any article the growth, produce or manufacture of Sweden enumerated and described in Schedule II.

Exception.

The foregoing provision shall not apply to quantitative restrictions in whatever form imposed by either country on the importation or sale of any article the growth, produce or manufacture of the other country in conjunction with governmental measures operating to regulate or control the production, market supply, or prices of like domestic articles. Whenever the Government of either country proposes to establish or change any restriction

Artikel VII

Inga förbud, införselkontingenteringar, licensförfaranden eller någon annan form av kvantitativ reglering, vare sig genomförandet därav sker i förbindelse med något organ för centraliserad kontroll eller icke, skola genomföras av Sverige med avseende å införsel eller försäljning av någon vara, alstrad, frambringad eller tillverkad i Amerikas Förenta Stater och upptagen i bilaga I, eller av Amerikas Förenta Stater med avseende å införsel eller försäljning av någon vara, alstrad, frambringad eller tillverkad i Sverige samt upptagen i bilaga II.

Föregående bestämmelse skall icke tillämpas beträffande kvantitativa restriktioner, i vilken form det vara må, genomförda av ettdera landet med avseende å införsel eller försäljning av någon vara, alstrad, frambringad eller tillverkad i det andra landet, i förening med administrativa åtgärder för reglering eller kontroll av produktion, distribution eller priser beträffande likartade inhemska varor. Närhelst regeringen i ettdera landet avser att

authorized by this paragraph, it shall give notice thereof in writing to the other Government and shall afford such other Government an opportunity within thirty days after receipt of such notice to consult with it in respect of the proposed action; and if an agreement with respect thereto is not reached within thirty days following receipt of the aforesaid notice, the Government which proposes to take such action shall be free to do so at any time thereafter, and the other Government shall be free within fifteen days after such action is taken to terminate this Agreement in its entirety on thirty days' written notice.

vidtaga eller ändra någon enligt detta moment tillåten restriktiv åtgärd, skall den lämna skriftligt meddelande därom till den andra regeringen samt bereda denna tillfälle att inom trettio dagar efter mottagandet av dylikt meddelande rådgöra med den förra regeringen beträffande den ifrågasatta åtgärden. Därest enighet med avseende å denna icke nås inom trettio dagar efter mottagandet av nyssnämnda meddelande, skall den regering, som avser att vidtaga åtgärd av angivet slag, äga frihet att när som helst därefter genomföra densamma, varvid den andra regeringen skall äga frihet att inom femton dagar efter det att åtgärden blivit genomförd bringa denna överenskommelse i sin helhet att upphöra vid utgången av trettio dagar från den dag, skriftlig uppsägning skett.

Article VIII

In the event that the United States of America or Sweden establishes or maintains a monopoly for the importation, production or sale of a particular commodity or grants exclusive privileges, formally or in effect, to one or more agencies to import, produce or sell a particular commodity, the Government of the country establishing or maintaining such monopoly, or granting such monopoly privileges, agrees that in respect of the foreign purchases of such monopoly or agency the commerce of the other country shall receive fair and equitable treatment. To this end it is agreed that in making its foreign purchases of any product such monopoly or agency will be influenced solely by those considerations, such as price, quality, marketability, and terms of sale, which would ordinarily be taken into account by a private commercial enterprise interested solely in purchasing such product on the most favorable terms.

Artikel VIII

Government monopolies; treatment.

I händelse Amerikas Förenta Stater eller Sverige inför eller upprätthåller monopol å införsel, produktion eller försäljning av viss vara eller, formellt eller reellt, upplåter uteslutande rättigheter åt ett eller flera organ att införa, frambringa eller försälja viss vara, medgiver den regering, som inför eller upprätthåller monopol eller som upplåter monopolrättigheter, att det andra landets handel skall komma i åtnjutande av lojal och rättvis behandling med avseende på dylika monopols eller organs inköp från utlandet. I detta syfte är det överenskommet, att ifrågavarande monopol eller organ vid verkställandet av sina inköp från utlandet av någon vara skola låta sig ledas uteslutande av hänsyn till sådana faktorer som pris, beskaffenhet, lämplighet för marknaden och försäljningsvillkor, vilka regelmässigt pläga tagas i betraktande av ett privat handelsföretag, som uteslutande är intresserat av att köpa varan på gynnsammaste villkor.

ARTICLE IX

Equitable share of commerce, etc.

The tariff advantages and other benefits provided for in this Agreement are granted by the United States of America and Sweden to each other subject to the condition that if the Government of either country shall establish or maintain, directly or indirectly, any form of control of foreign exchange, it shall administer such control so as to insure that the nationals and commerce of the other country will be granted a fair and equitable share in the allotment of exchange.

With respect to the exchange made available for commercial transactions, it is agreed that the Government of each country shall be guided in the administration of any form of control of foreign exchange by the principle that, as nearly as may be determined, the share of the total available exchange which is allotted to the other country shall not be less than the share employed in a previous representative period prior to the establishment of any exchange control for the settlement of commercial obligations to the nationals of such other country.

The Government of each country shall give sympathetic consideration to any representations which the other Government may make in respect of the application of the provisions of this Article.

ARTIKEL IX

De tariffmedgivanden och andra förmåner, som stadgas i denna överenskommelse, lämnas ömsesidigt av Amerikas Förenta Stater och Sverige på det villkoret, att om regeringen i ettdera landet, direkt eller indirekt, inför eller upprätthåller någon form av kontroll beträffande handeln med utländska valutor, skall den handhava kontrollen på sådant sätt, att därigenom säkerställes, att det andra landets medborgare och handel tillerkännas en skälig och rättvis anpart i valutatilldelningen.

Vad beträffar den valuta, som göres tillgänglig för kommersiella transaktioner, är det överenskommet, att regeringen i vartdera landet vid handhavandet av varje form för kontroll av handeln med utländska valutor skall låta sig ledas av den principen att, så nära det låter sig fastställa, den del av hela den tillgängliga valutamängden, som tillerkännes det andra landet, icke skall understiga den andel, som under en föregående representativ tidrymd, innan kontroll av valutahandeln infördes, använts för reglering av kommersiella fordringar, tillkommande medborgare i sistnämnda land.

Regeringen i vartdera landet skall till välvillig prövning upptaga alla framställningar med avseende å tillämpningen av bestämmelserna i denna artikel, som må göras av regeringen i det andra landet.

ARTICLE X

Modifications when rate of exchange prejudicial to either party.

In the event that a wide variation occurs in the rate of exchange between the currencies of the United States of America and Sweden, the Government of either country, if it considers the variation so substantial as to prejudice the industries or commerce of the country, shall be free to propose negotiations for the modification of this Agreement; and if an agreement with respect thereto is not reached within thirty days following receipt of such proposal, the

ARTIKEL X

I händelse en betydande förskjutning skulle inträda i kursför hållandet mellan valutorna i Amerikas Förenta Stater och Sverige, skall regeringen i vartdera landet, om den anser förskjutningen så väsentlig, att landets industri eller handel därigenom tillfogas skada, äga frihet att föreslå upptagande av förhandlingar rörande ändring av denna överenskommelse. Därest enighet i detta hänseende icke nås inom trettio dagar efter

mottagandet av dylikt förslag, skall den regering, som väckt sådant förslag, äga frihet att bringa förevarande överenskommelse i sin helhet att upphöra vid utgången av trettio dagar från den dag, skriftlig uppsägning skett.

Article XI

The Government of each country will accord sympathetic consideration to, and, when requested, will afford adequate opportunity for consultation regarding such representations as the other Government may make with respect to the operation of customs regulations, quantitative restrictions or the administration thereof, the observance of customs formalities, and the application of sanitary laws and regulations for the protection of human, animal, or plant life, or health.

In the event that the Government of either country adopts any measure which, even though it does not conflict with the terms of this Agreement, is considered by the Government of the other country to have the effect of nullifying or impairing any object of the Agreement, the Government which has adopted any such measure shall consider such representations and proposals as the other Government may make with a view to effecting a mutually satisfactory adjustment of the matter.

Artikel XI

Reciprocal consideration concerning customs, etc.

Regeringen i vartdera landet skall till välvillig prövning upptaga samt på anmodan bereda av omständigheterna påkallat tillfälle till samråd beträffande framställningar, som regeringen i det andra landet må göra beträffande tillämpningen av tullbestämmelser, kvantitativa restriktioner eller handhavandet därav, iakttagandet av tullformaliteter samt tillämpningen av hälsovårdsförfattningar och föreskrifter till skydd för människors, djurs eller växters liv eller hälsa.

Därest regeringen i ettdera landet vidtager någon åtgärd, som, även om den icke står i strid mot bestämmelserna i denna överenskommelse, av regeringen i det andra landet anses hava den verkan, att någon bestämmelse i överenskommelsen därigenom omintetgöres eller förringas i värde, skall den regering, som vidtagit åtgärden i fråga, till välvillig prövning upptaga av regeringen i det andra landet gjorda framställningar och förslag åsyftande att åstadkomma en ömsesidigt tillfredsställande reglering av frågan.

Article XII

The provisions of this Agreement relating to the treatment to be accorded by the United States of America or Sweden to the commerce of the other country do not apply to advantages now accorded or which may hereafter be accorded to neighboring states in order to facilitate frontier traffic, or to advantages resulting from a customs union to which either country may become a party.

Artikel XII

Exceptions. Neighboring states.

Bestämmelserna i denna överenskommelse angående den behandling, som av Amerikas Förenta Stater eller Sverige skall tillerkännas det andra landets handel, skola icke äga tillämplighet å förmåner, vilka för närvarande äro medgivna eller framdeles må tillerkännas angränsande stater för underlättande av gränstrafiken; eller å förmåner, härledande sig från en tullunion, som må komma att avslutas av ettdera landet.

Gold and silver trade.

War munitions control.

Nothing in this Agreement shall be construed to prevent the adoption of measures prohibiting or restricting the exportation or importation of gold or silver, or to prevent the adoption of such measures as either Government may see fit with respect to the control of the export or sale for export of arms, munitions, or implements of war, and, in exceptional circumstances, all other military supplies.

Ingen bestämmelse i denna överenskommelse skall kunna tolkas på sådant sätt att den utgör hinder vare sig mot vidtagande av åtgärder avseende förbud eller inskränkning beträffande utförsel eller införsel av guld eller silver eller mot vidtagande av åtgärder, som någondera regeringen må finna lämpliga beträffande kontroll över utförsel eller försäljning i exportsyfte av vapen, ammunition eller krigsredskap samt, under exceptionella omständigheter, alla andra militära förnödenheter.

Subject to the requirement that there shall be no arbitrary discrimination by either country against the other country in favor of any third country where similar conditions prevail, the provisions of this Agreement shall not extend to prohibitions or restrictions

1/ relating to public security;
2/ imposed on moral or humanitarian grounds;
3/ designed to protect human, animal or plant life or health;
4/ relating to prisonmade goods;
5/ relating to the enforcement of police or revenue laws.

Under iakttagande av att intetdera landet må vidtaga godtyckligt diskriminerande åtgärder gentemot det andra landet i förhållande till ett tredje land, varest likartade förhållanden råda, skola bestämmelserna i denna överenskommelse icke gälla beträffande förbud eller inskränkningar

1/ avseende allmän säkerhet;
2/ införda av moraliska eller humanitära skäl;
3/ avsedda att skydda människors, djurs eller växters liv eller hälsa;
4/ beträffande varor framställda av fångar; samt
5/ avsedda att bringa polit- eller statsinkomstförfattningar i verkställighet.

Med undantag för i andra stycket av denna artikel upptagna avvikande stadganden, skola bestämmelserna i denna överenskommelse angående den behandling, som av Amerikas Förenta Stater respektive Sverige skall tillerkännas det andra landets handel, icke vara tillämpliga beträffande Filippinerna, Virginska öarna, amerikanska Samoaöarna, ön Guam eller Panamakanalzonen.

under the sovereignty or authority of the United States of America or Sweden, imported from or exported to any territory under the sovereignty or authority of the other country. It is understood, however, that the provisions of this paragraph do not apply to the Panama Canal Zone.

The advantages now accorded or which may hereafter be accorded by the United States of America, its territories and possessions and the Panama Canal Zone to one another or to the Republic of Cuba shall be excepted from the operation of this Agreement. The provisions of this paragraph shall continue to apply in respect of any advantages now or hereafter accorded by the United States of America, its territories or possessions or the Panama Canal Zone to the Philippine Islands irrespective of any change that may take place in the political status of the Philippine Islands.

This Agreement shall not apply to the advantages which Sweden has granted or hereafter may grant to Denmark or Norway or both countries insofar as these advantages are not extended to any other country.

ARTICLE XIV

The Government of each country reserves the right to withdraw the concession granted on any article under this Agreement, or to impose quantitative restrictions on any such article if at any time there should be evidence that, as a result of the extension of such concession to any third country, such country will obtain the major benefit of such concession and in consequence thereof an unduly large increase in importations of such article will take place: Provided that before the Government of either country shall avail itself of the foregoing reservation, it shall give notice in writing to the other Government

inom vilket som helst område under Amerikas Förenta Staters eller Sveriges suveränitet eller överhöghet, vilka införas från eller utföras till något område under det andra landets suveränitet eller överhöghet. Det är likväl överenskommet, att bestämmelserna i detta stycke icke äro tillämpliga beträffande Panama kanalzonen.

Exceptions.

Från tillämpningen av denna överenskommelse undantagas de förmåner, vilka Amerikas Förenta Stater, dess territorier och besittningar samt Panamakanalzonen för närvarande medgivit eller framdeles må tillerkänna varandra inbördes eller republiken Cuba. Bestämmelserna i detta stycke skola fortfara att äga tillämpning beträffande alla förmåner, som Amerikas Förenta Stater, dess territorier eller besittningar eller Panamakanalzonen medgivit eller må tillerkänna Filippinerna, oberoende av varje ändring, som må komma att äga rum i Filippinernas politiska status.

Denna överenskommelse skall icke vara tillämplig å de förmåner, som Sverige medgivit eller framdeles må tillerkänna Danmark eller Norge eller båda dessa länder, så länge samma förmåner icke utsträckts till något annat land.

ARTIKEL XIV

Right to withdraw concessions, etc., reserved.

Vartdera landets regering förbehåller sig rätt att återtaga medgivande, som enligt denna överenskommelse gjorts beträffande någon vara, eller att införa kvantitativa importrestriktioner beträffande samma vara, om det vid någon tidpunkt skulle visa sig att till följd av utsträckande av samma medgivande att gälla i förhållande till tredje land detta drager största fördelen av medgivandet och därigenom införseln av varan ökas i otillbörlig grad.

Proviso.
Previous notice to be given.

Innan regeringen i någotdera landet begagnar sig av nyssnämnda förbehåll skall den lämna skriftligt meddelande härom till den andra regeringen

of its intention to do so, and shall afford such other Government an opportunity within thirty days after receipt of such notice to consult with it in respect of the proposed action; and if an agreement with respect thereto is not reached within thirty days following receipt of the aforesaid notice, the Government which proposes to take such action shall be free to do so at any time thereafter, and the other Government shall be free within fifteen days after such action is taken to terminate this Agreement in its entirety on thirty days' written notice.

Termination of Agreement.

samt bereda denna tillfälle att inom trettio dagar efter mottagandet av dylikt meddelande rådgöra med den förra regeringen beträffande den ifrågasatta åtgärden. Därest enighet med avseende å denna icke nås inom trettio dagar efter mottagandet av nyssnämnda meddelande, skall den regering, som avser att vidtaga åtgärd av angivet slag, äga frihet att när som helst därefter genomföra densamma, varvid den andra regeringen skall äga frihet att inom femton dagar efter det att åtgärden blivit genomförd bringa denna överenskommelse i sin helhet att upphöra vid utgången av trettio dagar från den dag, skriftlig uppsägning skett.

ARTICLE XV

Approval.

The present Agreement shall be approved by the President of the United States of America and ratified by His Majesty the King of Sweden with the consent of the Riksdag.

Effective date.

The Agreement shall come into full force on the thirtieth day after the exchange at Stockholm of the instruments of approval and ratification, and shall remain in force for the term of three years thereafter, unless terminated pursuant to the provisions of Article VII, Article X, or Article XIV.

Ante, pp. 3762, 3765.

Duration.

Unless at least six months before the expiration of the aforesaid term of three years the Government of either country shall have given to the other Government notice of intention to terminate the Agreement upon the expiration of the aforesaid term, the Agreement shall remain in force thereafter, subject to termination under the provisions of Article VII, Article X, or Article XIV, until six months from such time as the Government of either country shall have given notice to the other Government.

ARTIKEL XV

Denna överenskommelse skall gillas av Amerikas Förenta Staters President samt ratificeras av Hans Majestät Konungen av Sverige med Riksdagens godkännande.

Överenskommelsen skall träda i kraft å trettionde dagen efter utväxlingen i Stockholm av stadfästelsehandlingarna och skall, såvida den icke bringas att upphöra jämlikt bestämmelserna i artiklarna 7, 10 eller 14, förbliva i kraft under en tid av tre år.

Såvida icke regeringen i ettdera landet minst sex månader före utgången av nämnda tid av tre år delgivit regeringen i det andra landet sin avsikt att bringa överenskommelsen att upphöra vid utgången av sagda tid, skall överenskommelsen, med förbehåll för dess upphörande jämlikt bestämmelserna i artiklarna 7, 10 eller 14, förbliva i kraft intill utgången av sex månader, räknat från den dag, då regeringen i ettdera landet uppsagt densamma.

In witness whereof the respective Plenipotentiaries have signed this Agreement and have affixed their seals hereto.

Done in duplicate, in the English and Swedish languages, both authentic, at the City of Washington, this 25th day of May, 1935.

Till bekräftelse härav hava respektive befullmäktigade ombud undertecknat denna överenskommelse och försett densamma med sina sigill.

BILAGA II

1930 års tarifflag rubrik	Varubeteckning	Tullsats
	Anm. Bestämmelserna i denna bilaga skola tolkas på samma sätt samt hava samma verkan, som om varje bestämmelse i denna bilaga funnes införd i den rubrik av 1930 års tarifflag, som är antecknad i kolumnen till vänster vid respektive varubeteckning; tillämpningen av kompletterande föreskrifter i Förenta Staternas tullagstiftning å bestämmelserna i denna bilaga skall, i den man så låter sig göra, avgöras på motsvarande sätt. Vad beträffar i denna bilaga uppräknade varuslag, vilka å dagen för denna överenskommelses undertecknande äro underkastade ordinarie tullsatser, pålagda enligt andra lagbestämmelser än den rubrik i 1930 års tarifflag, som finnes antecknad i kolumnen till vänster vid respektive varubeteckning, eller pålagda enligt en villkorlig föreskrift i den sålunda antecknade rubriken, skola sådana särskilda tullar eller tilläggstullar—med iakttagande av de nedsättningar, som upptagits i denna bilaga eller framdeles komma att föreskrivas—förbliva i kraft intill dess deras giltighet enligt lag upphör, men de skola ej höjas.

Med hänsyn till klassificeringen av sådan granit för användning såsom monument-, väg- och gatubeläggnings- eller byggnadssten, som huggits i råblock och jämnats uteslutande i syfte att underlätta transporten till Förenta Staterna, skall nuvarande tullbehandling såsom "oarbetad eller ej slipad, spetsad, hackad, stockhamrad med kantslag, huggen eller polerad", i överensstämmelse med beslut, som kungjorts i Treasury Decision 44791–4 (59 Treasury Decisions 850) fortfarande iakttagas, så länge denna överenskommelse är gällande.

[No. 79]

Agreement between the United States of America and other powers and protocol of signature with reference to statistics of causes of death. Signed at London, June 19, 1934; effective June 19, 1934.

June 19, 1934.

LES Gouvernements de l'Union de l'Afrique de Sud, du Reich allemand, du Commonwealth d'Australie, de l'État fédéral d'Autriche, du Canada, de la République de Chili, de Sa Majesté le Roi d'Égypte, de la République espagnole, de l'État libre d'Irlande, des États-Unis d'Amérique, du Royaume-Uni de Grande-Bretagne et d'Irlande du Nord, de la République hellénique, du Royaume de Hongrie, de Sa Majesté le Roi d'Italie, de la République de Lettonie, des États-Unis de Mexique, de Sa Majesté la Reine des Pays-Bas, de Nouvelle-Zélande, de la République de Panama, de la République de Paraguay, de Sa Majesté le Chah de Perse, de la République de Pologne, de la République tchécoslovaque, et des États-Unis de Venezuela, reconnaissant l'intérêt qu'il y a à assurer autant que possible l'uniformité et la comparabilité des statistiques des causes de décès, leurs Plénipotentiaires soussignés, dûment autorisés à cet effet, sont convenus des dispositions ci-après:

ARTICLE 1er.

Sous réserve des dispositions du protocole de signature qui y est annexé, le présent arrangement s'applique aux territoires métropolitains des Gouvernements contractants et à tous autres territoires auxquels il pourra être étendu en vertu de l'article 8.

ARTICLE 2.

1. Les statistiques des causes de décès seront établies et publiées d'après une seule et même nomenclature, appelée ci-après "nomenclature de base." Ces statistiques devront, soit être rigoureusement conformes à la nomenclature de base, soit, si elles sont présentées sous une forme plus détaillée, être ordonnées de telle manière qu'elles puissent être ramenées par voie de groupement à la nomenclature de base, chaque numéro d'ordre de ces statistiques plus détaillées étant suivi de l'indication entre parenthèses du numéro d'ordre correspondant de la nomenclature de base.

2. Les Gouvernements contractants conviennent d'adopter comme première nomenclature de base la "nomenclature intermédiaire," proposée à Paris le 19 octobre 1929 par la Commission internationale pour la Revision décennale des Nomenclatures nosologiques.

Multilateral agreement with reference to statistics of causes of death.

Contracting Powers.

THE Governments of the Union of South Africa, the German Reich, the Commonwealth of Australia, the Federal State of Austria, Canada, the Republic of Chile, His Majesty the King of Egypt, the Spanish Republic, the Irish Free State, the United States of America, the United Kingdom of Great Britain and Northern Ireland, the Hellenic Republic, the Kingdom of Hungary, His Majesty the King of Italy, the Republic of Latvia, the United States of Mexico, Her Majesty the Queen of the Netherlands, New Zealand, the Republic of Panamá, the Republic of Paraguay, His Majesty the Shah of Persia, the Republic of Poland, the Czechoslovak Republic and the United States of Venezuela, recognising the importance of ensuring as far as possible the uniformity and comparability of statistics of causes of death, the undersigned Plenipotentiaries, being duly authorised thereto, have agreed upon the following provisions:—

ARTICLE 1.

Territories included.

Without prejudice to the provisions of the protocol of signature annexed hereto, the present agreement applies to the metropolitan territories of the Contracting Governments, and to any other territories to which it may have been extended under article 8.

Post, p. 3791.

ARTICLE 2.

"Minimum nomenclature."

Compilation of statistics referred to as.

1. Statistics of causes of death shall be compiled and published according to one uniform nomenclature, hereinafter referred to as the "minimum nomenclature." These statistics shall either follow strictly the minimum nomenclature, or, if they are given in greater detail, be so arranged that by suitable grouping they can be reduced to the minimum nomenclature, each serial number of these more detailed statistics showing after it in brackets the corresponding serial number in the minimum nomenclature.

"Intermediate nomenclature."

2. The Contracting Governments agree to adopt as the first minimum nomenclature the "intermediate nomenclature" recommended at Paris on the 19th October, 1929, by the International Commission for the Decennial Revision of the International Nomenclature of Diseases.

ARTICLE 3.

Chacun des Gouvernements contractants s'engage à établir les statistiques des causes de décès dans les conditions fixées à l'article 2 à partir du 1er janvier suivant la date à laquelle il aura signé le présent arrangement ou y aura adhéré.

ARTICLE 4.

1. Des modifications pourront, dans les conditions fixées au présent article, être apportées à la nomenclature de base pour prendre effet à partir du 1er janvier 1940, ou du 1er janvier de toute dixième année subséquente (dates appelées ci-après "dates de revision"), mais non autrement.

2. En vue de reviser la nomenclature de base, les Gouvernements contractants conviennent de tenir pleinement compte des rapports de toute Commission internationale qui serait réunie de la même manière et aux mêmes effets que la Commission internationale de 1929 pour la Revision décennale des Nomenclatures nosologiques.

3. Pour faciliter l'application du paragraphe précédent, le Gouvernement français réunira en conférence, à l'issue de chacune des sessions de la Commission internationale, les délégations ayant représenté à cette Commission les Gouvernements participant au présent arrangement. Cette conférence examinera les résolutions de la Commission.

4. Chaque Gouvernement contractant aura le droit de demander la revision de la nomenclature de base en vigueur. La demande sera adressée au Gouvernement français, qui convoquera en conférence les Gouvernements contractants pour procéder à l'examen des propositions et à la rédaction des modifications.

5. Les modifications à la nomenclature de base qui seront adoptées au moins une année entière avant la date de revision la plus proche à une conférence réunie en vertu du paragraphe précédent par une majorité d'au moins les quatre cinquièmes des délégués des Gouvernements contractants, prendront effet à partir de la date de revision en question. Pour chaque Gouvernement contractant, la nomenclature de base ainsi modifiée remplacera la nomenclature de base en vigueur jusqu'alors, conformément aux dispositions de l'arrangement, à partir de la date de la revision ou, si le Gouvernement contractant en décide ainsi, à partir du 1er janvier qui suivra immédiatement la date de revision.

ARTICLE 5.

Les Gouvernements contractants qui désireront assurer l'établissement de statistiques plus détaillées que celles qui figurent dans la nomenclature de base pourront conclure entre elles un arrangement en vue d'augmenter, autant que possible, la comparabilité des statistiques, pourvu que cet arrangement ne porte pas atteinte aux dispositions de l'article 2 du présent arrangement.

ARTICLE 3.

Statistics to be compiled by each signatory.

Each Contracting Government undertakes to compile statistics of causes of death in accordance with the conditions laid down in article 2 from the 1st January following the date of its signature of or accession to the present agreement.

ARTICLE 4.

Modifications in minimum nomenclature.

1. Modifications may, in accordance with the conditions laid down in this article, be made in the minimum nomenclature to take effect from the 1st January, 1940, or the 1st January in any subsequent tenth year (hereinafter called "revision dates"), but not otherwise.

Use of other reports in revision.

2. For the purpose of revising the minimum nomenclature the Contracting Governments agree to take fully into account the reports of any International Commission which may be convened in the same manner and with the same objects as the International Commission of 1929 for the Decennial Revision of the International Nomenclature of Diseases.

Conferences authorized.

3. In order to facilitate the operation of the preceding paragraph the French Government shall, at the end of each session of the International Commission, call a conference of the delegations who have represented on that Commission the Governments which are parties to the present agreement. EXCELLENCY:

I have the honor to refer to recent conversations in regard to commerce between the United States of America and the Union of Soviet Socialist Republics and to the trade agreements program of the United States of America, and to confirm and to make of record by this note the following agreement which has been reached between the Governments of our respective countries:

The duties proclaimed by the President of the United States of America pursuant to trade agreements entered into with foreign governments or instrumentalities thereof under the authority of the Act entitled, "An Act to Amend the Tariff Act of 1930", approved June 12, 1934, shall be applied to articles the growth, produce, or manufacture of the Union of Soviet Socialist Republics as long as this Agreement remains in force. It is understood that nothing in this Agreement shall be construed to require the application to articles the growth, produce, or manufacture of the Union of Soviet Socialist Republics of duties or exemptions from duties proclaimed pursuant to any trade agreement between the United States of America and the Republic of Cuba, which has been or may hereafter be concluded.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Reciprocal trade agreement, etc., with Brazil. Vol. 46, p. 708; Vol. 48, p. 943.

WHEREAS it is provided in the Tariff Act of 1930 of the Congress of the United States of America, as amended by the Act of June 12, 1934, entitled "AN ACT To Amend the Tariff Act of 1930" (48 Stat. 943), as follows:

Statutory provisions.

"Sec. 350. (a) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency in restoring the American standard of living, in overcoming domestic unemployment and the present economic depression, in increasing the purchasing power of the American public, and in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any existing rate of duty or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all

foreign countries, whether imported directly, or indirectly: *Provided*, That the President may suspend the application to articles the growth, produce, or manufacture of any country because of its discriminatory treatment of American commerce or because of other acts or policies which in his opinion tend to defeat the purposes set forth in this section; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part."

Promotion of trade.

WHEREAS I, Franklin D. Roosevelt, President of the United States of America, have found as a fact that certain existing duties and other import restrictions of the United States of America and the Republic of the United States of Brazil are unduly burdening and restricting the foreign trade of the United States of America and that the purpose declared in the said Tariff Act of 1930, as amended by the said Act of June 12, 1934, will be promoted by a foreign trade agreement between the United States of America and the Republic of the United States of Brazil;

MR. CHARGÉ D'AFFAIRES:

2. For the sake of clarity in the matter, I recall to Your Excellency that it is a question of article 282 of the new Brazilian tariff, divided into the two following paragraphs:

Burgundy and colophony	Kg.—P. L.	$530
Pitch, black or of any other quality	Ton—P. B.	132$730

3. In accordance with the change which the Brazilian Government establishes by this exchange of notes, those paragraphs will be thus modified in our customs law:

Burgundy	Kg.—P. L.	$530
Colophony, black pitch, or of any other quality	Ton—P. B.	132$730

4. I avail myself of the opportunity to renew to Your Excellency the assurances of my most distinguished consideration.

JOSÉ CARLOS DE MACEDO SOARES

4. Esta modificação começará a vigorar nas mesmas condições estabelecidas para a entrada em vigor do tratado de commércio acima referido, no seu artigo XIV e na nota que esclarece as disposições e taxas contidas na Tabella I do mesmo tratado do qual será parte integrante.

Aproveito a opportunidade para renovar a Vossa Senhoria os protestos da minha mui distincta consideração.

Senhor SECRETARIO DE ESTADO,

Animado do proposito de esclarecer a perfeita intelligencia do artigo VI do tratado de commercio firmado hoje entre o Brasil e os Estados Unidos da America, o meu Governo autorizou-me a declarar a Vossa Excellencia que, emquanto tiver necessidade de manter o actual *contrôle* cambial, interpreta a promessa contida no referido artigo pela seguinte forma:

I) O Banco do Brasil dará cambio sufficiente para o pagamento, a medida que se tornar devido, de todas as futuras importações no Brasil de productos norte-americanos; alem disso, o Banco do Brasil fornecerá cambio bastante para liquidação gradual das dividas commerciaes norte-americanas actualmente em atraso, ficando entendido que o Banco do Brasil estabelecerá um systema de pagamento segundo o qual a importancia de cambio necessaria para os referidos fins não será inferior a uma percentagem calculada de accôrdo com a parte representada pelas mercadorias norte-americanas na importação total do Brasil durante os ultimos dez annos, mas ligeiramente augmentada para se alcançarem as finalidades visadas pelo novo tratado de commercio;

II) Quanto ás remessas de lucros e dividendos de companhias norte-americanas que funccionam no Brasil, não pode o meu Governo, até que se normalise a situação, senão prometter que taes companhias receberão tratamento nunca menos favoravel do que aquelle de que gozam ou vierem a gozar quaesquer companhias estrangeiras estabelecidas no paiz;

III) O meu Governo suggere a cooperação do Banco do Brasil com o "Federal Reserve Board" de Nova York (ou outra instituição que o Governo dos Estados Unidos da America vier a indicar), no sentido de ser inaugurado um serviço de informações em materia cambial, capaz de melhorar o conhecimento da situação de cada um dos dois paizes em relação ao outro e, dessa forma, intensificar entre elles a troca de productos;

IV) Se, como espera, chegarem a uma feliz conclusão as negociações em curso para obtenção de creditos bancarios, reservará o Governo brasileiro de sua disponibilidade de cambio o necessario para attender ao pagamento aos portadores de titulos de emprestimos negociados nos Estados Unidos da America das quantias fixadas pelo plano de pagamento de dividas de 5 de Fevereiro de 1934.

Desejo accrescentar que o Banco do Brasil continuará, como até agora, a pagar as obrigações contrahidas em Junho de 1933 para a consolidação das dividas commerciaes em atrazo, existentes naquella data.

Aproveito a opportunidade para renovar a Vossa Excellencia os protestos da minha mais alta consideração.

OSWALDO ARANHA

A Sua Excellencia o Senhor CORDELL HULL,
Secretario de Estado
dos Estados Unidos da America.

No. 11 EMBASSY OF THE UNITED STATES OF BRAZIL,
Washington, February 2, 1935.

MR. SECRETARY OF STATE:

Animated with the purpose of making article VI of the trade agreement between Brazil and the United States of America, signed today, perfectly clear, my Government has authorized me to advise Your Excellency that, so long as there may be any need for it to maintain the present control over foreign exchange, it interprets the promise contained in the said article as follows:

I. The Bank of Brazil will furnish sufficient exchange for the payments, as they become due, for all future importations of American products into Brazil; moreover, the Bank of Brazil will provide sufficient foreign exchange for the gradual liquidation of the American commercial debts now in arrears, it being understood that the Bank of Brazil will establish a system of payment under which the amount of foreign exchange required for the purposes mentioned shall not be less than a percentage calculated in accordance with the share represented by American goods in total Brazilian imports during the past 10 years, but slightly increased in order that the purposes contemplated by the new trade agreement may be accomplished;

II. With respect to transfers of profits and dividends of American companies operating in Brazil, my Government cannot, until the situation becomes normal, do more than promise that such companies will receive treatment never less favorable than that which is enjoyed or which may be enjoyed by any foreign companies established in the country;

III. My Government suggests the cooperation of the Bank of Brazil with the Federal Reserve Board of New York (or any other institution which the Government of the United States of America may indicate), in the sense of inaugurating a foreign exchange information service, affording greater knowledge of the situation of each of the two countries with relation to the other and, in this way, intensifying the exchange of products between them;

IV. If, as it hopes, the negotiations in progress for obtaining banking credits should come to a happy conclusion, the Brazilian Government will reserve from the foreign exchange at its disposal that

necessary to meet the payment, to the holders of bonds of loans negotiated in the United States of America, of the sums fixed by the plan of February 5, 1934, for payment of debts.

I wish to add that the Bank of Brazil will continue to meet, as hitherto, the obligations assumed in June 1933 for the refunding of the deferred commercial debts in arrears existing at that time.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

OSWALDO ARANHA

His Excellency Mr. CORDELL HULL,
Secretary of State of the United States of America.

The Secretary of State (Hull) to the Brazilian Ambassador (Aranha)

DEPARTMENT OF STATE,
Washington, February 2, 1935.

EXCELLENCY:

I have the honor to acknowledge the receipt of Your Excellency's note of this date.

My Government welcomes the declaration of the Government of Brazil contained in Your Excellency's note under acknowledgment in connection with the arrangements for the development of trade between the United States and Brazil embodied in the new Commercial Agreement between the two countries and has taken note of the determination of the Government of Brazil to resolve in so satisfactory and orderly a manner matters involving foreign exchange between the two countries.

The security in exchange matters these assurances will give to trade between the two countries should greatly assist in the development of that trade. They appear to this Government to be both reasonable and moderate and in no way to obstruct such plans or efforts as the Brazilian Government may wish to carry forward in furthering a liberal exchange policy.

Your Excellency will, of course, appreciate that the proffer by Your Excellency's Government of these assurances as contained in Your Excellency's note above referred to is not construed by this Government as modifying or affecting in any way the rights of American holders of Brazilian bonds issued in the United States.

I avail myself of this opportunity to renew to Your Excellency the assurances of my highest consideration.

CORDELL HULL

His Excellency Mr. OSWALDO ARANHA,
Ambassador of Brazil.

[No. 82]

November 22, 1935. *Exchange of notes between the United States of America and the Union of Soviet Socialist Republics concerning execution of letters rogatory. Signed November 22, 1935.*

The American Ambassador (Bullitt) to the People's Commissar for Foreign Affairs (Litvinoff)

EMBASSY OF THE UNITED STATES OF AMERICA,
Moscow, November 22, 1935.

EXCELLENCY:

Exchange of notes with the Union of Soviet Socialist Republics concerning the execution of letters rogatory.

Confirming conversations between the American Embassy in Moscow and the People's Commissariat for Foreign Affairs with regard to the desirability of setting forth the procedure followed in our respective countries in the matter of the execution of letters rogatory issuing out of courts in the other, I have the honor to inform you of the conditions under which and the manner in which courts in the United States may execute letters rogatory issuing out of courts in the Union of Soviet Socialist Republics.

(1) Letters rogatory issuing out of courts in foreign countries are executed in the United States in accordance with the pertinent provisions of the laws of the United States, or of the State or Territory thereof in which resides the person whose testimony is desired, and in compliance with the rules of the executing court. The Government of the United States is, accordingly, not in a position to set forth with precision what may be the requirements of a particular court in the United States at a given time in respect of the execution of letters rogatory issuing out of a court in a foreign country. There are appended, however, copies of the texts of federal statutory provisions now in force which relate to the taking of testimony under commissions or letters rogatory addressed by foreign courts to federal courts of the United States.

It is understood that it is the practice of American courts of appropriate jurisdiction to execute letters rogatory issuing out of foreign courts, if properly prepared and presented, and that no difficulty is likely to be encountered by Soviet courts in obtaining the execution of letters rogatory by American courts. However, should a Soviet court encounter such difficulty, my Government would, it is understood, upon its attention being drawn thereto through the diplomatic channel, consider what steps it might appropriately take with a view to eliminating the difficulty.

(2) With respect to the question of the manner of transmittal of letters rogatory issuing out of courts in the Union of Soviet Socialist Republics and addressed to courts in the United States, I have the honor to say that neither the Department of State nor any other

part of the Executive Branch of the Government of the United States makes a practice of acting as a channel for the transmittal of letters rogatory issuing out of courts in foreign countries and addressed to courts in the United States. In some States of the United States, laws have been enacted requiring letters rogatory to be presented to the State court by the appropriate consular officer of the country in which the testimony is to be used. As my Government is of the opinion that this practice should be generally followed with respect to both Federal and State courts, letters rogatory issuing out of a court in the Soviet Union for execution in the United States should be presented to the court to which they are addressed by the consular officer of the Union of Soviet Socialist Republics in the United States within whose consular district the court in question is located.

(3) While my Government is not, as has been stated above, in a position to set forth with precision what the requirements of a particular court in the United States may be at a given time in respect of the execution of letters rogatory issuing out of a court in a foreign country, my Government desires me to suggest the following points which courts in the Union of Soviet Socialist Republics may find it advantageous to observe in preparing letters rogatory for execution in the United States:

(a) The letters rogatory should be addressed by name to the court in the United States which is to execute them, if that is known; or they may be addressed "To any court of competent jurisdiction in the United States".

(b) Requests for the execution of letters rogatory should specify the name of the court out of which they issue, as well as the names of the parties to the action in which the testimony called for by the letters rogatory is desired.

(c) Requests for the execution of letters rogatory should be accompanied by English translations thereof and of accompanying documents such as exhibits and any instructions to the executing court.

With respect to the service of documents on Soviet nationals in the United States in connection with cases pending in courts in the Soviet Union, my Government has informed me that, while it cannot undertake to obligate courts or officials in the United States, no restrictions are known to exist upon the service of such documents without the application of coercion by Soviet diplomatic and consular officers in the United States.

Accept, Excellency, the renewed assurances of my highest consideration.

WILLIAM C. BULLITT

His Excellency
MAXIM M. LITVINOV,
People's Commissar for Foreign Affairs,
Moscow.

[Enclosure]

EXCERPTS FROM TITLE 28, UNITED STATES CODE.

Excerpts from United States Code. U. S. C., p. 1298.

"653. * * * When letters rogatory are addressed from any court of a foreign country to any district court of the United States, a commissioner of such district court designated by said court to make the examination of the witnesses mentioned in said letters, shall have power to compel the witnesses to appear and depose in the same manner as witnesses may be compelled to appear and testify in courts. (R. S. § 875; Feb. 27, 1887, C. 69, § 1, 19 Stat. 241)"

Testimony for use in foreign countries

"701. *Taking.* The testimony of any witness residing within the United States, to be used in any suit for the recovery of money or property depending in any court in any foreign country with which the United States are at peace, and in which the government of such foreign country shall be a party or shall have an interest, may be obtained, to be used in such suit. If a commission or letters rogatory to take such testimony, together with specific written interrogatories, accompanying the same, and addressed to such witness, shall have been issued from the court in which such suit is pending, on producing the same before the district judge of any district where the witness resides or shall be found, and on due proof being made to such judge that the testimony of any witness is material to the party desiring the same, such judge shall issue a summons to such witness requiring him to appear before the officer or commissioner named in such commission or letters rogatory, to testify in such suit. And no witness shall be compelled to appear or to testify under this section except for the purpose of answering such interrogatories so issued and accompanying such commission or letters. When counsel for all the parties attend the examination, they may consent that questions in addition to those accompanying the commission or letters rogatory may be put to the witness, unless the commission or letters rogatory exclude such additional interrogatories. The summons shall specify the time and place at which the witness is required to attend, which place shall be within one hundred miles of the place where the witness resides or shall be served with such summons. (R. S. § 4071.)

"702. *Privilege of witness.* No witness shall be required, on such examination or any other under letters rogatory, to make any disclosure or discovery which shall tend to criminate him either under the laws of the State or Territory within which such examination is had, or any other, or any foreign State. (R. S. § 4072.)

"703. *Punishment of witness for contempt.* If any person shall refuse or neglect to appear at the time and place mentioned in the summons issued, in accordance with section 701 of this title, or if upon his appearance he shall refuse to testify, he shall be liable to the same penalties as would be incurred for a like offense on the trial of a suit in the district court of the United States. (R. S. § 4073.)

"704. *Fees and mileage of witnesses.* Every witness who shall so appear and testify shall be allowed, and shall receive from the party at whose instance he shall have been summoned, the same fees and mileage as are allowed to witnesses in suits depending in the district courts of the United States. (R. S. § 4074.)"

The People's Commissar for Foreign Affairs (Litvinoff) to the American Ambassador (Bullitt)

Moscow, *November "22" 1935.*

MR. AMBASSADOR:

Confirmation by Union of Soviet Socialist Republics.

Confirming conversations between the People's Commissariat for Foreign Affairs and the American Embassy in Moscow with regard to the desirability of setting forth the procedure followed in our respective countries in the matter of the execution of letters rogatory issuing out of the courts in the other, I have the honor to inform you of the procedure according to which the courts of the Union of Soviet Socialist Republics will accept for execution letters rogatory of courts in the United States of America.

1. Letters rogatory issuing out of courts in the United States for execution in the Union of Soviet Socialist Republics should be delivered through the diplomatic channel, i. e., through the American Embassy in Moscow and the People's Commissariat for Foreign Affairs, to the appropriate court in the Union of Soviet Socialist Republics and, when executed, they will be returned through the same channel.

2. Letters rogatory issued out of a court in the United States forwarded for execution in the Union of Soviet Socialist Republics should be addressed to the Supreme Court of that constituent republic which is competent to execute such letters rogatory. In case the exact title of the Soviet court is unknown to the court which issues the letters rogatory, the letters rogatory may be addressed "to the competent court of the Union of Soviet Socialist Republics".

3. Requests of courts in the United States for the execution of letters rogatory addressed to courts in the Union of Soviet Socialist Republics should specify the name of the court out of which they issue, as well as the names of the parties to the action in which the testimony called for by the letters rogatory is desired.

4. Requests for the execution of letters rogatory should be accompanied by Russian translations of all the basic documents, such as the interrogatories themselves and any accompanying instructions to the executing court. It will be sufficient in the case of documents of secondary importance to forward short summaries of their contents in the Russian language.

5. Depending upon the nature of the letters rogatory, a fee varying from five to ten dollars ($5 to $10) will be charged for the execution of letters rogatory issued out of courts in the United

States. In addition to this fee, remuneration for the services of experts as well as for the travelling expenses and expenditure of time by witnesses may be requested in individual cases, such remuneration to be based on rates current at the time as fixed by law or regulation then existing. Payment of fees and other possible expenses of the nature referred to above will be effected in dollars by the American Embassy at Moscow upon receipt from the People's Commissariat for Foreign Affairs of the executed letters rogatory and an appropriate statement setting forth the amount due, and the fees and services covered thereby.

6. The court in the Union of Soviet Socialist Republics by which the letters rogatory are executed shall give effect to them in accordance with the procedural rules obtaining in the Union of Soviet Socialist Republics.

7. The court issuing the letters rogatory shall, if it so desires, be informed of the date and place where the proceedings will take place, in order that the interested parties or their legal representatives may, if they desire, be present.

8. The execution of letters rogatory issuing out of a court in the United States may be refused in whole or in part, if the appropriate authorities in the Union of Soviet Socialist Republics consider that the execution thereof would affect its sovereignty or safety. In returning letters rogatory unexecuted in whole or in part, the authorities refusing such execution shall affix under seal to the letters rogatory a written statement of the reasons for such refusal.

9. Any difficulties which may arise in connection with a request by a court in the United States for the execution of letters rogatory in the Union of Soviet Socialist Republics shall be settled through the diplomatic channel.

While letters rogatory must be transmitted through the diplomatic channel, American diplomatic and consular institutions may, in connection with cases pending in the United States courts, serve juridical documents on American nationals within the Union of Soviet Socialist Republics, without the application of coercion.

Accept, Mr. Ambassador, the renewed assurances of my highest consideration.

[No. 86]

Arrangement between the United States of America and Belgium for reciprocal relief from double income tax on shipping profits. Effected by exchange of notes, signed January 28, 1936.

January 28, 1936.

The American Ambassador (Morris) to the Belgian Prime Minister and Minister for Foreign Affairs and Foreign Commerce (Van Zeeland)

No. 624 EMBASSY OF THE UNITED STATES OF AMERICA,
Brussels, January 28, 1936.

EXCELLENCY:

Arrangement with Belgium for reciprocal relief from double income tax on shipping profits.

I have the honor to inform you that, on condition of reciprocity, corporations, including maritime shipping companies, organized in Belgium, the vessels of which, documented under the laws of Belgium, call at American ports, either to load or to unload cargo, or to embark or to land passengers, shall be exempted by the Government of the United States from the payment of taxes on income or profits derived exclusively from the operation of such vessels.

This exemption shall apply even though a Belgian corporation or company has an agency or a branch office in the United States, provided that the activities of the agency or branch office be limited to the direct operation of vessels.

By "maritime shipping companies," shall be understood companies which are managed by an "owner" of vessels, the term "owner" including charterers.

The Government of the United States, on condition of reciprocity, shall likewise exempt from taxation the incomes of Belgian citizens, not residents in the United States, which consist exclusively of earnings derived from the operation of a vessel or vessels documented under the laws of Belgium.

Income or profits derived from the operation of vessels shall also include income or profits derived from the sale in the United States of steamship tickets issued by a Belgian corporation or company.

The exemption provided for above shall apply to profits or income received on or after January 1, 1931. The Government of the United States will, however, refund to a claimant taxes collected by it since January 1, 1931, subject to the statutory period of limitation against refunds.

This exemption may be terminated at any time by either Government on six months' notice given to the other Government.

Accept, Excellency, the renewed assurances of my highest consideration.

DAVE H. MORRIS

His Excellency
Monsieur PAUL VAN ZEELAND,
Prime Minister and Minister for
Foreign Affairs and Foreign Commerce.

The Belgian Prime Minister and Minister for Foreign Affairs and Foreign Commerce (Van Zeeland) to the American Ambassador (Morris)

MINISTÈRE DES AFFAIRES ETRANGÈRES
ET DU COMMERCE EXTÉRIEUR,
Bruxelles, le 28 Janvier 1936.

MONSIEUR L'AMBASSADEUR,

Je désire informer Votre Excellence que, sous réserve de réciprocité, les entreprises en général, y compris les compagnies de navigation maritime, constituées aux Etats-Unis, dont les navires, enregistrés conformément aux lois des Etats-Unis, visitent les ports belges, soit pour y charger ou y décharger des marchandises, soit pour y embarquer ou y débarquer des passagers, seront exemptées par le Gouvernement Belge du paiement de l'impôt sur les revenus ou bénéfices résultant exclusivement de l'exploitation de ces navires.

Cette exemption est acquise même si l'entreprise ou la compagnie des Etats-Unis possède en Belgique une agence ou une succursale, pourvu que l'activité de l'agence ou de la succursale ne s'écarte pas de l'exploitation directe des navires.

Par "entreprises de navigation maritime", il faut entendre celles qui sont dirigées par un "propriétaire" de navires le terme "propriétaire" comprenant tout affréteur.

Le Gouvernement Belge, sous réserve de réciprocité exemptera de même de la taxation les revenus de citoyens américains ne résidant pas en Belgique, lorsque ces revenus consistent exclusivement en bénéfices provenant de l'exploitation d'un ou de plusieurs navires enregistrés conformément aux lois des Etats-Unis.

Les revenus ou bénéfices de l'exploitation des navires comprennent également ceux provenant de la vente en Belgique de billets de passage délivrés par des entreprises ou compagnies américaines.

L'exemption prévue ci-dessus sera appliquée aux bénéfices ou revenus touchés le 1er janvier 1931 ou après cette date. Le Gouvernement Belge ne remboursera néanmoins aux requérants les impôts perçus par lui depuis le 1er janvier 1931 que sous réserve des dispositions légales limitant la période pour laquelle des remboursements peuvent être effectués.

Cette exemption pourra être retirée à tout moment par l'un des deux Gouvernements moyennant un préavis de six mois donné à l'autre Gouvernement.

Je saisis cette occasion, Monsieur l'Ambassadeur, de renouveler à Votre Excellence l'assurance de ma très haute considération.

PAUL VAN ZEELAND

Son Excellence Monsieur DAVE HENNEN MORRIS,
Ambassadeur des Etats-Unis,
a Bruxelles.

The President may at any time terminate any such proclamation in whole or in part."

January 9, 1936.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

WHEREAS it is provided in the Tariff Act of 1930 of the Congress of the United States of America, as amended by the Act of June 12, 1934, entitled "AN ACT To Amend the Tariff Act of 1930" (48 Stat. 943), as follows:

Reciprocal trade agreement, etc., with Switzerland. Vol. 46, p. 708; Vol. 48, p. 943.

"Sec. 350. (a) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency in restoring the American standard of living, in overcoming domestic unemployment and the present economic depression, in increasing the purchasing power of the American public, and in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

Statutory provisions.

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any existing rate of duty or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all foreign countries, whether imported directly, or indirectly: *Provided*, That the President may suspend the application to articles the growth, produce, or manufacture of any country because of its discriminatory treatment of American commerce or because of other acts or policies which in his opinion tend to defeat

the purposes set forth in this section; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part."

Promotion of foreign trade.

WHEREAS I, Franklin D. Roosevelt, President of the United States of America, have found as a fact that certain existing duties and other import restrictions of the United States of America and Switzerland are unduly burdening and restricting the foreign trade of the United States of America and that the purpose declared in the said Tariff Act of 1930, as amended by the said Act of June 12, 1934, will be promoted by a foreign trade agreement between the United States of America and the Swiss Federal Council;

Vol. 46, p. 708; Vol. 48, p. 943.

Notice given.

WHEREAS reasonable public notice of the intention to negotiate such foreign trade agreement was given and the views presented by persons interested in the negotiation of such agreement were received and considered;

Trade agreement entered into.

1. Si le Gouvernement des Etats-Unis d'Amérique ou le Gouvernement suisse venait à établir ou maintenait une restriction quantitative ou un contrôle quelconque de l'importation ou de la vente d'un article intéressant l'autre de ces pays, ou frappait l'importation ou la vente d'une quantité déterminée de cet article d'un droit de douane ou d'une taxe inférieure au droit ou à la taxe perçus sur les importations dépassant cette quantité, le Gouvernement prenant ces mesures devra:

(a) faire connaître au Gouvernement de l'autre pays, sur sa demande, la quantité totale de l'article dont il s'agit ou toute modification affectant cette quantité, dont l'importation ou la vente est autorisée, ou est autorisée moyennant paiement du droit de douane ou de la taxe inférieure susmentionnés pendant une période déterminée; et

It is agreed that in making its foreign purchases of any article such monopoly or agency will be influenced solely by competitive considerations, such as price, quality, marketability, and terms of sale.

2. Ni les Etats-Unis d'Amérique ni la Suisse ne réglementeront la quantité totale des importations ou des ventes autorisées sur leur territoire respectif, en ce qui concerne un article quelconque intéressant l'autre de ces pays, par des licences ou des permis d'importation délivrés à des particuliers ou à des groupements, à moins que la quantité totale d'un tel article dont l'importation ou la vente est autorisée au cours d'une période de contingentement de trois mois au moins, ait été fixée. Le Gouvernement de chacun des deux pays fera connaître, sur demande, au Gouvernement de l'autre pays, la quantité totale d'un article de ce genre dont l'importation est autorisée et les règlements concernant l'octroi des licences ou des permis précités.

ARTICLE VIII

Si les Etats-Unis d'Amérique ou la Suisse venaient à instituer ou maintenaient un monopole de l'importation, de la production ou de la vente d'un article ou accordaient, formellement ou en fait, à un ou plusieurs offices le droit exclusif d'importer, de produire ou de vendre un article, le Gouvernement du pays établissant ou maintenant un tel monopole ou accordant des privilèges de ce genre, convient que le commerce de l'autre pays recevra un traitment loyal et équitable, en ce qui concerne les achats effectués à l'étranger par le monopole ou par l'office en question. Il est entendu qu'en ce qui concerne ses achats d'un article quelconque à l'étranger, ce monopole ou cet office ne tiendra compte que des considérations d'ordre commercial telles que le prix, la qualité, les possibilités d'écoulement et les conditions de vente de la marchandise.

ARTICLE IX

Articles the growth, produce or manufacture of the United States of America or Switzerland, shall, after importation into the other country, be exempt from all internal taxes, fees, charges or exactions other or higher than those payable on like articles of domestic origin or any other foreign origin.

ARTICLE X

Les Etats-Unis d'Amérique et la Suisse conviennent de s'accorder réciproquement le traitement inconditionnel et illimité de la nation la plus favorisée pour tout ce qui concerne les droits et autres frais de douane et le mode de perception des droits, pour les règles, formalités et charges auxquelles les opérations de dédouanement des marchandises pourraient être soumises, ainsi que pour toutes les lois ou règlements concernant la vente ou l'utilisation dans le pays de marchandises importées.

Par conséquent, les produits naturels ou manufacturés originaires des Etats-Unis d'Amérique ou de Suisse ne seront en aucun cas assujettis sous les rapports susvisés, dans l'autre de ces pays, à des droits, taxes ou charges, autres ou plus élevés, ni à des règles et formalités autres ou plus onéreuses que ceux auxquels sont ou seront assujettis les produits de même nature originaires d'un pays tiers quelconque.

De même, les produits naturels ou manufacturés exportés du territoire des Etats-Unis d'Amérique ou de Suisse à destination du territoire de l'autre de ces pays ne seront en aucun cas assujettis, sous les mêmes rapports, à des droits, taxes ou charges autres ou plus élevés, ni à des règles et formalités autres ou plus onéreuses que ceux auxquels sont ou seront assujettis les mêmes produits destinés au territoire d'un autre pays quelconque.

Tous les avantages, faveurs, privilèges et immunités qui ont été ou seront accordés à l'avenir par les Etats-Unis d'Amérique ou la Suisse dans la matière susdite à un produit naturel ou manufacturé originaire d'un autre pays quelconque, ou destiné au territoire d'un autre pays quelconque, seront, immédiatement et sans compensation, appliqués au produit de même nature originaire de la Suisse ou des Etats-Unis d'Amérique respectivement ou destiné au territoire de l'un de ces pays.

Si le taux du change entre les monnaies américaine et suisse venait à varier considérablement, le Gouvernement de chacun des pays sera libre de proposer l'ouverture de négociations tendant à modifier le présent accord ou de dénoncer celui-ci, dans son entier, moyennant un préavis écrit de trente jours, s'il estime que la variation en question est de telle ampleur qu'elle peut porter préjudice aux industries ou au commerce du pays.

Les avantages résultant d'une union douanière à laquelle soit les Etats-Unis d'Amérique soit la Suisse sont parties ou dont ils peuvent devenir parties ne seront également pas soumis aux dispositions du présent accord.

Dans le présent accord, rien ne sera interprété comme empêchant l'adoption de mesures prohibant ou restreignant l'exportation ou l'importation d'or ou d'argent ou s'opposant à l'adoption des mesures que l'un des Gouvernements pourrait juger opportun de prendre en vue de contrôler l'exportation, ou la vente en vue de l'exportation, d'armes, de munitions ou de matériel de guerre, et, dans certaines circonstances exceptionnelles, de toutes autres fournitures militaires.

If no agreement is reached with respect to such representations or proposals within thirty days after they are received, the Government making them shall be free, within fifteen days after the expiration of the aforesaid period of thirty days, to terminate this Agreement in its entirety on sixty days' written notice.

ARTICLE XV

Adjustment of future proposals.

Au cas où le Gouvernement des Etats-Unis d'Amérique ou le Gouvernement suisse adopterait ou modifierait une mesure ou procédure ou pratique quelconque qui, tout en ne constituant pas une dérogation aux termes du présent accord, serait considérée par le Gouvernement de l'autre pays comme devant avoir pour effet de rendre nul ou de porter atteinte à l'un quelconque des buts poursuivis par l'accord, le Gouvernement qui aura pris ou modifié une telle mesure ou procédure ou pratique devra prendre en considération les représentations ou propositions écrites que l'autre Gouvernement pourrait lui faire en vue d'arriver à un règlement satisfaisant pour les deux parties de la question. Si un accord n'est pas intervenu en ce qui concerne ces représentations ou propositions dans un délai de trente jours à partir de la date de réception, le Gouvernement qui les aura faites sera libre de dénoncer le présent accord dans son entier dans les quinze jours suivant l'expiration de la période de trente jours susmentionnée, moyennant un préavis écrit de soixante jours.

Le Gouvernement des Etats-Unis d'Amérique et le Gouvernement suisse se réservent le droit de supprimer ou de modifier la concession accordée aux termes du présent accord en ce qui concerne un article quelconque, ou le droit d'imposer des restrictions quantitatives sur un tel article si, du fait de l'extension de cette concession à des pays tiers, ces derniers en sont les principaux bénéficiaires et si, par conséquent, il se produit un accroissement anormal des importations de l'article en question. Il est cependant entendu que le Gouvernement de l'un des pays, avant de faire usage de la réserve précitée, devra signifier à l'autre Gouvernement, par écrit, son intention d'agir de cette manière et donner à cet autre Gouverne-

ARTICLE XVII

Smuggling.

The purpose of this Agreement being to facilitate and increase trade, it is understood and agreed that if the United States of America should make effective any measure with respect to the prevention of smuggling which the Government of Switzerland should consider as restricting unduly or having the effect of restricting unduly the legitimate importation of or trade in Swiss watches or watch movements, the Government of the United States of America will give most sympathetic consideration to any written representations which the Government of Switzerland may make with respect thereto. If, within thirty days after the receipt of such representations, no satisfactory understanding or adjustment has been effected, the Government of Switzerland shall have the right, within fifteen days after the expiration of the aforesaid period of thirty days, to terminate the Declaration annexed to this Agreement, or this Agreement in its entirety, on sixty days' written notice.

Termination of Declaration, etc.

ARTICLE XVII

Le but du présent accord étant de faciliter et d'accroître le commerce, il est entendu et convenu que si les Etats-Unis d'Amérique venaient à mettre en vigueur une mesure quelconque se rapportant à la lutte contre la contrebande que le Gouvernement suisse considérerait comme restreignant indûment ou ayant comme effet de restreindre indûment l'importation ou le commerce légitime des montres ou des mouvements de montres suisses, le Gouvernement des Etats-Unis accordera l'attention la plus sympathique à toutes représentations que le Gouvernement suisse pourrait lui faire par écrit à ce sujet. Si, dans les trente jours après réception de ces représentations, il n'a été conclu aucune entente ou aucun arrangement satisfaisant, le Gouvernement suisse aura le droit, dans les quinze jours après l'expiration de la période de trente jours indiquée ci-dessus, de dénoncer la déclaration annexée au présent accord ou cet accord dans son entier dans les soixante jours, par notification écrite.

DECLARATION

Suppression of smuggling of watches, etc.

With a view to cooperating with the Government of the United States of America in its efforts to suppress the smuggling of watches and watch movements, the Government of Switzerland will establish and maintain with the collaboration of the appropriate organizations of the Swiss Watch Industry, the following system of regulation of the exportation of watches and watch movements from Switzerland to the United States:

1. Watches and watch movements other than those purchased at retail may not be exported from Switzerland to the United States except under export permits issued by a Swiss watch organization to be designated by the Government of Switzerland. Such permits shall be viséed by the Swiss Customs Authorities when the shipments are exported from Switzerland and shall be delivered to the appropriate American Consulate in Switzerland. The export permit shall be substantially in the form attached hereto.

2. Watches and watch movements destined for the United States shall be exported through the Swiss Custom House at the place or places to be designated by the Swiss Customs Authorities, for direct shipment to the United States.

3. Watches and watch movements exported from Switzerland to the United States shall be permanently marked with a distinguishing mark distinct for each importer in the United States. Current lists of such marks, and the names and addresses of the persons to whom allocated, shall be furnished by the Swiss Government to the American Legation at Bern. However, such mark shall not be required in the case of watches or watch movements which are or may hereafter be permitted to be legally imported into the United States without marking.

4. The appropriate organizations of the Swiss Watch Industry will take such measures as are necessary to insure:

(a) that their members keep regular accounts, periodically audited, and that they furnish complete information to a central organization in Switzerland regarding their exports of watches and watch movements to the United States, in particular, the dates, quantities and values of their shipments, the style of their products, the names of the suppliers of the exported articles, and the names of the importers in the United States; and

(b) that infringements of this system of regulation of exports are punished in accordance with the conventions of the Swiss Watch Industry; it being understood that one of the penalties to be imposed shall be the temporary or permanent refusal of export permits for future shipments to the United States.

5. Upon request through the appropriate channels, the Swiss watch organization which is designated by the Government of Switzerland for the issuance of export permits will furnish information to the American Customs Authorities regarding the smuggling or suspected smuggling into the United States of watches and watch movements.

DÉCLARATION

Dans le but de coopérer avec le Gouvernement des Etats-Unis d'Amérique dans ses efforts pour supprimer la contrebande des montres et des mouvements de montres, le Gouvernement suisse établira et maintiendra, avec la collaboration des organisations appropriées de l'industrie horlogère suisse, le système suivant de réglementation de l'exportation des montres et des mouvements de montres de Suisse aux Etats-Unis:

1. Les montres et les mouvements de montres autres que ceux achetés dans le commerce de détail ne peuvent pas être exportés de Suisse aux Etats-Unis s'ils ne sont pas accompagnés de permis délivrés par une organisation de l'industrie horlogère suisse désignée par le Gouvernement suisse. Ces permis doivent être visés par les Autorités douanières suisses au moment où les envois sont exportés de Suisse et doivent être remis au Consulat américain compétent en Suisse. Le permis d'exportation doit être conforme en principe au formulaire ci-joint.

2. Les montres et les mouvements de montres destinés aux Etats-Unis doivent être exportés par le ou les Bureaux des Douanes suisses désignés par les Autorités douanières suisses, d'où ils seront acheminés directement sur les Etats-Unis.

3. Les montres et les mouvements de montres exportés de Suisse aux Etats-Unis seront marqués de façon permanente d'une marque distinctive, distincte pour chaque importateur aux Etats-Unis. Des listes tenues à jour de ces marques, ainsi que les noms et adresses des personnes auxquelles elles sont assignées, seront fournies à la Légation des Etats-Unis à Berne par le Gouvernement suisse. Cependant, cette marque ne doit pas être exigée pour des montres et des mouvements de montres qui sont ou seraient subséquemment autorisés à être légalement importés aux Etats-Unis sans marquage.

4. Les organisations appropriées de l'industrie horlogère suisse prendront les mesures nécessaires pour assurer:

(a) que leurs membres tiennent une comptabilité régulière périodiquement revisée et qu'ils fournissent des informations complètes à une organisation centrale en Suisse, concernant leurs exportations de montres ou de mouvements de montres aux Etats-Unis, en particulier les dates, quantités et valeurs de leurs envois, le genre de leurs produits, les noms des fournisseurs des articles exportés et les noms des importateurs aux Etats-Unis; et

(b) que les infractions à ce système de réglementation des exportations seront punies en conformité des conventions de l'industrie horlogère suisse; il est entendu que l'une des sanctions à prendre sera le refus temporaire ou permanent de permis d'exportation pour les envois futurs à destination des Etats-Unis.

5. Sur requête présentée par les voies appropriées, l'organisation de l'industrie horlogère suisse désignée par le Gouvernement suisse pour l'émission des permis d'exportation fournira aux Autorités douanières américaines des informations concernant l'entrée aux Etats-Unis en contrebande effective ou supposée de montres et de mouvements de montres.

6. The Swiss watch organization which is designated by the Government of Switzerland for the issuance of export permits will, after due warning, refuse to issue export permits for the shipment of watches and watch movements for the account of any person in the United States if there is probable cause to believe that such person has smuggled or is engaged in the smuggling of watches or watch movements into the United States and if such person has refused to permit a duly accredited customs officer of the United States to inspect his stock or records pertaining to such merchandise or the purchase or importation thereof.

The system of regulation of exports described above shall be put into operation on May 1, 1936, and shall continue to operate as long as the trade agreement remains in force, subject to the provisions of Article XVII of the said trade agreement.

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

Reciprocal trade agreement with Canada.
Vol. 46, p. 708; Vol. 48, p. 943.
U. S. C., p. 879.

WHEREAS it is provided in the Tariff Act of 1930 of the Congress of the United States of America, as amended by the Act of June 12, 1934, entitled "AN ACT To Amend the Tariff Act of 1930" (48 Stat. 943), as follows:

Statutory provisions.

"Sec. 350. (a) For the purpose of expanding foreign markets for the products of the United States (as a means of assisting in the present emergency in restoring the American standard of living, in overcoming domestic unemployment and the present economic depression, in increasing the purchasing power of the American public, and in establishing and maintaining a better relationship among various branches of American agriculture, industry, mining, and commerce) by regulating the admission of foreign goods into the United States in accordance with the characteristics and needs of various branches of American production so that foreign markets will be made available to those branches of American production which require and are capable of developing such outlets by affording corresponding market opportunities for foreign products in the United States, the President, whenever he finds as a fact that any existing duties or other import restrictions of the United States or any foreign country are unduly burdening and restricting the foreign trade of the United States and that the purpose above declared will be promoted by the means hereinafter specified, is authorized from time to time—

"(1) To enter into foreign trade agreements with foreign governments or instrumentalities thereof; and

"(2) To proclaim such modifications of existing duties and other import restrictions, or such additional import restrictions, or such continuance, and for such minimum periods, of existing customs or excise treatment of any article covered by foreign trade agreements, as are required or appropriate to carry out any foreign trade agreement that the President has entered into hereunder. No proclamation shall be made increasing or decreasing by more than 50 per centum any existing rate of duty or transferring any article between the dutiable and free lists. The proclaimed duties and other import restrictions shall apply to articles the growth, produce, or manufacture of all foreign countries, whether imported directly, or indirectly: *Provided*, That the President may suspend the application to articles the growth, produce, or manufacture of any country because of its discriminatory treatment of American commerce or because

of other acts or policies which in his opinion tend to defeat the purposes set forth in this section; and the proclaimed duties and other import restrictions shall be in effect from and after such time as is specified in the proclamation. The President may at any time terminate any such proclamation in whole or in part."

Promotion of foreign trade.

WHEREAS I, Franklin D. Roosevelt, President of the United States of America, have found as a fact that certain existing duties and other import restrictions of the United States of America and the Dominion of Canada are unduly burdening and restricting the foreign trade of the United States of America and that the purpose declared in the said Tariff Act of 1930, as amended by the said Act of June 12, 1934, will be promoted by a foreign trade agreement between the United States of America and the Dominion of Canada;

Vol. 46, p. 708; Vol. 48, p. 943.

Notice given.

WHEREAS reasonable public notice of the intention to negotiate such foreign trade agreement was given and the views presented by persons interested in the negotiation of such agreement were received and considered;

Trade agreement entered into.

WHEREAS, after seeking and obtaining information and advice with respect thereto from the United States Tariff Commission, the Departments of State, Agriculture, and Commerce, and from other sources, I entered into a foreign Trade Agreement on November 15, 1935, through my duly empowered Plenipotentiary, with His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, in respect of the Dominion of Canada, through his duly empowered Plenipotentiary, which Agreement, including two Schedules annexed thereto, is in words and figures as follows:

Purposes declared.

The President of the United States of America and His Majesty the King of Great Britain, Ireland and the British dominions beyond the Seas, Emperor of India, in respect of the Dominion of Canada, being desirous of facilitating and extending the commercial relations existing between the United States of America and Canada by granting mutual and reciprocal concessions and advantages for the promotion of trade, have resolved to conclude a Trade Agreement as a step toward the lowering of the barriers impeding trade between their two countries, and for this purpose have through their respective Plenipotentiaries agreed upon the following Articles:

ARTICLE I

Most-favored-nation treatment.

The United States of America and Canada will grant each other unconditional and unrestricted most-favored-nation treatment in all matters concerning customs duties and subsidiary charges of every kind and in the method of levying duties, and, further, in all matters concerning the rules, formalities and charges imposed in connection with the clearing of goods through the customs, and with respect to all laws or regulations affecting the sale or use of imported goods within the country.

Accordingly, natural or manufactured products having their origin in either of the countries shall in no case be subject, in regard to the matters referred to above, to any duties, taxes or charges other or higher, or to any rules or formalities other or more burdensome, than those to which the like products having their origin in any third country are or may hereafter be subject.

Similarly, natural or manufactured products exported from the territory of the United States of America or Canada and consigned to the territory of the other country shall in no case be subject with respect to exportation and in regard to the above-mentioned matters, to any duties, taxes or charges other or higher, or to any rules or formalities other or more burdensome, than those to which the like products when consigned to the territory of any third country are or may hereafter be subject.

Any advantage, favor, privilege or immunity which has been or may hereafter be granted by the United States of America or Canada in regard to the above-mentioned matters, to a natural or manufactured product originating in any third country or consigned to the territory of any third country shall be accorded immediately and without compensation to the like product originating in or consigned to the territory of Canada or the United States of America, respectively, and irrespective of the nationality of the carrier.

ARTICLE II

Freedom of imports.

Neither the United States of America nor Canada shall establish any prohibition or maintain any restriction on imports from the territory of the other country which is not applied to the importation of any like article originating in any third country. Any abolition of an import prohibition or restriction which may be granted even temporarily by either country in favor of an article of a third country shall be applied immediately and unconditionally to the like article originating in the territory of the other country. These provisions equally apply to exports.

Extension of advantages granted another country.

Quantitative restrictions; allocations.

In the event of quantitative restrictions being established by either the United States of America or Canada for the importation of any article it is agreed that in the allocation of the quantity of restricted goods which may be authorized for importation, the other country will be granted a share equivalent to the proportion of the trade which it enjoyed in a previous representative period prior to the establishment of such quantitative restrictions.

Rules, formalities, or charges.

In all matters concerning the rules, formalities or charges imposed in connection with any form of quantitative restriction on the importation of any article, the United States of America and Canada agree to extend to each other every favor granted to a third country.

ARTICLE III

Enumerated imports into Canada.
Post, p. 3968.

Articles the growth, produce or manufacture of the United States of America, enumerated and described in Schedule I annexed to this Agreement, shall, on their importation into Canada, be exempt from ordinary customs duties in excess of those set forth in the said Schedule. The said articles shall also be exempt from all other duties, taxes, fees, charges, or exactions, imposed on or in connection with importation, in excess of those imposed on the day of the signature of this Agreement or required to be imposed thereafter under laws of Canada in force on the day of the signature of this Agreement.

No excess duty, etc.

Schedule I included in Agreement.

Schedule I and the notes included therein shall have full force and effect as integral parts of this Agreement.

ARTICLE IV

Specified imports from Canada.
Post, p. 3977.

Articles the growth, produce or manufacture of Canada, enumerated and described in Schedule II annexed to this Agreement, shall, on their importation into the United States of America, be exempt from

ordinary customs duties in excess of those set forth and provided for in the said Schedule. The said articles shall also be exempt from all other duties, taxes, fees, charges, or exactions, imposed on or in connection with importation, in excess of those imposed on the day of the signature of this Agreement or required to be imposed thereafter under laws of the United States of America in force on the day of the signature of this Agreement.

No excess duty, etc.

Schedule II and the notes included therein shall have full force and effect as integral parts of this Agreement.

Schedule II included in Agreement.

ARTICLE V

The provisions of Articles III and IV of this Agreement shall not prevent the Government of either country from imposing on the importation of any product a charge equivalent to an internal tax imposed on a like domestic product or on a commodity from which the imported product has been manufactured or produced in whole or in part.

Internal taxation.

ARTICLE VI

Articles the growth, produce or manufacture of the United States of America or Canada shall, after importation into the other country, be exempt from all internal taxes, fees, charges or exactions other or higher than those payable on like articles of national origin or any other foreign origin.

No excess charges.

The provisions of this Article in regard to granting of national treatment shall not affect the laws now in force in Canada whereby leaf tobacco, spirits, beer, malt and malt syrup imported from abroad are subject to special taxes, nor shall they affect the applicability to goods produced or manufactured in the United States of America of special excise taxes imposed under existing provisions of the Special War Revenue Act. In these respects, however, most-favored-nation treatment shall apply.

Provisions not affected.

ARTICLE VII

No prohibitions, import or customs quotas, import licenses, or any other form of quantitative regulation, whether or not operated in connection with any agency of centralized control, shall be imposed by the United States of America on the importation or sale of any article the growth, produce or manufacture of Canada enumerated and described in Schedule II, nor by Canada on the importation or sale of any article the growth, produce or manufacture of the United States of America enumerated and described in Schedule I, except as specifically provided for in the said Schedules.

No quantitative regulation imposed.

Post, p. 3977.

Post, p. 3968.

Exceptions.

The foregoing provision shall not apply to quantitative restrictions in whatever form imposed by either country on the importation or sale of any article the growth, produce or manufacture of the other country in conjunction with governmental measures operating to regulate or control the production, market supply, or prices of like domestic articles, or tending to increase the labor costs of production of such articles. Whenever the Government of either country proposes to establish or change any restriction authorized by this paragraph, it shall give notice thereof in writing to the other Government and shall afford such other Government an opportunity within thirty days after receipt of such notice to consult with it in respect of the proposed action; and if an agreement with respect thereto is not reached within thirty days following receipt of the aforesaid notice, the Government which proposes to take such action shall be free to

Notice to other of proposed changes.

Right to abrogate.

do so at any time thereafter, and the other Government shall be free within fifteen days after such action is taken to terminate this Agreement in its entirety on thirty days' written notice.

ARTICLE VIII

Treatment of Government monopolies.

In the event that the United States of America or Canada establishes or maintains a monopoly for the importation, production or sale of a particular commodity or grants exclusive privileges, formally or in effect, to one or more agencies to import, produce or sell a particular commodity, the Government of the country establishing or maintaining such monopoly, or granting such monopoly privileges, agrees that in respect of the foreign purchases of such monopoly or agency the commerce of the other country shall receive fair and equitable treatment. To this end it is agreed that in making its foreign purchases of any product such monopoly or agency will be influenced solely by those considerations, such as price, quality, marketability, and terms of sale, which would ordinarily be taken into account by a private commercial enterprise interested solely in purchasing such product on the most favorable terms.

ARTICLE IX

Advantages provided, subject to equitable share in allotment of exchange.

The tariff advantages and other benefits provided for in this Agreement are granted by the United States of America and Canada to each other subject to the condition that if the Government of either country shall establish or maintain, directly or indirectly, any form of control of foreign exchange, it shall administer such control so as to insure that the nationals and commerce of the other country will be granted a fair and equitable share in the allotment of exchange.

With respect to the exchange made available for commercial transactions, it is agreed that the Government of each country shall be guided in the administration of any form of control of foreign exchange by the principle that, as nearly as may be determined, the share of the total available exchange which is allotted to the other country shall not be less than the share employed in a previous representative period prior to the establishment of any exchange control for the settlement of commercial obligations to the nationals of such other country.

Mutual consideration.

The Government of each country shall give sympathetic consideration to any representations which the other Government may make in respect of the application of the provisions of this Article.

ARTICLE X

Modification where rate of exchange prejudicial.

In the event that a wide variation occurs in the rate of exchange between the currencies of the United States of America and Canada, the Government of either country, if it considers the variation so substantial as to prejudice the industries or commerce of the country, shall be free to propose negotiations for the modification of this Agreement; and if an agreement with respect thereto is not reached within thirty days following receipt of such proposal, the Government making such proposal shall be free to terminate this Agreement in its entirety on thirty days' written notice.

ARTICLE XI

Mutual adjustment of terms.

In the event that the Government of either country adopts any measure which, even though it does not conflict with the terms of this

Agreement, is considered by the Government of the other country to have the effect of nullifying or impairing any object of the Agreement, the Government which has adopted any such measure shall consider such representations and proposals as the other Government may make with a view to effecting a mutually satisfactory adjustment of the matter.

Customs, etc.

The Government of each country will accord sympathetic consideration to, and when requested will afford adequate opportunity for consultation regarding, such representations as the other Government may make with respect to the operation of customs regulations, quantitative restrictions or the administration thereof, the observance of customs formalities, and the application of sanitary laws and regulations for the protection of human, animal, or plant life.

Sanitary, etc., regulations.

In the event that the Government of either country makes representations to the Government of the other country in respect of the application of any sanitary law or regulation for the protection of human, animal, or plant life, and if there is disagreement with respect thereto, a committee of technical experts on which each Government will be represented shall, on the request of either Government, be established to consider the matter and to submit recommendations to the two Governments.

ARTICLE XII

Gold or silver.

Nothing in this Agreement shall be construed to prevent the adoption of measures prohibiting or restricting the exportation or importation of gold or silver, or to prevent the adoption of such measures as either Government may see fit with respect to the control of the export or sale for export of arms, ammunition, or implements of war, and, in exceptional circumstances, all other military supplies.

War munitions.

No discriminations respecting designated provisions.

Subject to the requirement that there shall be no arbitrary discrimination by either country against the other country in favor of any third country where similar conditions prevail, the provisions of this Agreement shall not extend to prohibitions or restrictions (1) imposed on moral or humanitarian grounds; (2) designed to protect human, animal or plant life; (3) relating to prison-made goods; (4) relating to the enforcement of police or revenue laws; (5) directed against misbranding, adulteration, and other fraudulent practices, such as are provided for in the pure food and drug laws of either country; and (6) directed against unfair practices in import trade.

ARTICLE XIII

Provisions not to apply to Philippine Islands, etc.

Except as otherwise provided in the second paragraph of this Article, the provisions of this Agreement relating to the treatment to be accorded by the United States of America and Canada, respectively, to the commerce of the other country, shall not apply to the Philippine Islands, the Virgin Islands, American Samoa, the Island of Guam or to the Panama Canal Zone.

Commerce between possessions.

The provisions of this Agreement regarding most-favored-nation treatment shall apply to articles the growth, produce or manufacture of any territory under the sovereignty or authority of the United States of America or Canada, imported from or exported to any territory under the sovereignty or authority of the other country. It is understood, however, that the provisions of this paragraph do not apply to the Panama Canal Zone.

Canal Zone excepted.

U. S. trade with its possessions, Canal Zone, and Cuba.

The advantages now accorded or which may hereafter be accorded by the United States of America, its territories and possessions and

the Panama Canal Zone exclusively to one another or the Republic of Cuba shall be excepted from the operation of this Agreement. The provisions of this paragraph shall continue to apply in respect of any advantages now or hereafter accorded by the United States of America, its territories or possessions or the Panama Canal Zone to the Philippine Islands irrespective of any change in the political status of the Philippine Islands.

Trade of Canada with other British possessions.

The advantages now accorded or which may hereafter be accorded by Canada exclusively to other territories under the sovereignty of His Majesty the King of Great Britain, Ireland, and the British dominions beyond the Seas, Emperor of India, or under His Majesty's suzerainty or protection, shall be excepted from the operation of this Agreement.

ARTICLE XIV

Right to withdraw concessions reserved.

EXCHANGE OF NOTES BETWEEN THE SECRETARY OF STATE OF THE UNITED STATES OF AMERICA AND THE CHARGÉ D'AFFAIRES AD INTERIM OF THE DOMINION OF CANADA

The Secretary of State (Hull) to the Chargé d'Affaires ad interim of the Dominion of Canada (Wrong)

DEPARTMENT OF STATE,
Washington, November 15, 1935.

SIR:

With reference to Article XIII of the Trade Agreement signed this day between the United States and Canada, the Government of the United States, as an exceptional measure, will refrain from claiming any advantages now accorded or which may hereafter be accorded by Canada exclusively to territories under His Majesty's mandate and administered as integral portions of territory under His Majesty's sovereignty. Exchange of Notes.

Accept, Sir, the renewed assurances of my high consideration.

CORDELL HULL

Mr. HUME WRONG,
Chargé d'Affaires ad interim of Canada.

The Chargé d'Affaires ad interim of the Dominion of Canada (Wrong) to the Secretary of State (Hull)

No. 159:

CANADIAN LEGATION,
Washington, November 15, 1935.

SIR:

At the moment of signature of the Trade Agreement between Canada and the United States of America, I am directed by the Secretary of State for External Affairs to state for the information of your Government that it is the intention of His Majesty's Government in Canada to invite Parliament at its next session to enact legislation amending the provisions of the Customs Act presently fixing the methods of determining the value of merchandise for duty purposes, as a step toward the realization of their declared objective of eliminating arbitrary executive interference with the normal courses of trade. They propose, at the first opportunity, to press forward with the reform of the administrative provisions of the Customs Act with this end in view, and believe that the modifications which they have had in mind and which have been discussed with representatives of your Government will stabilize and safeguard the value of the mutual concessions in rates of duty incorporated in today's Agreement.

In revising the methods of determining the value of merchandise for duty purposes the following principles, among others, will be incorporated in the contemplated amendments to the Customs Act of Canada:

(*a*) The value for duty established under authority of Section 36(2) will not include an advance for selling cost or profit greater than that which in the ordinary course of business under normal conditions of trade, is added, in the case of goods similar to the particular goods under consideration, by manufacturers or producers of goods of the same class or kind in the country of export.

(*b*) No rate of discount established under Section 37 will operate to increase the value for duty of any goods beyond the price at which such or similar goods are freely offered for sale to purchasers at the time and place of shipment in the country of export, in the usual quantities and in the ordinary course of trade.

(*c*) In the case of any value for duty which may be established under authority of Section 43, other than those provided for in Schedule I of the Trade Agreement signed today, opportunity will be afforded for appeal to the Tariff Board respecting any such value in order to ascertain and make public the finding whether, to what extent, and for what period, such value may be required to prevent the importation of the goods into Canada from prejudicially or injuriously affecting the interests of Canadian manufacturers and producers.

(*d*) In interpreting the words "of a class or kind made or produced in Canada", provision will be made to make it clear that the phrase "made or produced in Canada" in this context means "made or produced in Canada in commercial quantities" and arrangements will be made for giving adequate notice of the transfer, for customs purposes, of a product from the category "not of a class or kind made or produced in Canada" to the category "of a class or kind made or produced in Canada."

Pending the entry into force of amendments to the Customs Act incorporating the substance of the foregoing principles, the competent Departments of the Canadian Government will, to the extent of their administrative discretion, give the fullest possible effect to these general principles in the administration of the Act.

In the meantime, and pending the entry into force of the legislative changes foreshadowed in this Note, the Canadian Government are prepared as from the 1st January 1936, to cancel the values for duty purposes, established under authority of Section 43 of the Customs Act of Canada and now applicable to the undermentioned goods, the produce or manufacture of the United States, on importation into Canada:

Meats, fresh, prepared or preserved
Eggs, frozen, desiccated, powdered, etc.
Loganberries, dried
Slack cooperage stock

Lime
Doors of hardwood
Women's and children's clothing
Fabrics of cotton or of artificial silk
Fringes, gimps and tassels
Electric light fixtures; lamps and shades
Roses, cut
Canned asparagus
Eggs in the shell
Baby chicks
Peas, dried
Beans, dried
Market poultry
Livestock
Canned salmon
Sugar of milk

I am further directed to state that the Canadian Government propose to invite Parliament to permit the entry free of duty and charges of incidental purchases by residents of Canada returning from the United States of America, not exceeding the value of one hundred dollars, under regulations, particularly as to the frequency of such entry and duration of visits, to be prescribed, for such time as treatment substantially equivalent to that now in effect is accorded by the Government of the United States of America to incidental purchases by residents of that country returning from Canada.

I have the honour to be, with the highest consideration, Sir,
Your most obedient, humble servant,

H. H. WRONG
Chargé d'Affaires

The Hon. CORDELL HULL,
Secretary of State of the United States,
Washington, D. C.

The Secretary of State (Hull) to the Chargé d'Affaires ad interim of the Dominion of Canada (Wrong)

DEPARTMENT OF STATE,
Washington, November 29, 1935.

SIR:

The receipt is acknowledged of your note No. 159 of November 15, 1935, which was handed to me on the occasion of the signing of the trade agreement between our two Governments and which informed me that, pursuant to the discussions between our respective representatives, the Canadian Parliament will be invited, at its next session, to enact legislation amending the provisions of the Customs Act presently fixing the methods of determining the value of merchandise for duty purposes.

As I informed Mr. Herridge in my note of December 27, 1934,[1] this question is considered of importance by the United States Government and I am therefore gratified to receive the assurances set forth in your note under acknowledgment. I wish to thank you particularly for your assurance that pending the entry into force of the legislation in question, the Canadian authorities will, to the extent of their administrative discretion, give the fullest possible effect to the principles agreed upon.

It is also noted with appreciation that in accordance with our recent understanding, the Canadian Parliament will be invited to permit, under regulation, the entry free of duty and charges of incidental purchases by residents of Canada returning from the United States, not exceeding one hundred dollars in value.

Accept, Sir, the renewed assurances of my high consideration.

CORDELL HULL

Mr. HUME WRONG,

I have the honor to make the following statement of my understanding of the agreement reached through recent conversations held at Washington by representatives of the Government of the United States of America and the Government of the Republic of Ecuador with reference to the treatment which the United States of America shall accord to the commerce of the Republic of Ecuador and which the Republic of Ecuador shall accord to the commerce of the United States of America.

1. These conversations have disclosed a mutual understanding between the two Governments which is that, in respect to import, export and other duties and charges affecting commerce, as well as in respect to transit, warehousing and other facilities, the United States of America will accord to the Republic of Ecuador and the Republic of Ecuador will accord to the United States of America, its territories and possessions, unconditional most-favored-nation treatment.

2. Accordingly, it is understood that with respect to customs duties or charges of any kind imposed on or in connection with importation or exportation, and with respect to the method of levying such duties or charges, and with respect to all rules and formalities in connection with importation or exportation, and with respect to all laws or regulations affecting the sale or use of imported goods within the country, any advantage, favor, privilege or immunity which has been or may hereafter be granted by the United States of America or the Republic of Ecuador to any article originating in or destined for any third country, shall be accorded immediately and unconditionally to the like article originating in or destined for the Republic of Ecuador or the United States of America, respectively.

3. It is understood that the advantages now accorded or which may hereafter be accorded by the United States of America, its territories or possessions, the Philippine Islands, or the Panama Canal Zone to one another or to the Republic of Cuba shall be excepted from the operation of this agreement.

4. Nothing in this agreement shall be construed as a limitation of the right of either country to impose on such terms as it may see fit prohibitions or restrictions (1) imposed on moral or humanitarian grounds; (2) designed to protect human, animal or plant life; (3) relating to prison-made goods; (4) relating to the enforcement of police or revenue laws; or (5) relating to the control of the export or sale for export of arms, ammunition, or implements of war, and, in exceptional circumstances, all other military supplies.

5. The present agreement becomes operative on this twelfth day of June, 1936, and shall continue in force until superseded by a more comprehensive commercial agreement or by a definitive treaty of commerce and navigation, or until denounced by either country by advance written notice of not less than thirty days.

Accept, Sir, the renewed assurances of my highest consideration.

CORDELL HULL

The Honorable
Capitán COLÓN ELOY ALFARO,
Minister of Ecuador.

The Ecuadoran Minister (Alfaro) to the Secretary of State (Hull)[1]

Nº 16

LEGACION DEL ECUADOR,
Washington, 12 de Junio de 1936.

SEÑOR SECRETARIO:

Tengo el honor de hacer la declaración siguiente de mi interpretación del acuerdo a que se ha llegado por medio de las conversaciones recientemente tenidas en Washington por representantes del Gobierno de los Estados Unidos de América y del Gobierno de la República del Ecuador, relativas al tratamiento que los Estados Unidos de América acordará al comercio de la República del Ecuador y que la República del Ecuador acordará al comercio de los Estados Unidos de América.

1. Estas conversaciones han demostrado una mutua inteligencia entre los dos Gobiernos, esto es que, con respecto a derechos de importación, exportación y otros impuestos y tasas que afectan al comercio, así como respecto a tránsito, bodegaje y otras facilidades, los Estados Unidos de América acordarán a la República del Ecuador y la República del Ecuador acordará a los Estados Unidos de América, a sus territorios y posesiones, al tratamiento incondicional de la nación más favorecida.

[1] The text of this note in translation is identic with the text of the note of the Secretary of State, salutation and closing paragraph excepted.—EDITOR.

2. En consecuencia queda entendido que, con respecto a los derechos o tasas de aduana de cualquier clase, impuestos sobre la importación o la exportación o en relación con las mismas, y con respecto al método adoptado en la imposición de tales derechos o tasas, y con respecto a todas las reglas y formalidades en conexión con la importación o exportación, y con respecto a todas las leyes o reglamentaciones que afectan la venta o uso dentro del país de artículos importados, cualquier ventaja, favor, privilegio o inmunidad que hubieren concedido o pudieren conceder en el futuro los Estados Unidos de América o la República del Ecuador a cualquier artículo originario de o destinado a cualquier tercer país, serán inmediatamente e incondicionalmente concedidos al artículo similar originario de o destinado a la República del Ecuador o a los Estados Unidos de América, respectivamente.

3. Queda entendido que las ventajas ahora concedidas o que en el futuro se concedieren por los Estados Unidos de América, sus territorios o posesiones, las Islas Filipinas, o la Zona del Canal de Panamá, entre sí, o a la República de Cuba serán exceptuadas de los efectos de este Convenio.

4. Nada en este Convenio será interpretado como una limitación al derecho de cualquiera de los dos países para imponer, en los términos que crean convenientes, prohibiciones o restricciones (1) basadas sobre principios morales o humanitarios; (2) tendientes a proteger la vida del hombre, de los animales o de las plantas; (3) relativas a los artículos que se fabrican en las prisiones; (4) relativas a la ejecución de leyes policiales o de recaudación; o (5) relativas al control de la exportación o venta para exportación de armas, municiones, o instrumentos de guerra, y, en circunstancias excepcionales, de todo otro material de guerra.

5. El presente Convenio principiará a surtir sus efectos el día doce de Junio de mil novecientos treinta y seis y continuará en vigencia hasta que sea sustituido por un Convenio Comercial más amplio, o por un Tratado definitivo de Comercio y Navegación, o hasta que sea denunciado por cualquiera de los dos países, por medio de un aviso escrito con anticipación de treinta días por lo menos.

Aprovecho la oportunidad para renovar a Vuestra Excelencia el testimonio de mi más alta y distinguida consideración.

C. E. ALFARO

Al Excelentísimo señor don CORDELL HULL
Secretario de Estado
